“The U.S. Secret Service, in coordination with the U.S. Park Police, is announcing the closure of the areas in and around the White House complex. These closures are in an effort to maintain the necessary security measures surrounding the White House complex, while also allowing for peaceful demonstration. Security fencing has been erected and the areas are clearly marked. The areas, including the entire Ellipse and its side panels, roadways and sidewalks, E Street and its sidewalks between 15th and 17ths Streets, First Division Monument and State Place, Sherman Park and Hamilton Place, Pennsylvania Avenue between 15th and 17th streets, and all of Lafayette Park, will remain closed until June 10.”

Subject: Statement from United States Park Police - Released This Evening..
Statement from United States Park Police acting Chief Gregory T. Monahan about the actions taken over the weekend to protect life and property

Date: June 2, 2020
Contact: uspp_pio@nps.gov

The United States Park Police (USPP) is committed to the peaceful expression of First Amendment rights. However, this past weekend’s demonstrations at Lafayette Park and across the National Mall included activities that were not part of a peaceful protest, which resulted in injuries to USPP officers in the line of duty, the destruction of public property and the defacing of memorials and monuments. During four days of demonstrations, 51 members of the USPP were injured; of those, 11 were transported to the hospital and released and three were admitted.

Multiple agencies assisted the USPP in responding to and quelling the acts of destruction and violence over the course of the weekend in order to protect citizens and property.

On Monday, June 1, the USPP worked with the United States Secret Service to have temporary fencing installed inside Lafayette Park. At approximately 6:33 pm, violent protestors on H Street NW began throwing projectiles including bricks, frozen water bottles and caustic liquids. The protestors also climbed onto a historic building at the north end of Lafayette Park that was destroyed by arson days prior. Intelligence had revealed calls for violence against the police, and officers found caches of glass bottles, baseball bats and metal poles hidden along the street.

To curtail the violence that was underway, the USPP, following established policy, issued three warnings over a loudspeaker to alert demonstrators on H Street to evacuate the area. Horse mounted patrol, Civil Disturbance Units and additional personnel were used to clear the area. As many of the protestors became
more combative, continued to throw projectiles, and attempted to grab officers’ weapons, officers then employed the use of smoke canisters and pepper balls. No tear gas was used by USPP officers or other assisting law enforcement partners to close the area at Lafayette Park. Subsequently, the fence was installed.

Throughout the demonstrations, the USPP has not made any arrests. The USPP will always support peaceful assembly but cannot tolerate violence to citizens or officers or damage to our nation’s resources that we are entrusted to protect.
