Re: Freedom of Information Act Request No. 2020USMS35485
Subject: Deployment of Federal Law Enforcement personnel

Dear Requester:

The United States Marshals Service (USMS) is responding to your Freedom of Information Act (FOIA) request for documents and communications from June 2, 2020 to the present that explain or pertain to:

1. The decision to deploy federal law enforcement agents, officers, or other personnel in response to the ongoing protests over racial justice in Portland, Oregon and Chicago, Illinois;
2. Any decisions or plans to deploy federal law enforcement agents, officers, or other personnel in response to the ongoing protests over racial justice in Albuquerque, New Mexico; Baltimore, Maryland; Detroit, Michigan; Kansas City, Missouri; New York City; Oakland, California; and Philadelphia, Pennsylvania;
3. Any policies to which law enforcement officers under the auspices of ATF are bound governing the treatment of protesters in the above-mentioned cities.

Pursuant to your request, the USMS conducted a search for responsive records in the Office of the Director, the Judicial Security Division, the Tactical Operations Division, the Investigative Operations Division, and the Information Technology Division. These searches located 2231 pages of responsive documentation. 112 of these pages are withheld in their entirety pursuant to Exemptions (b)(5), (b)(6), (b)(7)(a), (b)(7)(c), (b)(7)(e), and/or (b)(7)(f) of the FOIA. The remaining 2119 pages are released to you with portions withheld pursuant to Exemptions (b)(5), (b)(6), (b)(7)(C), (b)(7)(E), and (b)(7)(F) of the FOIA, 5 U.S.C. § 552(b).

Please note that in this release you will see portions of email records labeled “duplicate of previous email.” This notation was made as this release involves large amounts of duplicate email chains. In order to expedite the release of documents to you, the USMS FOIA Office

marked certain emails as "Duplicate of Previous Email"; these emails have been fully processed in the preceding pages and can be located based on the subject line of each email and timestamp.

FOIA Exemption (b)(5) protects "inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency." 5 U.S.C. § 552(b)(5) (2006 & Supp. IV 2010). The three primary, most frequently invoked privileges that are incorporated into Exemption 5 are the deliberative process privilege, the attorney work-product privilege, and the attorney-client privilege. The deliberative process privilege protects the integrity of decision-making practices within an agency by exempting from mandatory disclosure opinions, conclusions, and recommendations included within non-final inter-agency or intra-agency memoranda or letters. Public release of internal, pre-decisional communications could discourage the expression of candid opinions among agency personnel. Employee trepidation regarding public release of internal agency communications and draft documents could inhibit the free and frank exchange of information among agency personnel. The purpose of the deliberative process privilege is to prevent injury to the quality of agency decisions. NLRB v. Sears, Roebuck & Co., 421 U.S. 132, 151 (1975). Furthermore, the attorney-client privilege applies as the emails and their attached documents contain confidential communications between an attorney and his client relating to a legal matter for which the client sought advice. This privilege applies to facts that are communicated to the attorney and encompasses the opinions given by the attorney based upon those facts. Attorney-client communications are safeguarded from disclosure in order to encourage a full discussion between the client and his agency counsel. The attorney-client privilege recognizes that sound legal advice depends upon a lawyer being completely informed by his client. If these communications were disclosed, this could have an adverse, quieting effect on interactions and communications between agency employees and legal counsel.

FOIA Exemption (b)(6) allows an agency to withhold personnel, medical, and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. Records that apply to or describe a particular individual, including investigative records, qualify as "personnel," "medical," or "similar files" under Exemption 6. FOIA Exemption (b)(7)(C) protects records or information compiled for law enforcement purposes to the extent that the production of such records or information could reasonably be expected to constitute an unwarranted invasion of personal privacy. A discretionary release of such records is not appropriate. See United States Department of Justice (DOJ) v. Reporters Committee for Freedom of the Press, 489 U.S. 749 (1989).

FOIA Exemption (b)(7)(F) protects law enforcement information that "could reasonably be expected to endanger the life or physical safety of any individual." 5 U.S.C. § 552(b)(7)(F) (2006), amended by OPEN Government Act of 2007, Pub. L. No. 110175, 121 Stat. 2524. Courts have routinely upheld the use of Exemption (b)(7)(F) to protect the identities of law enforcement agents, as well as protect the names and identifying information of non-law enforcement federal employees, local law enforcement personnel, and other third persons in connection with particular law enforcement matters. See Rugiero v. DOJ, 257 F.3d 534, 552 (6th Cir. 2001); Johnston v. DOJ, No. 97-2173, 1998 WL 518529, *1 (8th Cir. Aug. 10, 1998).

Accordingly, the personally identifiable information of law enforcement officers and government employees was withheld from the responsive documentation. The disclosure of such sensitive information contained in records compiled for law enforcement purposes to the public could subject law enforcement officers and other government personnel to harassment and unwelcome contact. This could disrupt and impede official agency activity, as well as endanger the safety of law enforcement officials. Additionally, the personally identifiable information of third parties named in the records was withheld. The disclosure of third party information could

constitute an unwarranted invasion of personal privacy and subject the individuals to embarrassment, harassment, and undue public attention. Individuals have a recognized privacy interest in not being publicly associated with law enforcement investigations, not being associated unwarrantedly with alleged criminal activity, and controlling how communications about them are disseminated.

FOIA Exemption (b)(7)(A) withholds from public release "records or information compiled for law enforcement purposes, but only to the extent that production of such law enforcement records or information . . . could reasonably be expected to interfere with enforcement proceedings." See 5 U.S.C. § 552(b)(7)(A) (2006), amended by OPEN Government Act of 2007, Pub. L. No. 110175, 121 Stat. 2524. Exemption (b)(7)(A) permits withholding of information when a law enforcement proceeding is pending or prospective and release of information pertaining to the open investigation could reasonably be expected to cause some articulable harm. This exemption may be invoked when an agency retains oversight over an investigatory matter or some other continuing enforcement-related responsibility. See Alaska Pulp Corp. v. NLRB, No. 90-1510D, slip op. at 2 (W.D. Wash. Nov. 4, 1991); Erb v. DOJ, 572 F. Supp. 954, 956 (W.D. Mich. 1983); ABC Home Health Servs. v. HHS, 548 F. Supp. 555, 556, 559 (N.D. Ga. 1982); Timken v. U.S. Customs Serv., 531 F. Supp. 194, 199-200 (D.D.C. 1981). The phrase "law enforcement purpose" includes civil, criminal, and administrative regulations an agency is tasked with enforcing. See Rosenglick v. IRS, No. 97-747, 1998 U.S. Dist. LEXIS 3920, at *6 (M.D. Fla. Mar. 10, 1998).

Finally, FOIA Exemption (b)(7)(E) exempts from release information that would disclose law enforcement techniques or procedures, the disclosure of which could reasonably be expected to risk circumvention of the law. Public disclosure of law enforcement techniques, procedures, and equipment could allow people seeking to violate the law to take preemptive steps to counter actions taken by USMS during investigatory operations. Information pertaining to investigatory methods are law enforcement techniques and procedures that are not commonly known. The disclosure of this information serves no public benefit and would have an adverse impact on agency operations.

For your information, Congress excluded three discrete categories of law enforcement

and national security records from the requirements of the FOIA. See 5 U.S.C. 552(c) (2006 & Supp. IV (2010)). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

If you are not satisfied with the United States Marshals Service (USMS) determination in response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account on the following website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within 90 days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal."

You may also contact Charlotte Luckstone or our FOIA Public Liaison at (703) 740-3943 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. I think this is a great idea and ran it by our headquarters. If you can specifically state that DHS will not seek reimbursement from DOJ for services rendered by Specially Deputized DHS LEOs, we can begin to process special deputation applications immediately (apparently this was a problem in DC). If it's a request by FPS for DHS personnel to help you in your courthouse security mission, it shouldn't be a problem.

(b) (6), (b) (7)(C), (b) (7)(F) and I just got off the phone with (b) (6), (b) (7)(C), (b) (7)(F) at PPB and asked if Hatfield could remain in the fenced exclusion zone. They do not have the manpower to do anything but defend the justice center at this point, and can't get mutual aid. I advised him that our front porch would become the rallying point for protesters, and got them to agree to fence

at the curb in front of Hatfield from Main to Salmon. This will provide a barrier, but if it is breached they do not have the manpower to respond. I told him we will have a team in the building to repel any attempts to get inside, but they would not respond outside the building.

The other problem PPB has is they are running low on munitions so if you know of a source that would be helpful.

We've been dealing directly with (b) (6), (b) (7)(C) from the ODAG. The mission is civil disturbance related to maintaining order. It's a DHS mission however, if they had the authority to protect the federal courthouse and other government icons, I do not think they would be seeking deputation. What was the process for the last group of deputations ?

Executive Summary National Demonstrations Related to George Floyd Incident

June 5, 2020

Topic: National Demonstrations Related to George Floyd Incident- Special Deputations.

Background : The May 25, 2020 death of George Floyd, Minneapolis, Minnesota, and the subsequent video circulating on social media depicting a police officer kneeling on Floyd's neck on the ground while Floyd stated he couldn't breathe has sparked nationwide protests this week. Some of these protests have turned confrontational and has led to looting, arson, and riots, and calls for violence against law enforcement officers.

To address the civil unrest occurring across the nation and support the DOJ mission to protect the rule of law throughout the country the USMS has received requests to deputize federal, state, local, tribal law enforcement officers and National Guardsman.

Current Status

Special Deputations are approved by DOJ and conferred by the USMS, it grants an individual authority to perform federal law enforcement functions to support USMS missions or to achieve law enforcement objectives.

The Following individuals can approve exemptions to 17.11 *Special Deputations Program*

- Deputy Attorney General (DAG)
- Director
- Deputy Director
- Associate Director for Operations
- Associate Director for Administration
- Assistant Director (AD), TOD
- The Deputy Assistant Director (DAD), TOD

Under USMS policy 17.11 *Special Deputations Program*, The Posse Comitatus Act precludes most military personnel from being deputized. Members of the United States Army, United States Air Force, United States Navy, United States Marine Corps, and their respective reserve components cannot be deputized. However, United States Coast Guard and National Guard service members are exempt from this restriction.

5. Special Deputation Eligibility Requirements

Special Deputation Eligibility Requirements: In order to be qualified for Special Deputation, an applicant must:

Criteria	USMS Position	Justification
Be a United States citizen	Mandatory	(b) (5)
Be employed by a federal, state, local, or tribal law enforcement agency, or an agency approved by the Department of Justice (DOJ);	Mandatory	
Have successfully completed a basic law enforcement training program. If deputation is requested to participate in a protection detail, proof of protective detail training is also required. If deputation is requested for personal protection, some basic firearms training is required.	Mandatory	
Possess at least 1 year of law enforcement experience with an agency that has general arrest authority	Flexible	This requirement is flexible.
Have no domestic violence convictions as defined in 18 USC 922(g)(9) (the Lautenberg Amendment);	Required by law	18 USC 922g defines an individual convicted of domestic violence related offenses as a prohibited person.

Sir,

Cleaned up the TP's some based on discussion this morning. Have also attached 2x charts that illustrate the increase in workload (Prisoner Productions and Class I Warrants) and the corresponding decrease in personnel resources.

Let me know if you want me to pull together any additional information.

(b) (6), (b) (7)(C), (b) (7)(F)

The D/OR facility security committee met this morning via conference call to talk about a permanent hardened fence/barrier at the front of the Hatfield Courthouse to protect the facility against the violent protests that have been occurring nightly, and to harden the facility for future protests.

The meeting was attended by all of the tenants including the USMS, US Attorney's office, US Probation, Pretrial Services, GSA, and the Courts and the decision to explore erecting a fence/barrier was unanimous, although the decision to proceed with a project could not be made without estimates and headquarters approval from each component.

The FSC directed GSA to work with their Architect to develop design and construction cost estimates. (b) (5)

As you know we have had a security team in the Hatfield Courthouse each night but we are not going to be able to sustain what we currently have in place much longer. (b) (7) Border Patrol agents left today, and (b) (7) BOP members will be leaving over the next day or two, as will the (b) (7)(E) members detailed to the D/OR. (b) (5), (b) (7)(E)

(b) (5)

Thank you for all you and your team are doing to support us, we really appreciate it!

