Dear Requester:

This is the nineteenth interim response to your Freedom of Information Act (FOIA) request, originally received by the United States Secret Service (Secret Service) on January 21, 2021, for information pertaining to:

1. All records from December 1, 2020 to January 6, 2021 reflecting any plans for demonstrations, gatherings, disruptions, attacks, or riots in Washington, D.C. on January 6, 2021 that were identified by any DHS component—including without limitation the Office of Intelligence & Analysis (“I&A”) and the Federal Protective Service (“FPS”)—or other agencies through social media monitoring, threat assessments, or other means.
2. All records from December 1, 2020 to January 6, 2021 reflecting any tips, complaints, referrals, allegations, or reports submitted to any DHS component—including without limitation I&A and FPS—regarding planned demonstrations, gatherings, disruptions, attacks, or riots in Washington, D.C. on January 6, 2021.
3. All records from December 1, 2020 to January 6, 2021 reflecting DHS’s communication to other agencies—including without limitation the U.S. Capitol Police, the D.C. Metropolitan Police Department, the Federal Bureau of Investigation, the Department of Justice, or the Department of Defense—of the risks or threats posed by planned demonstrations, gatherings, disruptions, attacks, or riots in Washington, D.C. on January 6, 2021.
4. All records from December 1, 2020 to January 6, 2021 relating to any DHS component—including without limitation I&A and FPS—providing assistance or support to the U.S. Capitol Police, the D.C. Metropolitan Police Department, or any other agency in connection with the January 6, 2021 congressional session to count electoral votes.

After a detailed review of all potentially responsive records, 228 page(s) were released in part. Exemptions under the FOIA Statute, Title 5 U.S.C. § 552, and/or the PA Statute, Title 5 U.S.C. § 552a, have been applied where deemed appropriate after considering the foreseeable harm standard outlined in the 2016 amendment to 5 U.S.C. § 552 (a)(8)(A)(i) and DOJ guidance.

Enclosed are the documents responsive to your request, as well as a document that explains the exemptions in more detail. Withheld information is pursuant to the exemptions marked below.

Good Evening National Capital Region Threat Intelligence Consortium (NTIC), FBI, DHS CISA PSA, EPA Region 3, and Response Partners,

You are receiving this information as vetted intelligence and response partners.

At this time, the information below should stay protected and only for those that need to know.

Please see potential threat notification which DC Water received from our partners at Washington Aqueduct and Region 3 EPA. Appears, at this time, not much is known outside the initial notification from Fort Leonard Wood, Missouri which stated “hunch that on January 6, 2021 that there would be a chemical or biological attack in a water reservoir in Washington D.C. and that there should be extra security at the inauguration”.

REQUEST: DC Water would like to know who the point of contact is that will be leading the analysis to determine if this is a **credible threat and when that determination would be available**. DC Water is also requesting to be include on all communications of this potential threat.

Initial response by DC Water is to increase security patrols immediately and analyze operational needs and capacities.

Subject: Threat, DC Water Reservoir (Unclassified)
Importance: High

EXTERNAL EMAIL, PLEASE USE CAUTION BEFORE CLICKING A LINK OR OPENING AN ATTACHMENT

All,

This is a heads up of a possible threat to a water reservoir in D.C. or possible NCR.

The noted caller contacted a Military Police station in Fort Leonard Wood, Missouri as noted below.

Description: Hello my name is Sergeant (b)(6); (b)(7)(C) and I am a DACP Desk Sergeant with the Ft. Leonard Wood Military Police. And during my shift I received a phone call at the Military Police Desk from a (b)(6); (b)(7)(C). He was wanting to report that he had a hunch that on January 6, 2021 that there would be a chemical or biological attack in a water reservoir in Washington D.C. and that there should be extra security at the inauguration. I would like to make sure that this gets reported/known.

The "how" and "why" are not known at this time. Intelligence community and EPA Region 3 are aware of the threat. Should further investigation suggest that the threat is credible, regional coordination may be warranted.

REQUEST: DC Water would like to know who the point of contact is that will be leading the analysis to determine if this is a **credible threat** and **when that determination would be available**. DC Water is also requesting to be include on all communications of this potential threat.

