Team Dom Ops:

FYSA on below aggressive plan put together by ASAC pursuant to a multi-agency meeting called by the US Attorney’s Office in Portland. Briefly, this is a high priority for the USAO, and HSI is one part, albeit an important piece, of the multi-agency effort.

Operations have available funding to TDY an agent to Portland to serve in the full-time “duty” role described below? This would essentially be a shift consisting of coordinating with FPS on intake of evidence, handling of arrestees, etc.

Please let me know if you have any questions or considerations, and whether TDY funding would be available for this effort.

(U//FOUO) Reporting Notice: This product was prepared by U.S. Customs and Border Protection, Office of Intelligence, National Intelligence Watch.

(U//FOUO) Nationwide Protests

(U) Current Situation

(U//FOUO) The nation has seen an increase in protests, sponsored by multiple domestic organizations, following the death of George Floyd. Based on open source and social media reporting, the majority of these protests, sponsored by the “Black Lives Matter” movement have remained peaceful. However, due to nefarious actors using these protests as façades, there have been incidents where law enforcement (LE) officials have needed to respond with escalated force – incidents including the use of pepper spray, riot shields, and rubber bullets. LE have had to use non-lethal, and in some cases lethal, force to control the civil unrest in cities around the nation. LE has suffered over 100 injuries, dozens of LE vehicles destroyed, and there are reports of police stations being burnt down. While many of these protests have occurred around major cities, some have occurred near CBP locations to include CBP headquarters where there has been protests and some looting.

(U//FOUO) Over the past 24 hours, we have seen numerous protests occur across the nation. Starting at 1700 on 1 June, peaceful protests began across D.C. Around 1800, Acting [ODJ]; [OF7]; [OC] tweeted a photo of CBP agents and officers who were in the capital area to support local law enforcement, which garnered multiple threats calling for open season on CBP. Despite Washington D.C., enacting a curfew starting at 1900, several groups were spotted in the city throughout the night with no law enforcement escalation required. The use of the #CBP and @CBP handles continue to trend with in a negative manner towards CBP. Around 0330 this morning, all CBP officers and agents deployed in the National Capital Region were demobilized for the day.

(U//FOUO) Most major cities have enforced curfews, which has led to a decrease of violence and unrest in various cities. However, in New York, due to wide spread looting over 200 individuals had been arrested. According to open source reporting four police officers were shot in St. Louis and two police officers were shot in Las Vegas, NV. Violent protests has been reported in several California cities. However, not at the level of previous nights of protest with many cities enforcing their curfews.
Domestic Ops,

Please see the below from our SRT Commander clarifying the arrests made in the early morning of 7/5. SF SRT only provided security for arresting officers from other partner agencies (BORTAC and USMS).

Good afternoon,

Important clarification and apologies for not identifying it beforehand:

Subject: HSI SF SRT assist to Portland, OR - End of Shift report - 7/5/2020 05:30hrs

FPS Operations have concluded for the evening.

04:15 am – HSI SRT team deployed outside the Hatfield Federal Courthouse due to rioters using lasers on law enforcement personnel and trespassing/attempting to damage federal property.

HSI SRT arrested 1 subject for using a Laser on law enforcement personnel, upon a search of the subject he on his person what appeared to be a pipe bomb, machete, knife and laser

05:30 - End of operations for night

Throughout the night HSI SRT had multiple crowd control deployments to ensure security of the Hatfield Federal Courthouse in Portland, Oregon and to make arrests of individuals involved in rioting.

One incident involving a large firework being thrown into the foyer of the Federal Courthouse, exploded next to members of the SF SRT team. While no immediate injuries were noted, this incident may result in a CA-1 being filed by some members of the SRT team.

A total of 8 arrests were made throughout the night, with HSI making 4 of those arrests. Three of the arrests were ultimately released and one was cited and released.

7/5/2020 – 1700hours – FPS plans to begin operations again

Subject: HSI SRT - ERO SRT FPS Support Changeover plan

All,

HSI SF SRT Commander and ERO SRT Tac Command communicated and agreed to the following relief plan for the Civil unrest support to FPS in Portland, Oregon.