Hi (b) (6), (b) (7)

The barrier/fence would be for the Hatfield courthouse. We need to take the idea to the Facility Security Committee

to make sure everyone is ok with the installation before we can move. The GSA POC is (b) (6), (b) (7)(C) Email (b) (6), (b) (7)(C). I have not discussed this with (b) (6), (b) (7)(C) yet.

Am I correct that this permanent barrier would be for the Hatfield courthouse?

Can you tell me who your POC is with our agency and who is the GSA POC? I need to gather some information to see what we can do to assist with this permanent barrier. Thanks.

Quick update from my call with USM Burger after his meeting today with Portland Federal and Local LE leaders:

(b) (7)(E)

[Redacted]

[Redacted]

[Redacted]

4) Portland PD feels they are gaining support of city council members who are also coming to the same realization...PPD is greatly appreciative of all the federal support as their personnel have been working non stop

5) Operations will continue through next Monday and reevaluate then, if not before, depending if rioters continue or dwindle...it was reiterated that this is not a resilient group and seem to disperse at the first sign of LE arrest activity

Thanks
Derrick

Sir

Below are the questions I sent to Russ Burger last night and his overall responses... (b) (5), (b) (7)(E)
[REDACTED] but don't want our folks performing "riot patrol/standing the line". There's a meeting w/ all of the Feds on Monday w/ the USA leading the way.. (b) (5), (b) (7)(E)
[REDACTED]

1) Original Questions from Driscoll

- How many folks have been arrested for damage to federal property and assaulting federal officers (especially the courthouse) in Portland?
- Are related charges being pursued by the USA?
- Are there any additional/plausible federal crimes that we can work with the USA to charge?
- Is the courthouse closed because of the "protests" or is it conducting business during the day?

2) Response from USM Burger

(b) (7)(E) arrested one individual Friday night for felony property damage to the Hatfield federal courthouse (He broke out the glass front doors of Hatfield)...They also took a female into custody for igniting fireworks, but it was later determined she was attempting to put them out and she was released. Other than that, the only other arrests for Federal charges were by FPS very early - 4 weeks ago. They have not had a presence to assist us for the last 3 weeks and finally began helping again 2 nights ago. They have (b) (7)(E) in town to assist us through the weekend.

-The FBI stood up a task force to begin reviewing video to start making cases against rioters, looters, and agitators a couple weeks ago. The Chief and I have been to their offices and have been in daily communication with the SAC and US Attorney. There is a meeting Monday afternoon at the FBI that includes the US Attorney, me, the Multnomah County Sheriff, and the Chief of Police to go over the cases they have made and will be bringing forward. I believe it is about 20 of the main agitators. The USA gave us the green light to arrest individuals who throw projectiles at our members for felony assault on a PO. Anyone pointing lasers at our Deputies can be charged with Misd. Assault on a PO. On the first night of the protests the Justice Center across the street that houses the Portland Police Bureau and the Multnomah County Jail was breached and a fire was started on the first floor. Our guys arrested the arsonist on Wednesday after he was identified from video surveillance.

-The courthouse remains open for modified business with COVID-19 protocols in place during normal business hours but we are encouraging court staff to be out of the area of downtown by 1600 each night.

(b) (5)
[REDACTED]
[REDACTED] he Chief of Police was a Lieutenant 3 weeks ago and elevated to the position when the former Chief of police stepped down. He is well respected in the communities of color, but time will tell if he is able to have any influence on shutting down the criminal element that is showing up each night.

-A Federal judge granted a restraining order that prohibits the use of gas except under certain circumstances (life danger)(b) (5)
[REDACTED]

Thanks

Derrick

DEMONSTRATION AND CRIMINAL ACTIVITY OUTSIDE JUSTICE CENTER AND FEDERAL COURTHOUSE JULY 2, 2020 (PHOTO)

A group of a couple hundred demonstrators gathered near the Justice Center on July 2, 2020. The group blocked the streets, chanting and speaking for several hours. Several demonstrators shot off commercial grade fireworks during the speeches. The tenor of the group shifted when demonstrators broke in to the north side doors of the Justice Center located on Southwest Main Street. Soon after, the group moved back to Southwest 3rd Avenue and broke glass doors on the Federal Court House building.

Around 11:42 p.m., Federal officers inside the courthouse came outside to protect the integrity of their building. While federal officers were outside, demonstrators began launching projectiles at the officers with sling shots. These projectiles included large rocks, full cans, and bottles. Demonstrators also threw lit commercial grade fireworks, which landed inside the broken glass doors of the federal courthouse. Simultaneously, demonstrators began setting a fire nearby on Southwest Main Street.

The sound truck made an admonishment telling demonstrators that they must cease the criminal activity of throwing projectiles and fireworks. Demonstrators were also warned if they did not cease the illegal actions and back away from the building, they would be subject to use of force, to include crowd control munitions. Even though the demonstrators were given several warnings by the sound truck, their criminal actions continued.

To protect the life and safety of personnel both inside and outside of the Federal Court House, at 11:52 p.m., a riot was declared. The sound truck admonished the crowd letting demonstrators know a riot had been declared. Demonstrators were told they needed to leave the area to the south and west immediately. If demonstrators did not leave the area, they were subject to tear gas and crowd control munitions. The sound truck gave this admonishment several times, however, demonstrators continued to

stay in the area.

Officers began dispersing the crowd in an effort to move them from the immediate area. During this lawful action, the demonstrators were very hostile and violent towards officers. An open pocket knife was thrown at an officer, coming within inches from striking them. Demonstrators continued to throw large rocks and full cans, as well as shot off commercial grade fireworks towards officers. During this time, several arrests were made. Once demonstrators were at Southwest 6th Avenue and Southwest Main Street, officers disengaged the crowd.

Around 12:46 a.m., demonstrators returned to the west side of the federal courthouse. Once again, demonstrators were warned by the sound truck that the riot declaration was still in effect and they needed to leave the area. At this time, demonstrators started launching mortars towards the federal courthouse and a fire erupted inside of the building where the glass doors had been broken.

Because of this immediate life safety issue, officers once again began to disperse the crowd. As they dispersed the crowd, demonstrators continued to throw rocks, cans, and commercial grade fireworks and mortars towards officers. Because of the violent nature of the demonstrators while officers cleared the area, crowd control munitions were used and several arrests were made. As officers began to disengage the crowd at Southwest Main Street and Southwest Broadway Avenue, commercial grade fireworks were once again thrown at officers.

Several demonstrators trickled back in to the Lownsdale and Chapman Park but eventually dispersed over the next several hours.

No CS gas was used by Portland Police Bureau officers during this event.

Information on arrests is still being compiled and an updated release will be published when this information becomes available.

If anyone has information about criminal activity related to any of the recent demonstrations email CrimeTips@portlandoregon.gov.

Complete Summary table at the end of report

Background: D/OR - Portland

On 6/13/2020, violent demonstrations caused damage to the Hatfield US Courthouse.

Current Status:

USMS card reader that controls the vehicle sally port door was damaged. Additionally, the District is recommending installation of permanent barriers for the courthouse.

Issues:

The district has issued a Marshals Operations Courts (MOC) request to Johnson Controls to have the reader repaired or replaced. Regarding the installation of permanent barriers for the courthouse, the District will present the recommendation to the Facility Security Committee (FSC) for concurrence by other agencies for installation.

Implementation Plan:

The district is expecting Johnson Controls to respond today. USMS POC: (b) (6), (b) (7)(C), (b) (7)(F)

POC for the permanent barrier: USM Russel Burger; GSA POC: (b) (6), (b) (7)(C)

Executive Summary

National Demonstrations Related to George Floyd Incident

June 11, 2020

Topic: National Demonstrations Related to George Floyd Incident. Capture Event # 20-1390.

Background: The May 25, 2020, death of George Floyd, Minneapolis, Minnesota, and the subsequent video circulating on social media depicting a police officer kneeling on Floyd's neck on the ground while Floyd stated he couldn't breathe has sparked nationwide protests this week. Some of these protests have turned confrontational and has led to looting, arson, riots, and calls for violence against law enforcement officers.

USMS personnel have been asked to provide assistance to impacted areas. The TOD Office of Emergency Management has been asked to request, collect, and report up on the operational status/impact of those Districts/Divisions involved. The TOD Joint Operations Command Center (JOCC) has been activated and is ready to receive information and to provide assistance as needed.

Sir,

For your awareness from IMT regarding repairing the fence:

In reference to our earlier phone conversation, IMT spoke with FPS dayshift (b) (6), (b) (7)(C) indicated the following during their conversations;

1. A contractor just arrived on site (Hatfield) that will be adding additional weld reinforcement to the current fence structure – starting with the back sides of the building and working their way around.
2. A separate (2nd) contractor should be arriving on site (Hatfield) shortly that will be responsible for repairing the fence damage caused through last night's protest.
3. Lastly, they are hoping to add a second row of concrete jersey barriers that will be placed along the outside of the fence line. This portion is not 100% confirmed, however, they are trying to accomplish this by early evening.

I have asked AD Smith to keep me informed of their progress. Please let me know if anything further is needed.

Executive Summary

Demonstration Activities in Portland

July 26, 2020

Topic: Demonstration Activities in Portland.

Background: Weeks of protests have brought Portland, OR into the national spotlight as tensions rise amid call for racial justice and changes to policing. The city has seen nightly protests for nearly two months following the killing of George Floyd in Minneapolis. His death sparked a national movement and protests to address systemic racism.

USMS personnel have been asked to assist the District of Oregon. The TOD Office of Emergency Management has been asked to request, collect, and report up on the operational status/impact of those Districts/Divisions involved.

Current Status:

District of Oregon Updates:

- Approximately 6,000 violent opportunists (VOs) gathered outside the federal courthouse. VOs utilized tools and physical force to remove a large section of the perimeter fence. Mortar style commercial fireworks were thrown at law enforcement and launched at the building. Two DHS officers were injured. One mortar struck a window on the 7th floor, breaking the window. When FPS declared an unlawful assembly, tactical teams deployed from the courthouse to disperse the crowd.
- Federal officers made eight arrests.
- Portland Police Bureau responded to the unlawful assembly; however, they did not notify or coordinate their response with federal law enforcement.
- OMSU medics treated one protester.
- Contractors have arrived at the Courthouse to repair the damaged fence and provide additional weld reinforcement to the current structure. They are hoping to add a second row of concrete jersey barriers along the outside of the fence line.

Western Washington Updates:

- (b) (7)(E) and the DHS swat team have pulled out of Seattle to report to Portland. FPS will keep (b) (7)(E) officers with less lethal munitions to cover all six federal buildings.
- Two large protests are scheduled for this afternoon. No specific intelligence targeting the Courthouse.
- News that federal law enforcement is in Seattle has spread. Groups are forming to protest the federal presence to include: "wall of moms" and "wall of vets", urging mothers and veterans to come out on Saturday and protect the protestors like the groups in Portland. It is unclear how many plan to attend Saturday, but over a thousand are following.

Risks/Challenges:

- (b) (7)(E) [REDACTED]
- (b) (7)(E) continue to receive numerous high intensity laser strikes from violent opportunists during operations.

- Portland Federal Judge issued a TRO regarding against the USMS and federal defendants (20-cv-01035-SI).
- Violent offenders continue to attack the building with Molotov Cocktails, commercial grade fireworks, and start small fires using trash and readily available fuels.

Next Steps:

- Continue to protect life, Government property, and preserve access to the federal judicial system by defending against breach of the Courthouse by violent opportunists, performing limited firefighting with handheld extinguishers, rescue downed law enforcement officers, and arrest violent opportunists engaging in criminal activity around the Courthouse when the resources are available and it's safe to do so.
- Continue to receive and logistically support incoming USMS personnel.
- Continue to develop and fill ICS organization.
- (b) (7)(E) .
- Identify staging and rest locations within the Courthouse for night shift.

Sir

Sorry for the late email but still catching up a bit from today...From the ADO/JSD to aid in our discussion tomorrow, attached is the OPI report submitted last week that contains Portland Intel, to include known groups present, on pages 6-10. Additionally, below, OPI provided information on some strategies used previously against like groups:

Response to RFI –

1. Please provide a breakdown (to the extent possible) of what the group(s) in Portland are comprised of according to intelligence.

(b) (6), (b) (7)(C), (b) (7)(E), (b) (7)(F)

2. "Please provide a minimum of 2 examples of similar situations in the past and how the groups were dealt with. This does not have to be specific to the USMS, just specific to the types of destructive activity we are seeing in Portland."