(U) Notable Trends and Tactics for Consideration Ahead of Potential Civil Unrest in the National Capital Region

January 4, 2020

(U) Executive Summary

On January 6th, 2021, a joint session of Congress will meet on Capitol Hill to certify the votes of the Electors to the Electoral College from each state in the Union. Large groups of demonstrators are anticipated to travel to Washington, DC in advance of the vote. Past encounters between opposing protest groups have occasionally led to violence between them and against law enforcement personnel, as well as damage to private and government property. Roughly 26 demonstration permits have been approved by the US Park Police for January 5-7, including Freedom Plaza, Washington Monument, the National Mall Area and the Capitol, and several hotels are sold out on January 5-6, both indicators of large crowds. Permit application estimates indicate there could be approximately 28,000 people in attendance for these events. At least 55 additional demonstrations have been mentioned on social media for January 6, but it is unclear whether any are permitted.

The Proud Boys (RID), a group who is of record for numerous demonstrations at the White House and temporarily protected sites, have advised they will not wear their traditional black and yellow attire and will dress "incognito." The group self-reported plans to demonstrate in smaller groups throughout DC. Current numbers of planned participants was not indicated, but the group stated they will "turn out in record numbers." The group has not been known to engage in civil disobedience and their demonstrations have ended without incidents or arrests.

(U) Behavior and Tactics

A range of known and novel tactics have been used over the past couple months by various violent demonstrators to attack law enforcement. Tactics have included improvised weapons, firearms, vehicle ramming, improvised incendiary and chemical devices, staging of weapons caches, and visual impairment.

- Protestors often dress in layers that allows them to easily and quickly remove clothing exposed to chemicals and other skin irritants.
- Clothing is worn in solid colors and typically devoid of logos or symbols to conceal their identity.
- Protestors have been encouraged to take on specific roles. For example, a buffer line wherein coordinators may ask individuals perceived to be non-threatening, such as children, elderly, or handicapped, to position themselves between the larger demonstration group and police in order to create a buffer. As demonstrators engage law enforcement, a negative optic is created toward the law enforcement officers who are then forced to engage and remove them.
- The use of materials and devices to visually impair officers has been frequently observed. This includes paint filled balloons, chemical mixtures, laser pointers, and umbrellas. In Portland, a wall of individuals with shields established formations in front of and behind an officer before the front

UNCLASSIFIED//FOR OFFICIAL USE ONLY

shield then took a knee allowing another individual to spray the officer's face with paint, who suffered burns due to a chemical substance mixed into the paint.

- The use of Improvised Incendiary and firework devices, or IIDs, have become common tactics observed during moments of civil unrest. The danger posed to law enforcement officers and the general public from both IIDs and fireworks is substantial. Molotov cocktails are easy to use and deploy with common household items.
- Improvised weapons such as bats, bricks, pipes, balls, frozen water bottles, or syringes can be concealed and discarded with ease. Additionally, tennis balls and other projectiles have been filled with concrete to throw at police during a peaceful demonstration.
- Firearms may easily be concealed and used, after avoiding detection due to the large and noisy crowds.
- Vehicle ramming may inflict severe injury.

(U) Recent Events Featuring Violent Tactics

On Saturday, 12/12/20, at least eight officers sustained injuries during violent altercations after a Million MAGA March rally in DC as objects were thrown and officers were assaulted. Multiple assaults took place between protestors and four individuals were stabbed after an argument escalated. Shields, eye gear, helmets, armor, pepper spray, and a variety of weapons were utilized by the opposing sides.

- In Sacramento, individuals threw objects at officers and some deployed pepper spray. Individuals from opposing protest groups wore gas masks, helmets, and armor.
- In Olympia, WA, officers were assaulted by objects including rocks, a baton, and a paintball gun. Individuals from opposing groups possessed firearms and one individual was arrested in connection to a shooting. Additionally, a large firework IED that failed to detonate was found in the area which had to be rendered safe by the state bomb squad.

On Saturday, 12/05/20, three Sacramento officers suffered minor injuries during dueling protests which saw thrown objects and lasers shone into officers' eyes.

