Subject: [EXT] check out date

Hi [REDACTED],

I hope all is well with you and everyone around you. I am getting notice that the South Dakota National Guard is checking out but I have their due date to check out on Sunday. Since we did have this date for Sunday we will no be getting revenue for tomorrow. We will need to have your group checked in until the date specified by your office in order for us not to lose any revenue for almost all of the Mainstay Suites. Please let me know if this check out date can still stand for check out on Sunday. We appreciate your choice in lodging needs for your group.

Subject: TF 153 Update 08 SEPT
Date: Wednesday, September 8, 2021 11:40:42 PM
Attachments: [Man hours.xlsx](#)

ALCON,

This morning we loaded and sent 7 HMMWVs, 1 Contact Truck and our 1 Wrecker down the road to return to home station. We tentatively are scheduled to load up two more HMMWVs tomorrow.

Nothing significant to report for today on our LP/OPs. It has been 5 days since we have encountered any surrenders. Tomorrow is the last day on the points. Alpha Company will take over manning of the points by late evening.

I attended the last TF Salerno CUB this afternoon for TF 153. The following are some pieces of information:

The recent arrest of CDG figure "La Droga" uncovered a vast network of corruption within the Tamaulipas government. This discovery included various local, state and federal officials that are alleged to have been providing information and favors to the CDG organization.

Rio Grande Valley Operations Center (RGV OPCEN) has reported divisions between various factions within the CDG. These factions are now in-fighting one another along the US-Mexico border between Reynosa and Miguel Aleman, Tamaulipas (Zones 1-9).

I was informed that TXARNG Major General Norris and LTC [REDACTED] have intentions of traveling to South Dakota in the future, this will correspond with the final approval of Texas awards for TF 153.

TF Salerno will start having weekly press conferences with the media starting 09/16 each Thursday. Major [REDACTED] is also working on a roll up reference our involvement for the last two months.

Respectfully,

Sir,

This looks good. I would add your leave time from Texas and arrival to Huron. That way per diem can be justified based off of time of arrival to South Dakota. Another thing is I would change the verbiage for the date 9/13 to "Huron to HOR". Also, In this case for [REDACTED] if he arrived home (HOR) at 1800, he would not qualify for supper. So his per diem for 9/13 would be \$20.

If you have any questions, please let me know.

Sir,

They are driving the state vehicles back. I had the same thought as you on the one bus vs two. A couple days ago I had asked CPT [REDACTED] to get with his leadership team and conduct an analysis to see if they could get by with one. Yesterday he let me know they still needed two busses to account for their gear and bags.

Are they driving back the State vehicles, or shipping? Just wondering if we need two buses if 20 are in the vehicles.

Subject: TF153_Demob / Split-Train

Afternoon CPT [REDACTED],

BLUF: need Soldier count wanting to split-train 4-UTAs upon demob;

Understanding 12 Sep 21 is the current "projected" end date for the TF153 mission in Tx and considering we'll need to allocate 2-3 days of travel and demob at home-station, please provide the number of 48 Soldiers assigned to TF153 needing to split-train [16-17 Sep 21] immediately after demob is completed [15 Sep 21]. If at all possible this timeline may be able to shift to left by one day or so depending on the demob process. The intent is to determine which TF153 Soldiers would like to complete four UTAs to cover debts [i.e. TRICARE, SGLI, etc.] incurred during SAD and ensure they have a good year toward retirement. As it stands, not possible for all UTAs for the months of Jul, Aug and Sep to be made up prior to the end of the fiscal year. After the split-train is completed, payroll needs to be entered NLT 17 Sep 21.

To be clear, the decision whether to extend TF153rd's mission is pending at this time and will be discussed in coming days.

Respectfully,

Sir, were you on SAD during your visit? Who funded the trip? Attached is the voucher, but I'm not sure you qualify for state travel reimbursement if you were traveling on a different pot of money. I would recommend to check with COL [REDACTED] on that.

Thanks for sharing the experience. It's crazy to see what is going on there. Let me know if there is anything else I can help with.

Subject: TF 153 Update 31 AUG

ALCON,

The following is information gathered from the CUB this morning.

TF Salerno continues to train the recently arrived 300 PAX and some of them have started to join companies depending on where they fall in the task org. The TF will be conducting another IWQ in the later part of the September as they still have about 140 PAX that are not qualified.

No weather issues as all significant weather has dissipated or moved to other areas.

SIGACTs reported include:

During the early morning hours of 27 AUG, three Cartel del Golfo (CDG) hitmen were reported to have attacked State Police officials in Matamoros, Tamaulipas (35 minutes away on M side). The gunmen reportedly opened fire on State Police, initiating a vehicle chase through the city. The pursuit ended with the officers ramming the suspect

vehicle, causing it to ignite in flames and the cartel members to perish.

The San Diego County Sheriff's Department announced the exposure of one of their officers, Deputy [REDACTED], to the drug Fentanyl. This opioid is considered 50 times more potent than heroin and continues to grow as one of the greatest threats to United States. Texas DPS reports an eight-fold increase in fentanyl seizures along the U.S.-Mexico border when comparing Jan-Apr 2020 and the same time frame in 2021.

On 28 AUG a caravan of more than 600 individuals was stopped by the Mexican National Guard in Tapachula, Mexico. The individuals were said to have grown increasingly frustrated with the delay in immigration proceedings. This caravan is believed to be heading towards the border.

As of 30 AUG, and in response to the tens of thousands of Afghans seeking refuge following the overtaking by the Taliban, Mexican foreign relations Secretary stated that Mexico will "support human rights applications for refuge, asylum and humanitarian visas."

The current number of COVID positive Soldiers for TF Salerno is 23.

There was a slight uptick in the number of encounters on our points but remains low.

Respectfully,

CPT [REDACTED]