- Occupy Movement –
 - The Occupy movement is an international progressive socio-political movement that expresses opposition to social and economic inequality and to the lack of "real democracy" around the world. It aims primarily to advance social and economic justice and new forms of democracy. The movement has had many different scopes, since local groups often had different focuses, but its prime concerns included how large corporations (and the global financial system) control the world in a way that disproportionately benefits a minority, undermines democracy and

causes instability.

- In 2009 and 2010, students across the University of California occupied campus buildings in protest against budget cuts, tuition hikes, and staff cutbacks that had resulted from the Great Recession of 2008. According to Dissent Magazine, "It was in the context of the California student movement that the slogan 'Occupy Everything, Demand Nothing' first emerged." The Huffington Post noted that "During one incident in March of 2010, 150 protesters were arrested for trying to occupy part of Interstate 80 in protest of the budget cuts and tuition hikes, displaying a banner that read 'Occupy everything,' while shutting down the roadway for an hour, and were crushed by the same kind of overwhelming police force that was later mobilized against Occupy encampments across the country." Adbusters editor Micah White, who designed the original Occupy Wall Street concept, traveled to California for the protests and took part in the occupation of Wheeler Hall. He wrote enthusiastically for Adbusters about the "revolutionary potential of [the students] struggle".
- The first Occupy protest to receive widespread attention, Occupy Wall Street in New York City's Zuccotti Park, began on 17 September 2011. By 9 October, Occupy protests had taken place or were ongoing in over 951 cities across 82 countries, and in over 600 communities in the United States. Although the movement became most active in the United States, by October 2011 Occupy protests and occupations had started in dozens of other countries across every widely inhabited continent. For the first month, overt police repression remained minimal, but this began to change by 25 October 2011, when police first attempted to forcibly remove Occupy Oakland. By the end of 2011 authorities had cleared most of the major camps, with the last remaining high-profile sites – in Washington, D.C. and in London – evicted by February 2012
- The occupy movement began with a commitment to nonviolence. By November 2011, media sources began to report an increase in violence, with allegations of sexual assault and incidents of violence from occupiers against the police, including one officer allegedly stabbed with scissors. In late January 2012, the movement's commitment to nonviolence was questioned after clashes with the police that saw about 400 arrests in the U.S. city of Oakland. Some protestors and witnesses said the police initiated the violence; others said there was violence against the police; however, they blamed black bloc anarchists and agents provocateurs. One protester who did not take part stated, "It was organized by a very militant anarchist segment of the movement; I support the idea of taking a building, especially for housing those who don't have housing. But I don't support it with the kind of triumphal attitude I saw expressed.
- January 2012 – Violent clashes with police in Oakland, CA. "On Saturday, according to an Occupy Oakland statement, protesters began a series of actions attempting to put 'a vacant building to better use,' which Mr. Anderson (Note: Occupy Oakland media team member Shake Anderson) acknowledges can be seen as trespassing. The site in question has been vacant for six years, according to the statement, which asserts that the Occupy group had voted to mount a nonviolent action to turn the space into a social center and headquarters of Occupy Oakland ... 'Officers were pelted with bottles, metal pipe, rocks, spray cans, improvised

explosive devices and burning flares,' the OPD release said, adding that police "deployed smoke and tear gas. "

- The Occupy movement that began in New York City in September 2011 has been celebrated as one that "changed America." Early assessments about the movement's impact are overstated. The movement was limited by an organizing philosophy that impaired its ability to articulate demands, build alliances and control militant elements. These problems were not unique to the Occupy movement. This experience is illustrative of larger difficulties in organizing protest against the long-term consequences of neoliberal economic reforms.
- Black Bloc –
 - A black bloc is a group of protesters who wear black clothing, ski masks, scarves, sunglasses, motorcycle helmets with padding, or other face-concealing and face-protecting items. The clothing is used to conceal wearers' identities and hinder criminal prosecution by making it difficult to distinguish between participants. It is also used to protect their faces and eyes from pepper spray, which is used by law enforcement during protests or civil unrest. The tactic allows the group to appear as one large unified mass. Black bloc participants are often associated with anarchism, anarcho-communism, libertarian socialism, anti-globalization movement or antifascism.
 - The tactic was developed in the 1980s in the European autonomist movement's protests against squatter evictions, nuclear power, and restrictions on abortion, as well as other influences. Black blocs gained broader media attention outside Europe during the 1999 Seattle WTO protests, when a black bloc damaged property of Gap, Starbucks, Old Navy, and other multinational retail locations in downtown Seattle.
 - Tactics of a black bloc primarily include vandalism of private property, rioting, and demonstrating without a permit. Tactics can also include use of defensive measures such as misleading the authorities, assisting in the escape of people arrested by the police ("un-arrests" or "de-arrests"), administering first aid to persons affected by tear gas, rubber bullets and other riot control measures in areas where protesters are barred from entering, building barricades, resisting the police, and practicing jail solidarity.[81][82][83] Property destruction carried out by black blocs tends to have symbolic significance: common targets include banks, institutional buildings, outlets for multinational corporations, gasoline stations, and video-surveillance cameras.
 - There may be several blocs within a particular protest, with different aims and tactics. As an ad hoc group, blocs often share no universally common set of principles or beliefs apart from an adherence to—usually—radical left or autonomist values, although some anarchist groups have called for the Saint Paul Principles to be adapted as a framework in which diverse tactics can be deployed. A few radical right-wing groups, like some of the "autonomous nationalists" of Europe or the Australian so-called "National-Anarchists" have adopted "black bloc" tactics and dress. The political scientist Nicholas Apoifis, in his ethnography

of anarchism in Athens, Greece, argues that black bloc action can constitute a form of prefigurative politics, due to its "flat and horizontal organizational structure, alongside its focus on solidarity."

- On occasion the Black Bloc has been successfully infiltrated by police forces. Generally, tactics employed against the Black Bloc reflect standard law enforcement crowd control tactics, techniques, and procedures.
- Red Army Faction aka the Baader–Meinhof Group or Baader–Meinhof Gang
 - The Red Army Faction (RAF) was a West German far-left militant organization founded in 1970. The West German/German government as well as most Western media and literature considered the RAF to be a terrorist organization. The RAF engaged in a series of bombings, assassinations, kidnappings, bank robberies and shoot-outs with police over the course of three decades. Their activity peaked in late 1977, which led to a national crisis that became known as the "German Autumn". The RAF has been held responsible for thirty-four deaths, including many secondary targets, such as chauffeurs and bodyguards, as well as many injuries throughout its almost thirty years of activity. Although better-known, the RAF conducted fewer attacks than the Revolutionary Cells, which is held responsible for 296 bomb attacks, arson and other attacks between 1973 and 1995. In total, the RAF killed 34 people,[9] and 27 members or supporters were killed.
 - The dissolution of the Soviet Union in late December 1991 was a serious blow to Leninist groups, but well into the 1990s attacks were still being committed under the name RAF. After German reunification in 1990, it was confirmed that the RAF had received financial and logistic support from the Stasi, the security and intelligence organization of East Germany. In 1992, the German government assessed that the RAF's main field of engagement now was missions to release imprisoned RAF members. To weaken the organization further the government declared that some RAF inmates would be released if the RAF refrained from violent attacks in the future. Subsequently, the RAF announced their intention to "de-escalate" and refrain from significant activity. The last action taken by the RAF took place in 1993 with a bombing of a newly built prison in Weiterstadt by overcoming the officers on duty and planting explosives. Although no one was seriously injured, this operation caused property damage amounting to 123 million Deutschmarks (over 50 million euros).
 - The last big action against the RAF took place on 27 June 1993. A Verfassungsschutz (internal secret service) agent named Klaus Steinmetz had infiltrated the RAF. As a result, Birgit Hogefeld and Wolfgang Grams were arrested in Bad Kleinen. Grams and GSG 9 officer Michael Newrzella died during the mission. Due to a number of operational mistakes involving the various police services, German Minister of the Interior Rudolf Seiters took responsibility and resigned from his post.
 - Different factors contributed to the decline of each subsequent generation of the RAF. Successful German police efforts played a critical role in thwarting the RAF's first generation. Lack of public support and recruits, due in large part to an

escalation of terrorist violence, hastened the decline of the second generation of the group. The third generation suffered from serious interorganizational strife, exacerbated by a government initiative that offered to release those RAF members from prison who renounced terrorism.

By the end of 2011 authorities had cleared most of the major camps, with the last remaining high-profile sites – in Washington, D.C. and in London – evicted by February 2012
- The occupy movement began with a commitment to nonviolence. By November 2011, media sources began to report an increase in violence, with allegations of sexual assault and incidents of violence from occupiers against the police, including one officer allegedly stabbed with scissors. In late January 2012, the movement's commitment to nonviolence was questioned after clashes with the police that saw about 400 arrests in the U.S. city of Oakland. Some protestors and witnesses said the police initiated the violence; others said there was violence against the police; however, they blamed black bloc anarchists and agents provocateurs. One protester who did not take part stated, "It was organized by a very militant anarchist segment of the movement; I support the idea of taking a building, especially for housing those who don't have housing. But I don't support it with the kind of triumphal attitude I saw expressed.
- January 2012 – Violent clashes with police in Oakland, CA. "On Saturday, according to an Occupy Oakland statement, protesters began a series of actions attempting to put 'a vacant building to better use,' which Mr. Anderson (Note: Occupy Oakland media team member Shake Anderson) acknowledges can be seen as trespassing. The site in question has been vacant for six years, according to the statement, which asserts that the Occupy group had voted to mount a nonviolent action to turn the space into a social center and headquarters of Occupy Oakland ... 'Officers were pelted with bottles, metal pipe, rocks, spray cans, improvised explosive devices and burning flares,' the OPD release said, adding that police "deployed smoke and tear gas."
- The Occupy movement that began in New York City in September 2011 has been celebrated as one that "changed America." Early assessments about the movement's impact are overstated. The movement was limited by an organizing philosophy that impaired its ability to articulate demands, build alliances and control militant elements. These problems were not unique to the Occupy movement. This experience is illustrative of larger difficulties in organizing protest against the long-term consequences of neoliberal economic reforms.
- Black Bloc –

- A black bloc is a group of protesters who wear black clothing, ski masks, scarves, sunglasses, motorcycle helmets with padding, or other face-concealing and face-protecting items. The clothing is used to conceal wearers' identities and hinder criminal prosecution by making it difficult to distinguish between participants. It is also used to protect their faces and eyes from pepper spray, which is used by law enforcement during protests or civil unrest. The tactic allows the group to appear as one large unified mass. Black bloc participants are often associated with anarchism, anarcho-communism, libertarian socialism, anti-globalization movement or antifascism.
- The tactic was developed in the 1980s in the European autonomist movement's protests against squatter evictions, nuclear power, and restrictions on abortion, as well as other influences. Black blocs gained broader media attention outside Europe during the 1999 Seattle WTO protests, when a black bloc damaged property of Gap, Starbucks, Old Navy, and other multinational retail locations in downtown Seattle.
- Tactics of a black bloc primarily include vandalism of private property, rioting, and demonstrating without a permit. Tactics can also include use of defensive measures such as misleading the authorities, assisting in the escape of people arrested by the police ("un-arrests" or "de-arrests"), administering first aid to persons affected by tear gas, rubber bullets and other riot control measures in areas where protesters are barred from entering, building barricades, resisting the police, and practicing jail solidarity.[81][82][83] Property destruction carried out by black blocs tends to have symbolic significance: common targets include banks, institutional buildings, outlets for multinational corporations, gasoline stations, and video-surveillance cameras.
- There may be several blocs within a particular protest, with different aims and tactics. As an ad hoc group, blocs often share no universally common set of principles or beliefs apart from an adherence to—usually—radical left or autonomist values, although some anarchist groups have called for the Saint Paul Principles to be adapted as a framework in which diverse tactics can be deployed. A few radical right-wing groups, like some of the "autonomous nationalists" of Europe or the Australian so-called "National-Anarchists" have adopted "black bloc" tactics and dress. The political scientist Nicholas Apoifis, in his ethnography of anarchism in Athens, Greece, argues that black bloc action can constitute a form of prefigurative politics, due to its "flat and horizontal organizational structure, alongside its focus on solidarity."
- On occasion the Black Bloc has been successfully infiltrated by police forces. Generally, tactics employed against the Black Bloc reflect standard law enforcement crowd control tactics, techniques, and procedures.
- Red Army Faction aka the Baader–Meinhof Group or Baader–Meinhof Gang
 - The Red Army Faction (RAF) was a West German far-left militant organization founded in 1970. The West German/German government as well as most Western media and

literature considered the RAF to be a terrorist organization. The RAF engaged in a series of bombings, assassinations, kidnappings, bank robberies and shoot-outs with police over the course of three decades. Their activity peaked in late 1977, which led to a national crisis that became known as the "German Autumn". The RAF has been held responsible for thirty-four deaths, including many secondary targets, such as chauffeurs and bodyguards, as well as many injuries throughout its almost thirty years of activity. Although better-known, the RAF conducted fewer attacks than the Revolutionary Cells, which is held responsible for 296 bomb attacks, arson and other attacks between 1973 and 1995. In total, the RAF killed 34 people,[9] and 27 members or supporters were killed.