On Saturday, 11/14/20, during clashes after the Million MAGA March rally between pro-Trump supporters and counter protesters, four DC police officers were injured while intervening in fights and keeping the opposing sides separate. There were reports of objects being thrown, including rocks and bottles. One protestor was stabbed and transported to the hospital.

On Saturday, 10/31/20, two San Francisco officers were assaulted with caustic chemicals during a free speech rally when counter protesters threw bottles filled with the substance. Officers reported trouble breathing and burning sensations. Glass bottles, cans, and eggs were also thrown.

PID assesses there is a continued threat of low to mid-level violence instigated by violent rhetoric and reaction to police actions. It is also assessed that political events, government buildings, and high-profile private property will be targeted by anarchist extremists with vandalism and critical mass attacks designed to prevent normal business or law enforcement operations. Further demonstration activity related to the 2020 presidential election and upcoming January 20 inauguration ceremony is anticipated with the possibility of individuals or groups engaging in civil disorder.

PID urges all members of the Secret Service to remain vigilant and report any suspicious activity to the Protective Intelligence Operations Center (PIOC) at (b)(7)(E)

Subject: Mayor Bowser Continues Preparation for Upcoming First Amendment Demonstrations

This is an important message from the District of Columbia AlertDC system.

Mayor Bowser is continuing preparations for this week's First Amendment activities. She had previously directed the DC Homeland Security and Emergency Management Agency (HSEMA) to stand up the District's Emergency Operations Center (EOC) beginning Monday, January 4, to coordinate the response for the upcoming First Amendment demonstrations, permitted by the National Park Service, scheduled for January 5 and January 6. The EOC serves as the coordination hub between District agencies and regional and federal partners. On Tuesday, the Metropolitan Police Department (MPD) begins its full activation with all staff reporting for response on Tuesday and Wednesday.

Mayor Bowser instructed District agencies to create a comprehensive public safety response to ensure residents' safety. Additionally, HSEMA and MPD are conducting event overviews for the Council of the District of Columbia, faith leaders, and the downtown business community. Residents are encouraged to report suspicious activity by making a report through iwatchdc.org or by calling 911 for immediate threats or emergencies.

“MPD and HSEMA are coordinating among District agencies and with federal authorities to ensure our residents and businesses remain safe,” said Mayor Muriel Bowser. “I am asking Washingtonians and those who live in the region to stay out of the downtown area on Tuesday and Wednesday and not to engage with demonstrators who come to our city seeking confrontation, and we will do what we must to ensure all who attend remain peaceful.”

Members of the public and anyone attending the events are reminded that District law prohibits anyone from carrying a firearm within 1,000 feet of any First Amendment activity. Under federal law, it is illegal to possess firearms on the U.S. Capitol grounds and on National Park Service areas, such as Freedom Plaza, the Ellipse, and the National Mall. Additionally, members of the public are reminded that the District of Columbia does not have reciprocity with other states' concealed pistol licenses; unless a person has been issued a concealed pistol license by the District of Columbia, they cannot conceal carry a firearm in the city. Finally, it is illegal to open carry firearms in the District.

Residents and commuters are encouraged to register for important alerts from the District by signing up for AlertDC at alertdc.dc.gov.

A comprehensive list of traffic adjustments and street closures in effect Tuesday, January 5, and Wednesday, January 6 can be found at <https://mpdc.dc.gov/release/traffic-advisory-first-amendment-activity-Jan5>.

While the Metropolitan Police Department does not anticipate additional street closures on Tuesday, January 5, 2021 and Wednesday, January 6, 2021, there is the potential for intermittent closures in the downtown area. Additionally, while the Metropolitan Police Department does not anticipate street closures on Thursday, January 7, 2021, there is the potential for intermittent closures in the downtown area. Any decision to close a street will be based upon public safety. For timely traffic information, visit: twitter.com/DCPoliceTraffic

The public should expect parking restrictions along the street and should be guided by the posted emergency no parking signage. All vehicles that are parked in violation of the emergency no parking signs will be ticketed and towed.

Motorists could encounter possible delays if operating in the vicinity of downtown area and may wish to consider alternative routes. The Metropolitan Police Department and the District Department of Transportation also wishes to remind motorists in the vicinity of this event to proceed with caution as increased pedestrian traffic can be anticipated.
