See below for last nights activity.

According to FPS this is one of the more action packed nights they've seen of the 54 straight days of protests. Protesters successfully BREACHED Hatfield after prying open the plywood and attempting to enter. Federal Agents deployed CS gas and pepper munitions to prevent people from gaining entry through the point of the building breach.

As tactical units deploy from the building to push back the violent opportunists they were met with resistance resulting in the arrest 5 and individuals. The HSI Duty Agent assisted FPS by taking the bodies of those arrested by the tactical teams and brought inside the courthouse, assisted in searching those arrested and assisted in escorting arrestees to holding cells on the (b)(6); (b)(7)(C) floor of the Hatfield courthouse.

Once the building was secured, HSI Assisted with identifying those arrested by conducting various database queries and further assisted by being a 2nd Agent to interview individuals arrested.

Below are the individuals arrested early morning of 7/21/20.

(b)(6);
(b)(7)(C)

As a follow up to your text, I just wanted to reiterate the extent of HSI's involvement in Portland protests.

July 3-10, 2020

(b)(5); (b)(7)(E)

Since July 11, 2020

On July 11, ERO SRT relieved HSI SF SRT. Since that time, HSI Portland has staffed the FPS Command Center with (b)(7)(E) (rotating duty agent) nightly who has provided investigative value-add to their FPS' efforts. Specifically, the HSI Portland agent on duty at the Command Center performs the following, as needed:

- Intel support by reviewing open source social media;
- Database checks in (b)(7)(E)
- Running arrested individuals' information to obtain biographical data (name, date of birth, (b)(7)(F), (b)(7)(E) address, height, weight, hair color, eye color, etc.);
- Assist with interviewing subjects;
- Offered forensic support (b)(7)(E)
- Monitor pole cameras as requested;
- Assist FPS agents in drafting interview reports/search warrant affidavits;
- (b)(7)(E)
- (b)(7)(E)

Additionally, ASAC (b)(6); (b)(7)(C) is meeting with the US Attorney and other federal partners later today to discuss actions to date and possible future assistance. We anticipate HSI may be asked to take a more active role in investigating those identified as committing federal offenses during the protests (i.e., stalking, assaulting federal employees, etc.), but we can update you further on that after the meeting.

Please advise if

this is sufficient for your purposes. And again, if there is any input/recommendation/guidance from HQ on whether we should increase/decrease our involvement, please let us know.

Subject: HSI agents on the ground during Portland protests?

Hi (b)(6); (b)(7)(C)

I am the local POC for four pending lawsuits related to the Portland protests. I have an inquiry from the Deputy Chief of OPLA's district court law division at HQ. They need to know if there have been any HSI personnel on the ground during the protest and if so, is there a list of names?

Response is urgent, as there is expedited discovery.

Thanks,