- The dissolution of the Soviet Union in late December 1991 was a serious blow to Leninist groups, but well into the 1990s attacks were still being committed under the name RAF. After German reunification in 1990, it was confirmed that the RAF had received financial and logistic support from the Stasi, the security and intelligence organization of East Germany. In 1992, the German government assessed that the RAF's main field of engagement now was missions to release imprisoned RAF members. To weaken the organization further the government declared that some RAF inmates would be released if the RAF refrained from violent attacks in the future. Subsequently, the RAF announced their intention to "de-escalate" and refrain from significant activity. The last action taken by the RAF took place in 1993 with a bombing of a newly built prison in Weiterstadt by overcoming the officers on duty and planting explosives. Although no one was seriously injured, this operation caused property damage amounting to 123 million Deutschmarks (over 50 million euros).
- The last big action against the RAF took place on 27 June 1993. A Verfassungsschutz (internal secret service) agent named Klaus Steinmetz had infiltrated the RAF. As a result, Birgit Hogefeld and Wolfgang Grams were arrested in Bad Kleinen. Grams and GSG 9 officer Michael Newrzella died during the mission. Due to a number of operational mistakes involving the various police services, German Minister of the Interior Rudolf Seiters took responsibility and resigned from his post.
- Different factors contributed to the decline of each subsequent generation of the RAF. Successful German police efforts played a critical role in thwarting the RAF's first generation. Lack of public support and recruits, due in large part to an escalation of terrorist violence, hastened the decline of the second generation of the group. The third generation suffered from serious interorganizational strife, exacerbated by a government initiative that offered to release those RAF members from prison who renounced terrorism.

DW,

Urgent Action Item

I had a conversation with the DD and he requested some information from JSD by COB today. This does not have to be a formal document and can be sent to me via an email.

- Please provide a breakdown (to the extent possible) of what the group(s) in Portland are comprised of according to intelligence. For example:
 - Antifa
 - Boogaloos
 - Etc.
- Please provide a minimum of 2 examples of similar situations in the past and how the groups were dealt with. This does not have to be specific to the USMS, just specific to the types of destructive activity we are seeing in Portland.

If you have any questions please let me know.

Thanks

Jeff

- **Tacoma group rallies in solidarity with Portland protesters - TACOMA, Wash.** — 07/24/2020 - A group of people in Tacoma are rallying Friday afternoon to protest police brutality and support demonstrators in Portland. Protests in Portland have turned violent in recent weeks with clashes between demonstrators, police, and now federal agents sent by the Trump Administration to protect federal property in the city. "We can expect to see that in the rest of the United States if we don't stand up and show we will use our rights to prevent this from happening," said one of the organizers of the Tacoma rally. The Tacoma group made a series of demands on Friday, including the immediate recall of federal agents in Portland, the prevention of the use of federal agents to stop future protests and the safe release of any protesters being held by federal agents. The group gathered in Tollefson Plaza and marched to the Federal Courthouse on Pacific Avenue. The group has remained peaceful and as of 4 p.m. was continuing to rally in front of the courthouse. (Note: A local reporter estimated the group to be around 100 protesters)

- Denver, CO – Colorado State Capital Building, 5:00 PM
 - **Dozens Of Protesters March Through Downtown Denver** – 07/24/2020 - DENVER (CBS4)– Dozens of protesters gathered at the state Capitol on Friday evening. After a while, they took their demonstration to the streets. The protesters continued to grow in number from just a couple of dozen to more than 100 on Friday night. Some carried signs urging justice for those who died at the hands of police and “Black Lives Matter.” Others chanted for change. The protest seemed peaceful in the first few hours. Denver police officers followed the crowd as they marched. The crowd continued to march and congregate as they called for an end to any federal law enforcement officers’ involvement with the detaining of citizens who are protesting, like in Portland, Ore. People gathered, listened to the demonstrators, some cheering, others following as the group made its way east on Colfax Avenue and then north to Five Points. That’s where there were calls to celebrate Black-owned businesses. This is the latest in a series of protests that have been organized in downtown Denver and Aurora since Memorial Day weekend. The protest continued despite pouring rain that began on Friday evening. The protesters dispersed a little after 10 p.m. Friday.

 - **Downtown Olympia Riot - 07/24/2020 at 2115 - 10 arrests made** - A group of people are marching downtown. They assembled at the Heritage Park Fountain and are now southbound on Capitol Way. There is graffiti going on buildings and officers have seen members of the group picking up rocks. Officers also noted that some members of the group were armed with wooden poles. Officers are preparing to initiate dispersal orders. Update: OPD Patrol Cars are being hit with rocks. Windows broken at several businesses. State Patrol headquarters has been vandalized - at least 10 windows broken. Officers on bikes are also being hit with rocks. 2130: Riot control munitions have been deployed. Group is mostly still together, south on Capitol from 14th. 2145: The group is eastbound on Maple Park Ave, now in front of the State Employment Security Office. Officers are being told to don gas masks. The group is at least 100, possibly closer to 125. 2200: Group northbound Jefferson St passing the post office. Tear gas deployed.

Group is back together on Cherry St near the State Health Care Authority building. 2215: Police continue to deploy flash bangs, tear gas, and other riot control munitions. The group is currently at Legion and Adams. The group is still holding at around 75 people. 2220: With the latest round of gas the group appears to be dispersing in different directions. 2226: One in custody on a graffiti charge. 2240: Nine additional suspects in custody on riot charges.

- The Seattle Times - Five news outlets, including The Seattle Times, will have to comply with a subpoena and give the Seattle Police Department unpublished video and photos from a May 30 racial justice protest that turned violent, a judge ruled Thursday. King County Superior Court Judge Nelson Lee ... found that the photos and video were critical for an investigation into the alleged arson of SPD vehicles and theft of police guns. The judge placed some limits on the subpoena. He said police could use the images to identify suspects only in the arson and gun theft investigations. Detectives could not use the photos or video to pursue suspects in vandalism or other lesser crimes -- even if police found such evidence. The subpoena would also be limited to professional camera equipment and would exclude reporters' cell phone photos and videos.http://www.chronline.com/northwest_regional_news/judge-rules-seattle-media-companies-must-hand-over-unpublished-protest-images-to-police/article_2cce41d4-cdd0-11ea-b38c-abd80037cc35.html

- **Federal Judge blocks Seattle law banning police use of pepper spray – 07/25/2020 -** A federal judge late Friday blocked Seattle's new law prohibiting police from using pepper spray, blast balls and

similar weapons that was passed following confrontations with protesters. The Seattle Times reports that U.S. District Judge James Robart at an emergency hearing granted a request from the federal government to block the new law, which the Seattle City Council passed unanimously last month. The U.S. Department of Justice, citing Seattle's longstanding police consent decree, argued that banning the use of crowd control weapons could actually lead to more police use of force, leaving them only with more deadly weapons. The body armor was pieced together with bicycle helmets and football pads. The weapons included water bottles and cigarette lighters. Facing federal forces who came to Portland to subdue them, many of the city's protesters have taken to the streets this week with items scrounged from home. Then they have assembled at the federal courthouse each night with sometimes starkly different visions of how to put their tools to use. - How are they organized, what are their capabilities, and what tactics, techniques and procedures are they employing against law enforcement?
 - Organization:
 - With no clear leaders or blueprints, the demonstrators have largely embraced a strategy of spontaneous consensus, which follows the whims of the crowd and, sometimes, the resolutions of their internal disagreements — such as whether fire is an appropriate addition to their protest. “It’s really organic and non-centralized,” said Luke Meyer, who walked through the streets overnight with a plywood shield. “You almost vote with your actions.”

 - canned food (projectiles)
 - Frozen water bottles
 - Rocks
 - Red, green and purple lasers
 - Wrist Rocket Sling shots with ball bearings
 - Hammers
 - Commercial Grade Fireworks
 - Paintball guns
 - Fake Press Passes
 - Tactics, Techniques, and Procedures:
 - Individuals and various groups begin to gather throughout the daylight hours. However, starting at sunset the majority of the protestors arrive in the park directly across the street. The crowd will begin to chant, dance, or lock arms. Typically,

protest activity ends between 0200 and 0300.

- EXAMPLE: In the early morning hours on Wednesday, 07/22/2020 protesters used a range of tactics. While some spent their time chanting, dancing or locking arms, others slowly chipped away at the temporary wooden facade of the courthouse building, eventually pulling away a whole panel to expose an entryway. Some used lasers or bright lights to shine at holes from which federal officers sometimes fire projectiles into the crowd. Others dragged in barricades to cover the building's entrances. It is common to light fires on the facade of the federal courthouse, which has been boarded up with wood that has been painted and "tagged" with graffiti by VOs.

Thanks Russ and thanks for the talk, we have a good plan in place. As mentioned informed Bill D that you'll need to call them if you both can't connect prior. As an agency, we're aware of the incident and investigating it as we speak

Subject: Oakland Protests

Ladies & Gentlemen;

Please see attached N/CA Federal Court Order regarding the crowd control munitions that are prohibited by Oakland PD, to include any mutual aid police agencies coming to their assistance. I realize that this order doesn't apply to federal law enforcement at this time.

I just got off a Zoom meeting with the Alameda County Police Chiefs Association where this court order was discussed at length. It appears at this time, that none of the other Alameda County police agencies will response to Oakland's call for pre-planned mutual aid for protests. However, local law enforcement will respond in the event of a declared emergency. Unfortunately, this response is delayed, and not coordinated like a pre-planned mutual aid request.

There is a planned "Solidarity with Portland" protest scheduled for Saturday, August 8, 2020 at 7:30pm. To support FPS, there will be USMS N/CA, PSWRFTF, HSI, and USSS supporting. More to come.

Thanks

ANTI POLICE-TERROR PROJECT, et al.,

Plaintiffs,

v.

CITY OF OAKLAND, et al.,

Case No. 20-cv-03866-JCS

PRELIMINARY INJUNCTION

Re: Dkt. No. 13

Having considered the arguments and evidence submitted by the parties in connection with the pending motion for a preliminary injunction, the parties' agreement that a preliminary injunction may issue and their agreement as to some of the terms of that injunction, and for the reasons that will be set forth in a written order to follow the issuance of the instant Order, the Court enters the following preliminary injunction. This Order provides that certain crowd control tactics and munitions shall not be used except in very limited circumstances. This Order should not be read as permission to use these tactics and munitions. The Court in this Order does not conclude that the use of these tactics and munitions in the limited circumstances addressed below is either lawful or advisable. Indeed, uses of force in specific instances, even if such force is not expressly prohibited by this Order, may or may not be lawful depending upon the circumstances at the time and existing precedent. The Court does not address that question at this time. The Court only determines that use of these crowd control techniques outside of the limited circumstances listed herein will be prohibited during the pendency of this action. As recognized in the Oakland Police Department's ("OPD") Crowd Control Policy, it remains incumbent upon OPD to "uphold the constitutional rights of free speech and assembly while relying on the minimum use of physical force and authority required to address a crowd management or crowd control issue."

It is hereby ORDERED that, unless and until this Order is modified or vacated by the Court, Defendants City of Oakland (“the City”), OPD, Police Chief Susan E. Manheimer, and all officers and employees of OPD, shall comply with the following restrictions during protests and demonstrations in Oakland:

I. TRAINING BULLETIN III-G

Except as modified in this order, OPD shall adhere to Training Bulletin III-G, OPD Crowd Control and Crowd Management (2013), attached as Exhibit A.

