I have a FOIA complaint in litigation that needs a response from the RIM team. We are looking for records concerning the following search points:

(c) All communications with the National Archives and Records Administration ("NARA") relating to CBP's deployment or use of Wikr.

(d) All records reflecting any determination, analysis, or consideration by CBP, NARA, or any other agency of whether CBP's use of Wickr complies with the FRA and implementing regulations.

This is an urgent request for records (or confirmation no records exist) because this case is currently in litigation.

Thank you,

Sorry, for the delay, I was in a meeting. Unless the individuals added to the email below have something else to add, I would say OIT has shared the information that we have. From the names I recognize, they are primarily CTO. I will say the letter (b)(6), (b)(7)(C) references occurred after I responded for OIT.
