I'm under a time crunch to get this draft turned around so I haven't given this a good copy edit yet, but I wanted to get this section on BWC to you for review. Please let me know if you have any edits or if I need to route it through DAD Dunham.

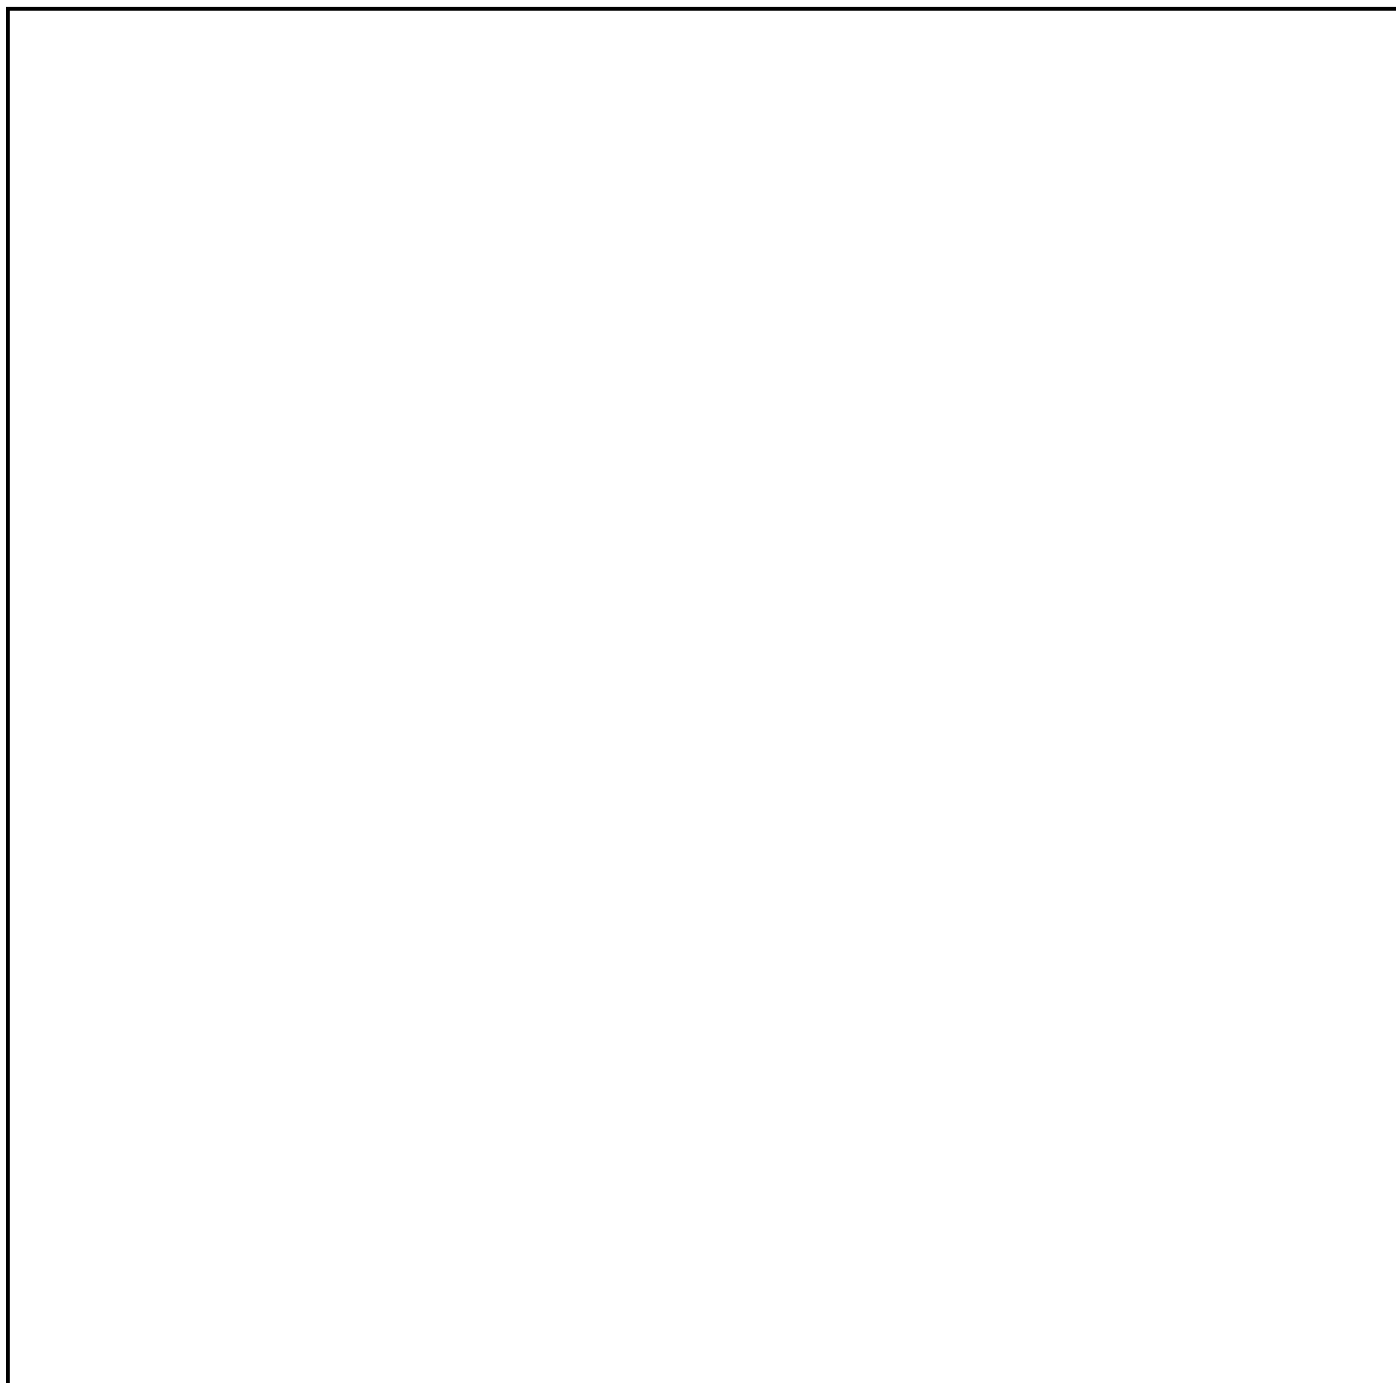

Thanks!

[redacted] drafted the attached email for me about a month ago – intended to be sent by DAD Tim Dunham to all SACs. It was never sent because things kept changing.

b6 -1  
b7C -1

Things have changed since then, but I like the follow points it makes:

- Clarifying BWCs will only be worn in certain situations, and the obvious exclusions are accounted for
- Phase implementation will be slow to start
- This is a **good** thing for us because we do things the right way

b5 -1  
b7E -4

The biggest change is that our current plan is to begin field implementation in [redacted] Still subject to change.

b5 -1  
b7E -4

Second attachment is the email ADIC Sweeney sent [redacted] I really like his approach as well, and would endorse his messaging fully.

Is this enough to work off of? Sorry again for the delay in getting this to you. It hit the back burner last week when some other fires arose. Let me know if I can be more helpful. Thanks!

Hi [redacted]

Can you please send [redacted] and I whatever bullet points you have on body worn cameras for the Director to include in his remarks to the FBI AA -- anything he might want to convey to our current agent population about what the rollout of body worn cameras means for them? I don't have any guidance beyond that. The DO moved the deadline up for the remarks and they are due mid-week. I need to get a draft in circulation today.

Thank you!

Hi [redacted]

I'm drafting the Director's remarks to the FBI Agents Association later this month. They'd like him to address body worn cameras and their implications for agents in the field. [redacted] suggested that you might have the latest on the topic that you could send our way.

b6 -1

I'm copying [redacted] as well, who's drafting the DD's remarks for the same event. We may decide to include body worn cameras in his remarks rather than in the Director's, so please cc her on your reply. I'll be out of the office [redacted] but I know she plans to get the DD's remarks drafted before that.

Thank you for your help!