II. BADGES

Each OPD officer shall wear a badge, nameplate, or other device on the outside of his or her uniform or on his or her helmet which bears the identification number or the name of the officer, as required by Penal Code § 830.10.

III. BODY CAMERAS

All OPD officers shall utilize their Personal Digital Recording Device (“PDRD”) in accordance with DGO I-15.1, Portable Video Management System. In addition, all OPD officers deployed to demonstrations in Oakland shall have their PDRDs activated and recording at all times while engaged in active policing activities. They shall also have their PDRDs activated and recording when ordered to do so by a supervisor or commander.

IV. POLICE VEHICLES AND MOTORCYCLES

Motorcycles and police vehicles may not be used for crowd dispersal but may be used for purposes of observation, visible deterrence, traffic control, transportation, and area control during a crowd event.

V. TACTICS AND LESS LETHAL MUNITIONS

1. OPD officers are prohibited from using stinger grenades, wooden bullets, rubber or rubber-coated bullets, pepper balls, or similar munitions.
2. Chemical agents (including orthochlorobenzalmalononitrile), flashbang grenades, and foam-tipped projectiles shall be deployed only when (a) there is an imminent threat of physical harm to a person or significant destruction of property; and (b) other techniques, such as simultaneous arrests or police formations, have failed or are not reasonably likely

to mitigate the threat. The use of such munitions must be authorized by an OPD Operations Commander or Incident Commander. None of these devices shall be deployed on peaceful protestors or indiscriminately into a crowd. They may only be targeted at the specific imminent threat justifying the deployment. Flash bang grenades and gas canisters must be deployed at a safe distance from the crowd to minimize the risk that individuals will be struck and injured by those devices. When chemical agents are used, only the minimum amount of chemical agent necessary to obtain compliance may be used, in accordance with OPD's Department General Order K-3, USE OF FORCE.

3. Except where an immediate risk to public safety or of significant property damage makes it impossible to do so, before any of the devices listed in Section V(2) are deployed to disburse a crowd, OPD must have made at least two announcements to the crowd asking members of the crowd to voluntarily disperse and informing them that, if they do not disperse, they will be subject to arrest. These announcements must be made using adequate sound amplification equipment in a manner that will ensure that they are audible to the crowd and must identify at least two means of escape/egress. OPD must also allow the crowd sufficient time to disperse after making these announcements before deploying any of the devices in Section V(2).

VI. MUTUAL AID

The OPD Incident Commander shall be responsible for ensuring that the requirements listed below are met by mutual aid agencies providing assistance to OPD under a mutual aid agreement, unless exigent circumstances prevent the fulfillment of these obligations:

- i. The Incident Commander shall ensure that the mutual aid agency has been briefed and is in agreement with OPD's Unity of Command structure under which only OPD Commanders may authorize the use of less lethal munitions for crowd control and dispersal;
- ii. The Incident Commander shall ensure that the mutual aid agency has been briefed on OPD's policy on prohibited weapons and force;
- iii. The Incident Commander shall ensure that the officers of the mutual aid agency who

1 provide assistance to OPD do not bring or use any weapons or force prohibited under
2 OPD's policy;

3 iv. The Incident Commander shall ensure that the mutual aid agency has been provided a
4 copy of OPD's Crowd Control Policy and Use of Force policies;

5 v. The Incident Commander shall ensure that officers of the mutual aid agency who
6 provide assistance to OPD are not assigned to front-line positions or used for crowd
7 intervention, control or dispersal unless there is a public safety emergency;

8 vi. The Incident Commander shall ensure that the officers of the mutual aid agency who
9 provide assistance to OPD complete required reports prior to being released from duty.

10 Agencies should provide the following documents/reports when they are applicable: Use of
11 force report, arrest report, crime report, injury report, equipment damage report and list of
12 responding personnel.

13 These provisions do not prohibit an OPD or mutual aid officer from taking reasonable action or
14 using reasonable or necessary force as allowed by law against an individual in self-defense or in
15 defense of another person or officer. OPD personnel shall endeavor to assume front line positions
16 between mutual aid officers and demonstrators.

17 **VII. TRAINING**

18 By November 1, 2020, OPD shall conduct a special training session for OPD Incident
19 Commanders, Operations Commanders, and Tango Team members concerning Training Bulletin
20 III-G and this agreement. Plaintiffs' counsel may attend this training session. Further, Plaintiffs'
21 counsel may conduct part of the training subject to scope and time parameters agreed to in
22 advance by the parties.

23 **VIII. FACE MASKS AND GLOVES**

24 During the pendency of the state of emergency declared by either the President of the
25 United States, or the Governor of the State of California, due to the COVID-19 pandemic, all OPD
26 officers and employees deployed to demonstrations in Oakland must wear face masks and gloves
27 whenever they interact with members of the public.
28

IX. AFTER-ACTION REPORT

Subject to protective orders in this case, the Federal Rules of Civil Procedure, and the Federal Rules of Evidence, the City shall produce the After-Action Report on the subject protests — occurring from May 29, 2020 through June 1, 2020 — within 30 days of the entry of this Order.

X. ENFORCEMENT

If Plaintiffs contend that OPD violates Training Bulletin III-G or any of this Order's provisions at a future protest or demonstration, Plaintiffs may request a hearing to seek relief, including a modification of this Order. Unless the parties agree to a different briefing schedule, Defendants will have seventy-two hours to respond to Plaintiffs' request.

IT IS SO ORDERED.

Sirs,

For your awareness from TOD regarding events in Portland last night:

Attached please find the report from (b) (7)(E) in Portland. In summary, vandals were successful in breaking the exterior doors last night to gain access to the federal courthouse. They were immediately met by the (b) (7)(E) which deployed necessary less than lethal force to repel protesters. In conjunction with FPS and Portland Police, they were able to take two individuals into custody. TOD is still determining the status of these personnel. All USMS were unharmed.

Amazing work by (b) (7)(E) and district personnel to keep the US Courthouse secure.

Additional details will be provided as received.

Executive Summary

[20-28a Operation ICON]

[07-02-03-2020]

- **Topic:** Demonstration Activities. Capture Event ID #
- **Background:** On June 24, 2020, (b) (7)(E) was requested to deploy to the district of Oregon, Portland and stage for follow-on tasks. (b) (7)(E) were previously staged in Portland.

The D/OR has (b) (7)(E) personnel assigned, they have been acting in the liaison role with (b) (7)(E) prior to (b) (7)(E) Staff arrival in district.

(b) (7)(E) personnel began arriving in the Portland area on June 25th.

On June 26th, (b) (7)(E) Task Force Commander conducted an assessment of the D/OR response plan and has coordinated with the D/OR management regarding the possible response of (b) (7)(E) personnel to local circumstances.

(b) (7)(E) has integrated into the D/OR management and will continue to assist with advising the district on specific mission requests.

- **Current Status:**
- (b) (7)(E) reported to the D/OR courthouse at 18:00, conducted equipment checks and staged gear.
- Protesters once again blocked the intersections of 3rd and Main Street, as well as Salmon Street.
- Approximately 250 protesters in and around the AO. Fire started at the base of the Moose statue. Protesters gathered at the Justice Center as well as in and around the park.
- Protesters began throwing rocks, bottles, paint filled balloons, spraypaint cans, at the windows of the Federal Courthouse. Protesters also directed green lasers at law enforcement personnel's eyes. Protesters began advancing upon the glass doors and FPS deployed (b) (7)(E) munitions. Protesters breached the glass doors with a 2x4, shattering the glass. (b) (7)(E) deployed (b) (7)(E) in an attempt to remove the protesters from the breach point, as FPS continues to deploy (b) (7)(E) munitions. Protesters regrouped and continued to throw bottles, rocks, and began throwing large fireworks and smoke bombs. A large Firework mortar made its way into the lobby, through the breached door, exploding in lobby, amongst all personnel.
- PPD began to push the protesters from the front of the Federal Courthouse and across the park to the west. (b) (7)(E) regrouped and refit.

- Protesters returned to the Federal Courthouse and began throwing the same items listed above along with chunks of wood and 2x4's at the breach point, as well as all other glass windows and doors. FPS deployed (b) (7)(E) in an attempt to remove them from the area. Protesters began to launch large fireworks at the breach point which ignited a spray paint can outside the main door. (b) (7)(E) deployed and extinguished the fire.
- The Person identified as the individual who breached the glass door returned to the front of the Federal Courthouse, began throwing bottles at the breach point. (b) (7)(E) deployed and effected the arrest of the individual. During the arrest, another individual was observed with firework smoke bombs and taken into custody by (b) (7)(E)
- Protesters began shining green lasers at law enforcement officers eyes. (b) (7)(E) deployed (b) (7)(E) effectively reducing the use of the green lasers.
- (b) (7)(E) members arrived on scene to assist (b) (7)(E)
- Protesters regrouped and began advancing upon the breach point, with 2x4's and plywood. (b) (7)(E) deployed (b) (7)(E) in an attempt to remove the crowd from the area.
- PPD deployed and pushed the protesters once again across the park and to the west. (b) (7)(E) regrouped and refit.
- Protesters returned and regrouped in the same location across from the Federal Courthouse. Protestor support vehicles arrived and passed out bottles and other items to use to throw. A group of protesters hiding behind one of their support vehicles began throwing bottles and regrouping gathering plywood and 2x4's. (b) (7)(E) deployed (b) (7)(E), removing the protesters from the area.
- USMS coordinated with PPD, FPS, (b) (7)(E) to conduct a large push of the remaining protesters to allow a contractor to board up the broken door. (b) (7)(E) deployed in support of PPD and assisted in pushing the protesters across the park and held our positions until the breach point was secured.
- (b) (7)(E) returned to the interior of the Federal Courthouse, conducted equipment checks and began refit.
- Next Steps:** (b) (7)(E) will plan for contingency missions in support of Operation ICON. Gear and vehicles are staged (b) (7)(E)
- Risks/Challenges:** Movement in and around the D/OR courthouse and AO's to and from lodging are challenging. The use of UC clothing, bags, etc is a must. Multiple interactions with passersby , provoke a response / ID of LEO's.
Moving in smaller groups, wearing appropriate clothing "NON-LEO" type clothes, hats, or bags, is a must, to elliviate the chances of unwanted interactions.

Tax exempt forms, use of government credit cards, for lodging are "Indicators" for those sympathetic to those who wish to interfere with LEO's daily routines.

DD,

The meeting will be at 1500 PST at the FBI offices in Portland. The SAC is hosting the US Attorney, me, the Sheriff, and the Chief of Police to provide an overview of charges that will be brought against violent protesters and to discuss strategy going forward. They have had a task force up for 3 weeks reviewing video to identify suspects.

I will call you after, and thank you for your support.

Subject: RE: Operations Update

DD,

Here are the answers to your questions:

1. (b) (7)(E) arrested one individual last night and handed him off to FPS for processing for felony property damage to the Hatfield federal courthouse. He broke out the glass front doors of Hatfield. They also took a female into custody for igniting fireworks, but it was later determined she was attempting to put them out and she was

released. Other than that, the only other arrests for Federal charges were by FPS very early - 4 weeks ago. They have not had a presence to assist us for the last 3 weeks and finally began helping again 2 nights ago. They have operators in town to assist us tonight, and tomorrow.

2 & 3. The FBI stood up a task force to begin reviewing video to start making cases against rioters, looters, and agitators a couple weeks ago. The Chief and I have been to their offices and observed what they are doing. I have been in daily communication with the SAC and US Attorney. There is a meeting Monday afternoon at the FBI that includes the US Attorney, me, the Multnomah County Sheriff, and the Chief of Police to go over the cases they have made and will be bringing forward. I believe it is about 20 of the main agitators. The USA gave us the green light to arrest individuals who throw projectiles at our members for felony assault on a PO. Anyone pointing lasers at our Deputies can be charged with Misd. Assault on a PO. On the first night of the protests the Justice Center across the street that houses the Portland Police Bureau and the Multnomah County Jail was breached and a fire was started on the first floor. Our guys arrested the arsonist on Wednesday after he was identified from video surveillance. (He took his shirt off later in the night and had his name tattoo'd on his back..)