On July 10, 2020, the ERO SRT team will arrive in Portland, Oregon and cover the FPS Support shift starting with the operational brief at The bulk of the HSI SF SRT will depart the
Portland area on the afternoon of July 10 while three HSI SF SRT personnel will remain on station Friday night to overlap with ERO to provide continuity of operations support to FPS and depart on July 11, 2020.

Effective July 11, 2020 at 1700 hours ERO will take over responsibilities for situational reports related to the SRT deployment in support of FPS.

Thanks,

I just wanted to send a short update regarding the HSI support to FPS for the civil unrest occurring in Portland. HSI SF SRT arrived in town July 2, 2020 and was initially deployed to protect the ICE building. Due to the activity occurring in downtown Portland near the Federal courthouse and building, the team’s assignment shifted to protecting both of these buildings. I have attempted to minimize the impact on our HSI Portland operations as much as possible by having myself support the HSI SRT element nightly in the FPS Command Post.

It has turned into quite a joint support operation with the following Agencies Participating:

It is anticipated that a ERO SRT team will relieve the HSI SRT team on Saturday Morning. It is anticipated that the ERO contingent will take over responsibility for representing ICE at the command post. However, HSI does have some equities and interest in these FPS operations. Several HSI Personnel have been victims of assault. So while I don’t anticipate needing to staff the Command Post over the weekend, I would like to have at least GS available should HSI need to respond to the CP to assist. See press release -

Should HSI need personnel in the CP it would be to staff the following two shifts:

- 7/11 (end time approximate)
- 7/12 (end time approximate)

***I don’t anticipate staffing these shifts, but want to have someone identified just in case.

Please let me and your supervisor know if you are available to cover one of these shifts.

Thanks,

All,

HSI no longer has HSI SRT assets assisting with the unrest around the courthouse. However, due to the consistent activity related to the unrest HSI Portland will continue providing support in the command post daily until further notice. Starting tomorrow, July 11, 2020 we are going to have the duty agent attend the nightly operational brief located at Edith Green federal building and man the command post at the federal courthouse starting between pm until FPS closes the command post down around pm.

Please get with your GS for more specific instructions as to what your duties will be. But bring your handheld, work laptop and a helpful attitude. There are a lot of moving pieces and a lot of things we can do to support the overall mission.

I have the following as duty the next 3 days:

Saturday July 11
Sunday July 12
Monday July 13

Assignment of HSI Personnel - Protection of Hatfield Federal Courthouse
- Evidence Collection
- Assistance with Arrest & Electronic Device Affidavits
- Mobile surveillance

High Points of night (250+-)
- Smaller crowds of protestors gather in front of Hatfield
- Protestors deployed Molotov cocktails, lasers, fireworks, rocks, and burning trash.

Specific noteworthy events - HSI personnel using Followmee.com app to track mobile units. Initial feedback is positive.

Investigative Actions - Identified suspicious vehicle (Penske Box truck) in the vicinity of the riots. Truck departed the downtown area after majority of the protest was over for the evening. Units followed the truck to a rest...
stop south of Wilsonville, OR where it appeared to stop for the occupants to sleep. The truck behaved suspiciously while leaving Portland by conducting random and abrupt turns and following a circuitous route to Southbound I-5.

- Review of open source video recording to identify persons involved in criminal activity.

Orting

- From Chief We had approximately 500 peaceful protestors last night. No issues and no clashes.
  - Two plates to perhaps keep note of:
    - Computer check showed the vehicle registered out of Everett. CAD showed that this vehicle was seen at 5 different protests. The owner was strapped with a chest rig loaded with mags and a gas mask. He was also carrying a paint ball rifle. His vehicle was tagged with anti-police insignia. is the identified individual.
    - Photos attached to this email in PDF. He was recently at the large protest on Sunday at Wright Park.
    - WA license The owner was a friend of the first one. Neither posed any issues during the protest and they remained peaceful throughout the protest.

Hey guys, could I get your departure date? I know some have let me know but please confirm via an email. The actual fly out date is what I'm looking for. I want to make sure to get you off work the shift prior to departure so you are not required to work until the morning of your flight. I'm also trying to project out for the next round of deployments, both from the regional agents as well as agents from outside.

