RE: Kendyl Willox's employment with Senator Ted Cruz's office

Dear Mr. Ventimiglia,

It is with great pleasure that I submit this letter of recommendation on behalf of Kendyl Willox, who has been a member of Senator Ted Cruz's Washington, DC staff since October 2017 and has been a huge asset to our office. Kendyl is responsible for a wide range of duties including coordinating Capitol tours and visits for constituents, overseeing Senator Cruz's front office, managing the office Intern Reading Program, meeting with various constituent and stakeholder groups to discuss healthcare and education policy on behalf of Senator Cruz, helping write policy memos on education and healthcare policy initiatives, and assisting the Senator's policy staff on various other projects.

Kendyl's professionalism and willingness to help have been apparent throughout her entire time in the office. The work that she produces exemplifies her strong work ethic and drive to succeed and is always well thought-out and carefully completed. She consistently shows great maturity in her ability to prioritize and maintain a number of projects at any given time and always completes her work quickly, correctly and with a smile on her face. Kendyl consistently goes above and beyond by taking on meetings and additional work in order to contribute to the policy team and learn more about policy issues she is interested in.

Her commitment to public service has been apparent from her first day in the office and she is one of our most trusted staffers. Kendyl consistently produces real results while placing a premium on building relationships with everyone around her at the same time, and can be trusted to represent the office well in any situation. I highly recommend Kendyl Willox and have no doubt that she would be an asset in any job position. If you have any questions regarding her time with our office, please feel free to contact me via phone (202-228-7565) or email at Megan_Packer@cruz.senate.gov. Thank you for your consideration.

Best Regards,

(b)(6)