4. The courthouse remains open for modified business with COVID-19 protocols in place during normal business hours but we are encouraging court staff to be out of the area of downtown by 1600 each night. Wednesday night protesters removed plywood from the boarded up windows at the Hatfield and used it for bonfires and barricades. They were able to remove it easily because GSA did not want to anchor it in the stone façade of the structure because they want to preserve the building. Because of this, the SDUSM in charge and the team leader recommended that the plywood be removed from the front of the courthouse. Our personnel were in a fish-bowl and became the target of the criminal mob outside. GSA replaced the plywood today, so hopefully that will help serve as a deterrent tonight.

The big picture:

(b) (5)

A Federal judge granted a restraining order that prohibits the use of gas except under certain circumstances (life danger) further tying the hands of the police who are exhausted from having to deal with non-stop assaults for the last month.

The Hatfield Federal Courthouse is across the street from the Justice Center. The building has been tagged every night since this started, and has had windows and glass doors broken out.

We have a couple of options going forward.

(b) (5), (b) (7)(E)

(b) (5)

(b) (5)

As I mentioned, we have (b) (7)(E) support tonight, as well as a team of (b) (7)(E) to support our group in the Hatfield. (b) (5)

(b) (6), (b) (7)(C)

Russ

I hope you and your folks are all doing ok especially over the holiday weekend! It certainly sounds like rough going out there despite the fact that I know you and your folks have everything well for my hand! As always call or let me know if you need anything from me to support your operations: We've been tracking everything through our daily sitreps but when you have a chance can you please provide me an update To the below questions:

- 1) How many folks have been arrested for damage to federal property and assaulting federal officers (especially the courthouse) in Portland?
- 2) Are related charges being pursued by the USA?
- 3) Are there any additional/plausible federal crimes that we can work with with the USA to charge?
- 4). Is the courthouse closed because of the "protests" or is it conducting business during the day?

Thanks

The "July 25 Call a Day of Action Against the Federal Invasion" protests were accompanied by calls to aggressively target Federal Courthouses in Philadelphia (and other cities) in "solidarity" with Portland OR protestors:

- o We developed, coordinated, and executed a strategy predicated on understanding the context of
 - the rioters strategy: focused on provoking an incident to cause a federal response, and
 - the likelihood of negative press reactions that would only further escalate the situation
- o We developed and have used a de-escalation strategy focused on not feeding the narrative the protestors are trying to create.
 - Our operational goal: have Philadelphia PD (PPD) bolster their footprint around Federal facilities for the weekend, especially during the evenings; and
 - Have PPD divert crowds demonstrating risk away from the Federal building/Courthouses; and
 - Limit our own "federal" response and largely stay out of sight; and

- Keep court employees away from facilities during high-risk timeframes
- Our overall goals:
 - Continue keeping the E-PA Federal Courthouses free from vandalism and damage
 - (b) (5)
 - Provide the basis for positive optics and associated messaging that PPD is capable of handling these protestors without the appearance of a “federal invasion”
 - (b) (5)
 - (b) (5)
- Execution
 - Coordinated strategy with my counterparts at Federal Agencies, the Judiciary, and PPD leadership
 - PPD agreed, and allocated additional resources to the Federal area
 - July 25: 150 protestors of concern potentially heeding the call for violence were diverted away from the Courthouses by PPD
 - Previous: all protestors escorted past federal complex
- Results
 - Continued no issues...
 - Of note, 5 PPD cars were set afire early this morning, (b) (5) but without impact Federally
 - Los Angeles Federal Courthouse did not fare well on 25 July, with extensive damage. Of note, over 50 federal courthouses and buildings located in 27 states and 35 judicial districts have been damaged
- Outlook
 - (b) (5)

Trust you all are well,

Best always,

Address: (b) (6), (b) (7)(C)

At approx. 10:00 p.m. approx. 300-400 protesters continue to gather throughout Chapman park across from the Justice Center (JC) and Hatfield federal courthouse. Some groups walking in the street (SW Third Ave./SW Main St.) but no action towards the courthouse at this time.

10:55 p.m., FPS officers deployed from the front of the courthouse and arrested a female spray painting the front of the building. Subject taken to the USMS cellblock.

Arrested (Cite/Release): (b) (6), (b) (7)(C) – FPS Lead Agency Charge:

Vandalism Spray painting the courthouse.

Address: (b) (6), (b) (7)(C)

11:00 p.m., approx. 300-400 protesters in the park and blocking SW Third/SW Main St. Crowd is much larger than the last few nights and more aggressive. Dumpster was moved into the intersection and set on fire (SW Third Ave./SW Main St.).

12:00 a.m., approx. size 400 protesters in the park and some individuals standing in the street (SW Third Ave./SW Main St.) A group of 50-75 started walking east bound on SW Main St. and gathering in front of Portland Police Central Precinct. PPB has secured all doors.

12:20 a.m. the group is continuing to walk around the Justice Center and heading back to the park.

12:45 a.m. 911 call overdose subject across the street from the courthouse, EMS responded and took the unconscious patient to the hospital. Still approx. 400 protesters.

1:00 a.m. group of 25-30 moved to the south side of the federal courthouse near the employee entrance on SW Main St. Several individuals attempting to breach the door using a hammer and other tools.

1:09 a.m. Subjects continue to strike/breach the door, USMS (b) (7)(E), and FPS formulated a plan and deployed from the courthouse. One subject identified later as (b) (6), (b) (7)(C) was immediately contacted at the employee entrance door and began swinging a hammer erratically at a (b) (7)(E) member. (b) (6), (b) (7)(C) was taken into custody and while moving him back into the courthouse a large crowd began advancing on the security teams. A (b) (7)(E) was deployed by USMS (b) (7)(E) allowing the officers to safely get inside the courthouse and secure the door.

Arrested: (b) (6), (b) (7)(C) - Charge: 18USC111 Assault on Federal Officer
(b) (6), (b) (7)(C)

Video - Assault w/ Hammer on (b) (7)(E):

https://twitter.com/dave_blazer/status/1281876633511591936?s=21

1:50 a.m. FPS/HSI arrested a subject later identified as (b) (6), (b) (7)(C) involved with an earlier incident of assaulting a federal officer with a laser in front of the Edith Green federal building. (b) (6), (b) (7)(C) was observed by (b) (7)(E) walking near the Edith Green federal building and arrested without incident. He was transported by FPS to the USMS cellblock.

Arrested: (b) (6), (b) (7)(C) Charge: Assault on Federal Officer
w/ Laser
(b) (6), (b) (7)(C)

2:00 a.m. another 911 call overdose subject across the street from the courthouse, EMS responded and took the unconscious patient to the hospital.

2:30 a.m. approx. 60 protesters in the park and street, several individuals have moved additional wood benches/debris into the intersection which are blocking (SW 3rd /SW Main)

3:30 a.m. approx. 50 protesters in the park and street, several individuals have moved additional wood benches/debris into the intersection which are blocking (SW 3rd /SW Main)

4:30 a.m. approx. 25-30 individuals gathered/blocking the intersection of SW 3rd/SW Main and have a large fire burning in a dumpster, another 25 spread out in the park.

5:38 a.m. Portland Fire Bureau advises the dumpster fire was extinguished and the remaining individuals have moved back to the park or left the area. No attention towards the courthouse.

6:00 a.m. (b) (6), (b) (7)(C) and (b) (6), (b) (7)(C) were transported to MCDC.

COURTHOUSE SECURITY NOTICE: I have notified GSA Mgr. (b) (6), (b) (7)(C) for the board up services. The employee entrance door will need to be repaired, at least one wood sheet has been damaged by hammer strikes. It may need to be fortified and the “box” might need to be larger so the interior glass doors can be fully opened before opening the wood doors. They are going to also add some boards to the Salmon Street windows.

- **Next Steps:**

Available assets:

- (b) (7)(E)
- (b) (7)(E)
- (b) (7)(E) Uniform FPS – (b) (7)(E) FPS Analyst
- (b) (7)(E) Detailed USMS
- (b) (7)(E) D/OR Deputies
- (b) (7)(E) HSI Investigators
- (b) (7)(E) FPS Investigators
- (b) (7)(E) USMS Threat Investigators and (b) (7)(E)
- (b) (7)(E) staged at the Federal Bldg.

Exterior operations include limited firefighting with handheld extinguishers, defending against breach, and officer down situations. In addition, the teams have also been directed to arrest protesters engaging in criminal activity around the Hatfield Courthouse when the resources are available and it's safe to do so.

All

I just received a call from (b) (6), (b) (7)(C), (b) (7)(F), (b) (7)(E) who's stationed at (b) (7)(E) ...He's been taking regular calls from (b) (6), (b) (7)(C), (b) (7)(F), (b) (7)(E) who's the new on site (b) (7)(E) lead in Portland.

(b) (6), (b) (7)(C), (b) (7)(F), (b) (7)(E) through (b) (6), (b) (7)(C) told me there's approx 4K protesters at the courthouse with intel suggested possibly 10k enroute. Due to the violent nature of the crowd, it's becoming next to impossible to go outside of the courthouse to the fence line to defend it, and LTL capability is ineffective at ground level due to rioters defensive posture.

In addition to the bear spray, hot oil sprayed from squirt guns, eggs, balloons filled with various liquids, bricks/rocks/concrete chunks thrown, etc. ***Antifa members acted in tactical concert*** for the central effort to eject the other side from the protest/rally site. PPB allowed the "combat" between the groups to occur, and has published its reasons for doing so. (b) (5)

Subject: Portland City Council Resolution

All,

Today the Portland City Council passed a resolution that, in part, state that the members of the Portland Police Bureau is prohibited from doing the following:

- All members of the Portland Police Bureau **shall not provide, request, or willingly receive operational support** (which includes but is not limited to embedding in a federal incident command center, sharing or receiving information from above defined federal forces, engaging in policing or crowd control measures with above federal forces) from any agent or employee representing or constituting part of deployment under executive order from the president, be they from Department of Homeland Security, the U.S. Marshals Service, the Federal Protective Service, U.S. Customs and Border Protection or any other service;

At this time, based on advice from our City Attorney's Office, we can no longer share any information or intelligence (including any active threats to life) with any federal agency as it relates to the current protests; and, we may not solicit any information or intelligence. As you can imagine, I have many questions about what that all means and will be discussing with our attorney but for now, we have to abide by the City Council directive.

For our non-federal law enforcement partners, this resolution does not apply.

My personal and professional apologies to you all who have worked and are continuing to work so hard to keep everyone safe.

Respectfully,

Good morning, colleagues

I was informed by the Governor's Office the joint press (White House and Governor) will be issued at 8:30am this morning, detailing OSP's integration with our federal partners in protecting the Federal Courthouse. OSP will enter a two week operational period tomorrow (Thursday) in hopes of cooling some of the protest temperatures. We'll partner closely with all your agencies in the next 24 hours as we quickly assemble a plan.

Our goal is to (hopefully) remove the fence if our tactical team leaders think possible and put on an officer friendly appearance during daylight hours, then attempt to respond to criminal activity with OSP and PPB resources from external locations (while also defending the building internally with an adequate number of OSP troopers and federal officers).

This will leverage every community relationship we have and just underscores the cooperative nature law enforcement has in Oregon. I'm sorry for the group email and not a personal call, we are trying to brief our command staff and special operation teams this morning.

Portland OR/Seattle WA Judicial Security Situation Report

DATE: 06/15/2020

Time – 1200

- Significant Events
 - NSTR
- Protests at US Courthouse
 - Portland – From Last Night
 - Approximately 200 protesters gathered outside the Multnomah County Justice Center (adjacent to the Hartfield U.S. District Courthouse). The focus of protestors was the Multnomah County Justice Center not the U.S. District Courthouse.
 - No damage reported to the U.S. District Courthouse
 - The fencing outside the Hartfield U.S. Courthouse was not replaced after being removed by protestors the night before.
 - Portland Police Bureau declared an unlawful assembly and ground units were dispatched to clear the area. Several arrests were made as the crowd was pushed to the west.
 - A Large group gathered at the DHS-ICE (2 miles from U.S. Courthouse) building which could account for the smaller number of protestors at the U.S. District Courthouse.
 - Seattle – From Last Night
 - Seattle Police Department (SPD) Leadership announced that they plan to significantly scale things back and return operations/shifts to normal. They will have a skeleton crew in the Seattle Police Operations Center (SPOC) throughout the week that will be comprised of one supervisor and one analyst that will stay until about 11pm or 12am each night. However, at the end of next week they will reevaluate and decide if they want keep that going or stop it altogether.
 - There are still marches/protests scheduled could draw anywhere from 7,000 to 17,000 but SPD is not deploying any resources and will simply monitor it from afar. SPD has no plans, and knows of no plans, to retake the east precinct at this time. The crowds in the area will likely keep sections of the streets around the East Precinct closed for the foreseeable future.
 - NSTR in direct relation to the U.S. District Courthouse or Nakamura Courthouse.
 - The SPOC will be manned “overnight” by one supervisor and one analysts for at least one more week.
 - Tactical update from Seattle – info from 2000 hrs – 2230 hrs 6/14/2020
 - Approximately 800 protestors marched to the West Precinct.
 - Two bags were dropped off near the West Precinct, unknown contents. SPD Arson and Bomb Squad called. SPD cleared the bags – contained trash.