All,

Today the Portland City Council passed a resolution that, in part, state that the members of the Portland Police Bureau is prohibited from doing the following:

- All members of the Portland Police Bureau shall not provide, request, or willingly receive operational support (which includes but is not limited to embedding in a federal incident command center, sharing or receiving information from above defined federal forces, engaging in policing or crowd control measures with above federal forces) from any agent or employee representing or constituting part of deployment under executive order from the president, be they from Department of Homeland Security, the U.S. Marshals Service, the Federal Protective Service, U.S. Customs and Border Protection or any other service;

At this time, based on advice from our City Attorney’s Office, we can no longer share any information or intelligence (including any active threats to life) with any federal agency as it relates to the current protests; and, we may not solicit any information or intelligence. As you can imagine, I have many questions about what that all means and will be discussing with our attorney but for now, we have to abide by the City Council directive.

For our non-federal law enforcement partners, this resolution does not apply.
My personal and professional apologies to you all who have worked and are continuing to work so hard to keep everyone safe.

Today the Portland City Council passed a resolution that, in part, state that the members of the Portland Police Bureau is prohibited from doing the following:

- All members of the Portland Police Bureau shall not provide, request, or willingly receive operational support (which includes but is not limited to embedding in a federal incident command center, sharing or receiving information from above defined federal forces, engaging in policing or crowd control measures with above federal forces) from any agent or employee representing or constituting part of deployment under executive order from the president, be they from Department of Homeland Security, the U.S.
Marshals Service, the Federal Protective Service, U.S. Customs and Border Protection or any other service;

At this time, based on advice from our City Attorney’s Office, we can no longer share any information or intelligence (including any active threats to life) with any federal agency as it relates to the current protests; and, we may not solicit any information or intelligence. As you can imagine, I have many questions about what that all means and will be discussing with our attorney but for now, we have to abide by the City Council directive.

For our non-federal law enforcement partners, this resolution does not apply.

My personal and professional apologies to you all who have worked and are continuing to work so hard to keep everyone safe.

Respectfully,

We ended up with about 25 protestors about 45 min after my email. They cleared out around 1620.

We have about 25 people out there and a man with a professional media-type camera. The woman that dropped off the drums and such was arrested a couple of days ago for interfering with a police officer and arrested last year for assaulting a police officer. Her name is [Redacted].

Looks like it is down to four

About a dozen people as of 1:50 pm. No problem leaving building.

There is a call to action at the ICE building protesting the custody a woman. I can’t find any information on the numbers that plan on going.

FYI<
FYSA...looks like Sunday is potentially a go for ICE.

Would you like us to staff earlier than our normal start time? Does FPS plan on staffing the ICE building on Sunday a little more robust than just officer?

HSI will have on shift tonight starting at but I was thinking of moving my Saturday shift to standby since it looks like Sunday is the day they are planning to come to ICE. Does that work for you?

Will keep you posted on any other intel received.

Thanks,

See attached, Sunday 14 June protest planned for our building.

I have not seen any mentions of our address on SM.

Gents,

Can one of you reach out with PPB Criminal Intel Unit today regarding any intel for the ICE building? According to my contacts at PPB there is some intelligence regarding a possible move over to our facility from the RJC this weekend...not sure where the intel is coming from or how accurate it may be.

Good morning.

DHS NOC is expecting additional protest activity at Federal facilities in the PNW. Seattle is specifically identified. DHS is recommending continued telework to minimize risk to employees, which given our current operating status shouldn’t be too impactful.

Good Afternoon

NDD has no additional information the Portland event, by expect some protest in Seattle o Saturday. See below

The Fusion Center IO has provided the following:
I have a bunch of folks looking for more info on this but don’t have anything additional from previous reports...As stated by local FPS They are working with PPB, FBI, ATF, and HSI to follow up. The protest was in support of George Floyd who was recently killed by Minneapolis police. There has been rioting in several cities and it seems likely we will experience additional protests in the PNW. Out of an abundance of caution we recommend that a social distancing/telework posture be maintained at DHS facilities to minimize risk and that employees who are working at federal facilities be attuned to suspicious activity and employ prudent officer/agent safety practices.

We expect related protests in Seattle this Saturday that will travel to the USCH at 700 Stewart and possibly other federal facilities. We are working on a response plan with