- Protest group grew to 1,000 – stopped at SPD HQ/City Hall.
 - Protestors left SPD HQ/City Hall. Blocking traffic as they cross the freeway.
 - SPD locked down the West Precinct, in anticipation of protestors.
 - Small group (few hundred) want to take over the West Precinct. There was a Facebook stream from the quasi-leader, leading this effort.
 - Approximately 125 protestors arrived at the West Precinct – held speeches and chants.
 - Unknown subjects with long guns arrived in the area of the protests, then loaded up and departed. They appear to be anti/counter protestors.
 - At approximately 2200, all protestors departed and headed back to the Chaz.
 - There are reports the Chaz has been renamed to the Chop – Capitol Hill Occupied Protest.
- JSD Support Provided
 - (b) (6), (b) (7)(C), (b) (7)(F) are maintaining contact with D/OR & W/WA and OPI (b) (6), (b) (7)(C), (b) (7)(F)
- Outlook for the next 12 hours
 - (b) (5)
- Comments

Sir – for your meeting today RE: Portland. Summary / Update attached.

Portland, Oregon Status (8/13/20)

USMS Footprint:

- (b) (7)(E) DUSMs TDY in support of operations in Portland
- Deployed personnel include:
 - (b) (7)(E)
 - Incident Management Team Members
 - (b) (7)(E) TDY DUSMs
- USMS has a personnel TDY in support of operations in Portland since Memorial Day Weekend.

Injuries / Actions Against USMS Personnel:

- While providing security at Hatfield Federal Courthouse, US Marshals have been attacked continuously by violent protestors:
 - A DUSM was attacked by a violent protestor who struck him with a hammer
 - DUSMs at the courthouse are continually blinded by protestors wielding bright lasers and strobe lights in an effort to distract and injure officers
 - Violent Opportunists have hurled projectiles such as bricks, concrete, glass bottles, frozen water bottles, commercial grade mortars, and slingshot ball bearings at the courthouse and federal officers.
 - Over (b) (7)(E) of our DUSMs have sustained injuries ranging from:
 - Laser damage to the eyes
 - Blunt force to the head
 - Smoke inhalation
 - Chemical burns to legs and arms
 - Sprained limbs
 - Shrapnel and bruising to the leg

Operations Updates:

- OSP maintains primary responsibility for response to riots or disturbances at the Hatfield Courthouse. (b) (7)(E)
- Oregon State Police are scheduled to continue exterior security and tactical response to the Hatfield Courthouse through August 13th.
- FPS officers in blue uniforms are providing exterior security at the Courthouse along with OSP in anticipation of OSP's departure.
- Exterior Fencing: Discussions continue as to how long the exterior fencing will remain in place. To alleviate some of the Chief Judges' concerns, an employee entrance was opened. GSA has verified the fence can be moved to the sidewalk. FPS has received approval from DHS to move the fence; however, no timeline has been established.

Recent Activity:

Wednesday Night (From PPB Site – activities on night of 8/12 into early morning 8/13)

- Around 11:00 p.m., protestors / rioters began launching commercial grade fireworks towards the fence protecting the Hatfield Federal Courthouse as well as igniting a fire outside of the building. The fire posed no risk to the building.
- Most of these people were wearing helmets, gas masks, and carrying shields and batons.
- The PPB made public address announcements telling the group to stop launching fireworks and starting fires at the Federal Courthouse.
- As the announcement was made, several people shined green lasers at the officer's eyes who were inside the sound truck.
- Multiple projectiles (mortars/rocks/water bottles/paint) were thrown at PPB/OSP officers attempting to disperse the crowd. Injuries to officers included broken hand, mace to the face, hearing damage due to mortar explosions.

8/11/20 (Tuesday Night):

- Activity was minimal. There was **no protesting at the Hatfield federal courthouse**.
- Protesters focused on the Kelly Building (Portland Police SE Precinct/Multnomah County Sheriff's Office).
- A group of approximately 150 protesters gathered at Laurelhurst Park in SE Portland and began marching to the Kelly Building (PPB SE Precinct). They stood in front of the building chanting and blocked the street but **no violence** erupted during the night.
- **No arrests** were made. **No crowd control munitions or (b) (7)(E) were used.**

8/10/20 (Monday Night):

- **No protesting at the Hatfield Courthouse.** Activity was focused on the Portland Police Bureau North Precinct.
- A group of approx. 200 protesters gathered at Alberta Park in NE Portland and then began marching to PPB North Precinct. The group surrounded the PPB building and was also blocking nearby streets.
- Later, Violent Opportunists (VO) began throwing projectiles at officers and a PPB officer was injured.
- PPB and OSP pushed the crowd away from the Portland Police North Precinct building to the west, making multiple arrests in the process. This continued throughout the night as the crowd regrouped and would come back to the North Precinct building to confront officers.

8/9/20 (Sunday Night):

- **No protesting at the Hatfield Courthouse.** Activity was mostly focused on the Portland Police Association (PPA) building.
- Approximately 200 protesters marched to the PPA building.
- Portland Police (PPB) and Oregon State Police (OSP) called a riot around 22:50 due to multiple barricades on Lombard, multiple fires, and multiple projectiles.
- Violent Opportunists (VO) threw mortars and other projectiles at officers.

- Approximately 15 individuals were arrested.

8/8/20 (Saturday Night):

- **No protesting at the Hatfield Courthouse.** Activity was mostly focused on the Portland Police Association (PPA) building.
- 9x individuals were arrested.

8/7/20 (Friday Night):

- **No protesting at the Hatfield Courthouse.** Activity was mostly focused on the East Precinct.
- As soon as the crowd arrived at the building, they immediate began vandalizing and breaking cameras and attempting to break the plywood, or set it on fire.
- The number of "Press" continues to grow and are actively hindering law enforcement efforts. Many VO's are hiding in the Press Crowd and throwing projectiles.

Thanks for everything and for the call, quick updates for the group:

1. Portland
 - a. Drawdown approved per the attached...let's continue to monitor as further adjustments are needed down the road
2. WI
 - a. Our commitment is down to (b) (7)(E) which needs to include at least (b) (7)(E)
 - i. Talking w/ the USA and DD Bowdich, FBI will be sending the other (b) (7)(E)
 - b. Reporting date changed from tomorrow to today so need to do all we can to get as many of our (b) (7)(E) there asap
 - c. In light of the above, suspend Op Legend activity and divert those folks to this response and count them as part of our (b) (7)(E) until they are replaced by others...once that occurs they can continue with Legend
 - d. I need to report the status of our (b) (7)(E) after our 430 call so please plan to provide that to me asap
 - e. USA Lausch, is a great guy and thinks very highly of Diego so we're in great shape...when I call him later (after our 430 call) he said he'd provide me w/ the location of the CP which as of now is staging (b) (7)(E)
 - f. I told the USA we're not trained/equipped to do crowd control but can arrest and support other LE arrests of all violent opportunist...additionally, (b) (7)(E) can perform (b) (7)(E) ...he was very happy to hear that

Updated doc.

PROPOSED PORTLAND FORCE REALIGNMENT

August 26, 2020

On August 25, 2020, the Incident Management Team (IMT) was asked by the Tactical Operations Division to reevaluate the current U.S. Marshals Service footprint in relation to current threat conditions.

Protests following the death of George Floyd have been ongoing in Portland, OR since May 29, 2020. The Portland Police Bureau (PPB) reports that downtown federal buildings were first targeted by Violent Opportunists (VO) beginning on or about July 2, 2020. A hybrid IMT team was deployed to Portland on July 20. Heavy Embassy fencing was placed around the Mark O. Hatfield U.S. Courthouse on July 22. Additional Deputy U.S. Marshals (DUSM) began to arrive in theater on or about July 25, eventually stabilizing at about 95 personnel. PPB cleared the parks west of the U.S. Courthouse which had become a base for protesters and VOs on July 31. The Hatfield U.S. Courthouse stopped being the primary focus of protestors in Portland around August 4. As late as August 24, detail DUSMs witnessed and arrested a VO who threatened a GSA employee entering the Hatfield U.S. Courthouse early in the morning. Protestors and VOs continue to be active nightly in the greater Portland area, focusing on municipal and county government facilities and the Portland Police Association building. As of August 25, ^{(b) (5)} out-of-District personnel continue to assist the District of Oregon in protecting the Hatfield U.S. Courthouse.

Planning assumptions for this evaluation are:

(b) (5), (b) (7)(E)

Following this evaluation, IMT is recommending the following changes at the Hatfield U.S. Courthouse:

I received a call from the Chief Judge who advised there is a large crowd already forming at the Hatfield Courthouse. He forwarded a news article from OPB that is pretty graphic. I also received a call and text from the Chief of Staff for Senator Wyden and Senator Merkley asking for a phone call. I have not called them yet.

DW,

Below is information discussed to ensure reporting requirements are met for tonight as the scheduled protests get underway. I am copying Andy for awareness in the event your OPI POC requires any assistance from the IMT. Finally, I want to emphasize this will be in place for tonight only.

General

- JSD will identify a single OPI POC for the districts listed on the intel brief that may be impacted by protests to report through.
- JSD will contact each of the districts to provide the OPI POC and to discuss expectations of the D and DD for tonight.

Reporting

- As each protest begins (timeline included in the intelligence report) JSD should provide an initial report indicating activity level and size of crowd. Example appears below:
 - At 6:00 PM EST the protest scheduled to take place in Los Angeles, CA began.
 - At this time there is so significant activity impacting the US Courthouse.
 - The crowd that has gathered is estimated to be approximately 300 protestors.

- JSD OPI is continuing to coordinate with the District and will forward additional information as it is received.
- Following that initial report, JSD only needs to be report significant activity as it happens as the protest continues through the night at each location.
- JSD should draft a complete report tomorrow which includes all of the locations and activity (One report/ all locations included). This should not include a timeline, only abbreviated information to provide leadership with a picture of what occurred.
- Reports should be sent directly to leadership by JSD.
- The email group for reporting should include the following:
 - Director
 - Deputy Director Derrick Driscoll
 - CoS John Kilgallon
 - ADO Jeff Tyler
 - ADA Roberto Robinson
 - CFO Holly O'Brien
 - (b) (6), (b) (7)(C), (b) (7)(F)
 - (b) (6), (b) (7)(C), (b) (7)(F)
 - [REDACTED]
 - OCPA Chief Bill Delaney
 - OPA Drew Wade

I have also copied the DD on this in the event I missed anything. If anyone has any questions please let me know.

Thanks again for everything.

By the way, the city of Portland had an exclusion zone with fencing up around a 4-block area that in downtown Portland that included our District courthouse that was extensively vandalized on Saturday. They do not have the personnel to man a perimeter that large any longer and are taking down the fencing around everything except their justice center. We had thousands of protesters last night and a large group tried to break through that fence. (b) (5), (b) (7)(E)

Good afternoon, USMAC:

In support of the attached IB please review the approved activities below and forward the information to your DRG. This serves as a reminder of information previously disseminated.

- Coordinate with US Attorneys and State/Local/Federal partners in addressing criminal activities and conducting criminal investigations required as a result of rioting and criminal acts of persons instigating or involved in riots, looting, and other violence against persons or property involving the violation of federal laws.
- Conduct facility and infrastructure security operations where threatened by criminal acts prohibited by federal law, including the criminal acts of persons instigating or involved in riots, looting, and other violence against persons and property involving the violation of federal law.
- Conduct presence patrols in coordination with state and local law enforcement partners where such patrols involve persons instigating riots, looting, and other violence against persons and property involving the violation of federal law.
- Assist state and local officers in the arrests of personnel committing felonies in their presence occurring during the course of USMS performance of our federal mission.
- Continue to investigate violent crime warrants and gangs particularly those targeted against those inciting riots or domestic terrorism, and other persons instigating or involved in riots, looting, and other violence against persons and property involving the violation of federal law.

Thank you again for your help!

Subject: Upcoming Protest in Oakland

Hello Gentlemen;

I wanted to advise you of an upcoming protest in the City of Oakland tomorrow evening starting at 7:30pm. Several anti-police groups are staging a protest to show solidarity with the

protests in Portland. At this point, the organizers have not formally mentioned going to the Oakland Federal Building/U.S. Court House, (b) (5)

[REDACTED]

We will have (b) (7)(E)

[REDACTED]

Our mission will be solely to protect federal property. Unlike Portland, Oakland PD and other local agencies, via mutual aid, are available to assist if needed. However, Oakland PD will not deploy resources solely to protect monuments or other artifacts. I have been in contact with Marshal Berger (D/OR) and his staff regarding tactics used by protesters in Portland for situational awareness.

Due to the sensitivity of current events and concerns from our state and local partners, and the talk about federal agents going into cities, including Oakland, all personnel will not be wearing "military type" clothing. On May 29, 2020, protesters caused approximately 500K worth of damage to the court house and federal building, including murdering an FPD guard, and seriously wounding another.

Thanks

Updates from JSD and (b) (7)(E) for Seattle and Portland:

JSD

Portland:

Police deployed crowd dispersing agents, when protestors began knocking down the fencing.

(b) (7)(E)

Things were a bit more intense last night. Protestors completely removed the fence in front of Hatfield. They also removed the key card reader utilized to enter our garage.

Protestors threw rocks and projectiles at the exposed windows of Hatfield but there were no breaks.

PPB used diversionary devices to eventually disperse the crowd. There was more looting in the downtown area.

USMS personnel remained inside Hatfield and there were no known breach attempts.

Below is a time line of last night's events.

8:00PM - Approximately 350 protesters gathered in the park in front of the CH and Justice Center.

9:22PM - Protesters started a dumpster fire in the park across from the CH.

10:00PM - protesters removed a bottom section plywood (3rd & Salmon) attached to the CH. Members of the BOP team propped a piece of plywood on the inside of the building limiting the view of outside protesters into the building.

10:15PM - Estimated crowd size of approximately 1500 gathered in front of the Justice Building and CH.

10:50PM - crowd unknown size. shining lasers at CH LEO's.

11:00PM - Justice building taking glass projectiles from protesters.

11:05PM - PPB units recover an unloaded rifle from occupants in a Washington plated car

11:15PM - Protesters were observed cutting holes in fence in front of the Justice Building

11:22- PPB advices that another male is carrying a rifle with loaded magazines on his person

11:55PM - PPB officers receiving glass projectiles.

12:05AM - Protesters destroyed the key card reader into the parking garage on 2nd.

12:20AM - Several hundred protesters walked up salmon beating on glass to CH. these protesters made their way to the front of the CH and park.

12:24AM - Several hundred protesters removed and destroyed the entire 3rd street section of the CH fence. Protesters tagged the CH and through several objects at the windows as well as the structure. No visible attempts to breach were made. All though the protesters removed and destroyed the fence on 3rd street a majority of the focus appeared to be directed at the Justice Center.

12:35AM - PPB declared the protest an unlawful assembly and started clearing the area.

12:45AM - All quite.

1:30AM - Approximately 75 protesters a few blocks from the CH breaking windows and looting stores. PPB dispatched to the area and disbanded the group.

Seattle:

The first estimate of the protest crowd was 100,000. Updates estimates say 60,000 protestors.

No information regarding any incidents/damage at federal court facilities.

(b) (7)(E)

(b) (7)(E) is deployed to the District of Oregon (D/OR) in support of the ongoing civil unrest currently taking place in Portland and throughout the district. (b) (7)(E) continues to maintain a small element in the Western District of Washington.

- A total of (b) (7)(E) are staged in the federal courthouse located in Portland, OR.
-
- There are currently (b) (7)(E) members supporting the security of the federal courthouse in Portland, OR.
-
- (b) (7)(E)
-
- A (b) (7)(E) element remains in W/WA at the Seattle federal courthouse to advise, gather intelligence and support the district.
- A (b) (7)(E) taught a familiarization course involving the Marshals Individual First Aid Kit (MIFAK) for (b) (7)(E) DUSMs in W/WA.
-
- The Chief of W/WA provided an update on operational DUSMs available for the weekend. All W/WA DUSMs are on standby (call) for the weekend and will not be in the courthouse.
- The Seattle Police Operation Center (SPOC) has no intelligence on any planned marches or events in the downtown area for 06/12/2020.

- (b) (7)(E) continues to receive timely intelligence information from the Seattle Police Operations Center (SPOC).
-
- No incidents to report in the W/WA Area of Operations.
- A large crowd of protesters destroyed the security fencing in front of the federal courthouse in Portland, OR leaving the front of the courthouse fully exposed. A few protesters used paint to mark messages on the front of the courthouse. Multiple attempts were made to break courthouse windows without success. One keycard reader on the sallyport entrance was broken off and stolen.
- All federal courthouses in W/WA and the D/OR remain secure.

As passed along by the ADO/AD White re a Seattle update:

- SPD Leadership just announced that they plan to significantly scale things back and return operations/shifts to normal [starting at midnight tonight](#).
- They will have a skeleton crew in the SPOC throughout the week that will be comprised of one supervisor and one analyst that will stay until about [11pm](#) or [12am](#) each night.
- However, at the end of next week they will reevaluate and decide if they want keep that going or stop it altogether.
- There are still marches/protests scheduled for tonight that could draw anywhere from 7,000 to 17,000 but SPD is not deploying any resources and will simply monitor it from afar.
- PD has no plans, and knows of no plans, to retake the east precinct at this time. The crowds in the area will likely keep sections of the streets around the East Precinct closed for the foreseeable future.

Executive Summary

National Demonstrations Related to George Floyd Incident

June 15, 2020

Topic: National Demonstrations Related to George Floyd Incident. Capture Event # 20-1390.

Background: The May 25, 2020, death of George Floyd, Minneapolis, Minnesota, and the subsequent video circulating on social media depicting a police officer kneeling on Floyd's neck on the ground while Floyd stated he couldn't breathe has sparked nationwide protests this week. Some of these protests have turned confrontational and has led to looting, arson, riots, and calls for violence against law enforcement officers.

USMS personnel have been asked to assist impacted areas. The TOD Office of Emergency Management has been asked to request, collect, and report up on the operational status/impact of those Districts/Divisions involved.

- **Current Status:**

- **Total Assigned USMS Personnel:** (b) (7)(F)

(b) (7)(E)

- **District Updates:**

- **D/OR:**

- On June 14, 2020, protestors focused on the Justice Center and assembled in the park across the street. When protestors climbed and tampered with the fence, Portland Police deployed LTL impact munition.
 - Two protestors climbed over the fence into the secured area, leading Portland Police to arrest one. During the arrest, protestors threw multiple projectiles to include rocks and water bottles at the police. A large mortar was thrown at the police and exploded in front of the Justice Center (**Justice Center Video**). Portland Police cleared the area and made several arrests.
 - BOP has requested that five SORT members demobilize (b) (6), (b) (7)(C), (b) (7)(E), (b) (7)(F) approves of this request.

- Protestors cut and dismantled security fencing in multiple locations in front of the Portland Justice Center and near the Hatfield Courthouse. The front of the courthouse remains fully exposed. Protestors painted messages and unsuccessfully challenged and tampered with the secured front doors of the Hatfield Courthouse. A keycard reader on the north side prisoner sally port of the federal building was burned. Protestors launched mortars toward the Justice Center. Portland PD deployed flash bangs to disperse the protestors.
- Hatfield Courthouse is staffed by (b) (7)(E) and (b) (7)(E) members. Pioneer Courthouse is staffed by FPS and Border Patrol Agents.
- W/WA:
 - A (b) (7)(E) remains in Seattle to support the district.
- Division Updates:
 - TOD:
 - (b) (7)(E)
 - (b) (7)(E) had a conference call with D/OR management regarding the replacement of security fencing in front of the federal courthouse and the long-term outlook of the current mission. (b) (7)(E) strongly recommends that D/OR add a permanent, aesthetically pleasing security fence to the front of the courthouse.
 - IOD:
 - (b) (7)(E)
 - (b) (7)(E)
 - (b) (7)(E)

Risks/Challenges: Damage to property and continued targeting of law enforcement personnel. Portland officers have reported taking lasers to the eyes and projectiles to include fireworks, rocks and glass. Armed protestors are mixed in with the crowd.

Next Steps: TOD OEM will continue to obtain SITREPs from D/OR, IOD and (b) (7)(E) and provide Executive Briefings as requested.

- **Current Status:**

- **Total Assigned USMS Personnel:** (b) (7)(E)

(b) (7)(E)

- **District Updates:**

- **D/OR:**

- On June 13, 2020, intel suggested there may an autonomous zone established around the Portland Justice Center located right next to the Hatfield Federal Courthouse or at Portland State University. Portland Police stopped vehicles with building type materials and confiscated them to prevent roadblocks from being built. Portland Police also dispersed crowds in different directions to help prevent any attempts of an autonomous zone.
 - Protestors cut and dismantled security fencing in multiple locations in front of the Portland Justice Center and near the Hatfield Courthouse. The front of the courthouse remains fully exposed.
 - Protestors painted messages and unsuccessfully challenged and tampered with the secured front doors of the Hatfield Courthouse. A keycard reader on the

north side prisoner rally port of the federal building was burned. Protestors launched mortars toward the Justice Center. Portland PD deployed flash bangs to disperse the protestors.

- There are (b) (7)(E) members providing security at the Hatfield Courthouse. (b) (7)(E) will be arriving with additional armored vehicles the morning of June 14, 2020. Pioneer Courthouse is staffed by FPS and Border Patrol Agents.

- NCR:

- (b) (7)(E) DUSMs on standby for the weekend.

- W/WA

- Intel suggests the Hell's Angels are planning to ride to the CHAZ area and confront protestors. Experts within Seattle PD and Washington State Patrol believe the gang lacks the manpower to confront the thousands of protestors and propose that the gang is getting "spun-up" as a sense of patriotism.
- DUSMs are on standby for the weekend and will not be in the courthouse.
- A (b) (7)(E) remains in Seattle to support the district.

- Division Updates:

- TOD:

- (b) (7)(E)
- (b) (7)(E) spoke with D/OR management about replacing the security fencing in front of the federal courthouse. The district has chosen not to replace the fencing destroyed by protestors on June 12, 2020. (b) (7)(E) strongly recommends an aesthetically pleasing permanent security fence in the front of the federal courthouse in Portland. (b) (7)(E) believes there is a great need and benefit for this. Discussions with district management will continue June 14, 2020.

- IOD

- (b) (7)(E)
- (b) (7)(E)

- (b) (7)(E)

Risks/Challenges: Damage to property and continued targeting of law enforcement personnel. Portland officers have reported taking lasers to the eyes and projectiles to include fireworks, rocks and glass. Armed protestors are mixed in with the crowd.

Next Steps: TOD OEM will continue to obtain SITREPs from D/OR, IOD and (b) (7)(E) and provide Executive Briefings as requested.

All

Attached is a video found on twitter showing an assault of one of our (b) (7)(E) deputies last night in Portland. As you will see, this situation is very dynamic and clearly highlights the nightly attacks that our (b) (7)(E) folks have endured since being asked to defend the US Courthouse. Thankfully the deputy was not severely injured and you can see the restraint used by others in coming to his aid.

If you have any questions please let me know.

Sir,

As a follow up to our discussion on Monday regarding ongoing civil unrest in Portland, I spoke with USM Burger yesterday. He indicated protests continue on and off, but not every night, and no impacts to the Courthouse. The groups tend to be very small, 10-25 people. He also stated that a couple of nights ago there were multiple arrests at the ICE facility. Finally, he is monitoring protest activity as a result of the shooting yesterday by the task force and will let me know if there is any increase or if he needs any additional support.

Please let me know if you have any questions.
