Chief: **(b)(6), (b)(7)(C)**,

Below is the outline and current battle rhythm for how this has been going at HQ as well as some notes from **(b)(6), (b)(7)(C)** in Portland. The last stand by roster that was done for USBP and OFO is attached along with the AS1 Action memo and FPS POCs.

This began on June 26th following the President's Executive Order: Protecting American Monuments, Memorials, Statues, and Combating Recent Criminal Activity. AS1 then formalized the DHS Protecting American Communities Task Force (PACT) to provide an ongoing assessment and internal resourcing to protect federal property and personnel. Operational Support, led by EAC William Ferrara and DEAC Linda Jacksta, asked me to be the lead for CBP for the response efforts over the 4th of July Holiday weekend. EAC Ferrara is the primary CBP rep for the PACT but asks USBP for all the info and COAs and does often defer to me for briefing on the SNAP OPSDEPS calls. We had already established the working relationship with the EOC, IICC, and SITROOM tie ins based on the NCR response efforts during early June for the D.C. protests. This was only intended to be short term but has now turned out to be a long term effort in Portland with no end in sight.

The DHS PACT is led by Christopher Tomney. He is retired USCG. The main person I deal with at DHS is Shawn Phillips. He is the Deputy Chief of Staff (Operations) and understands real world tactics from his military days.

FPS is the lead agency that the PACT is allocating resources to. POCs for FPS that I deal with are below. [REDACTED] is who I talk to daily and make sure all our sit reps line up with what they are reporting to ensure we do not send DHS any conflicting reports. FPS is very likely to ask for an increase in the next day or two with the new fencing going in.

For OCC, I have been working with [REDACTED] and [REDACTED]. They are ties in with AUSA and USA office in Seattle and are tracking the prosecution piece and working to get outcomes on all cases. There is a constant ask for who all has been arrested, what charges are the facing, and the outcome. FPS case agents are getting the affidavits done as quick as the can but they are behind. FPS is adding [REDACTED] more case agents to help handle the work load.

For OPR, we have been working with [REDACTED]. He calls often based on news reports and mis-information that is received for who did what. OPR thought it was BORTAC that deployed the LL munition that struck the subject in the head. We were able to clarify that and [REDACTED] has been doing a good job keeping OPR informed and current on the situation.

Reporting is somewhat stable for reporting times, but the DHS NOC is constantly changing what they want and when. Right now, I send an initial Sit Rep to the Commissioner's SITROOM at 0600 EST and then the one page wrap up at 1000 hours. The NOC wants reports at 0300-0500 for the AS1 0800 briefing and I have pushed back on that since information is incomplete at that time on the West Coast. As long as you get the correct info to the SITROOM, they will handle the distribution of it. The SITROOM does call several times a day to get clarifying info.

That is the main POC and work flow at HQ for coordination. Below is from [REDACTED] and what his daily rhythm is. The connection between the ground piece and the HQ piece has been good and having that direct call link is essential.

MEMORANDUM FOR: DISTRIBUTION

FROM: Chad F. Wolf  
Acting Secretary

A handwritten signature in black ink, appearing to read "Chad F. Wolf", written over the printed name and title.

SUBJECT: DHS Support to Protect Federal Facilities and Property

---

**Purpose:** The purpose of this memorandum is to provide guidance for direct support to the Federal Protective Service and our interagency partners to protect all federal facilities and property.

**Introduction:** The Department plays a key role in protecting Federal facilities and property primarily through the Federal Protective Service (FPS) and in partnership with other DHS law enforcement Components, interagency partners, and state and local partners. Recently, we have seen numerous instigators, criminals and other bad actors use peaceful protests to harm people and property, both Federal and private. For the past month, these bad actors have continued their unlawful activity which has resulted in numerous threats, disruption, and damage to Federal facilities and property.

**Background:** On June 26, the President issued the following Executive Order: Protecting American Monuments, Memorials, and Statues and Combating Recent Criminal Activity. In this order, the President directed that DHS "shall provide, as appropriate and consistent with applicable law, personnel to assist with the protection of Federal monuments, memorials, statues, or property."

In furtherance of this directive, I have formalized the DHS Protecting American Communities Task Force (PACT) to provide an ongoing assessment of potential civil unrest and property destruction and to address internal resource allocation and potential surge activity to ensure the continuing protection of people and property.

Additionally, with the consent of other Departments and Agencies, I have determined that it is in the public interest and fiscally sound for FPS to partner with other federal law enforcement to execute the direction of the President. To that end, DHS began coordination with the Department of Justice (DOJ) and the Department of the Interior (DOI) to establish information/intelligence sharing and resource coordination as outlined in the order.

**Action:** The upcoming July 4<sup>th</sup> holiday weekend has the potential for increased disruptive activity at specific locations across the country that could threaten our personnel and the Federal facilities and property they protect. DHS will be forward leaning in preparing to protect Federal facilities and property.

Components with law enforcement personnel will coordinate with the Office of Operations Coordination and the FPS to:

**(b)(7)(E)**

DHS' Office of Operations Coordination will continue to facilitate Department-level information sharing, reporting, and all other supporting actions across the Components and with our DOJ/DOI partners. FPS will continue to serve as the Department's lead for the protection of Federal facilities and property and shall be supported by Operational Components and all other DHS organizations.

Components should use existing guiding principles and risk assessments in support of this mission, ensuring the safety and security of our personnel.

Chiefs,

Good afternoon. I hope all is well. Chief (b)(6), (b)(7)(C) tasked SOH with transitioning into being the HQ POC in support of your efforts during the current civil unrest response. In preparation for that transition, I'm respectfully requesting that (b)(6), (b)(7)(C) and I be included on the invite of pertinent conference calls in order to assist us with gaining awareness on what is going on. I spoke with (b)(6), (b)(7)(C) and he advised that you guys were the POCs for this request. (b)(6), (b)(7)(C) is currently on AL so (b)(6), (b)(7)(C) will be assisting this transition during his absence. I appreciate your assistance with this request and please advise how we can assist you further.

Thanks,

Chief (b)(6), (b)(7)(C)

Below is the outline and current battle rhythm for how this has been going at HQ as well as some notes from (b)(6), (b)(7)(C) in Portland. The last stand by roster that was done for USBP and OFO is attached along with the AS1 Action memo and FPS POCs.

This began on June 26th following the President's Executive Order: Protecting American Monuments, Memorials, Statues, and Combating Recent Criminal Activity. AS1 then formalized the DHS Protecting American Communities Task Force (PACT) to provide an ongoing assessment and internal resourcing to protect federal property and personnel. Operational Support, led by EAC William Ferrara and DEAC Linda Jacksta, asked me to be the lead for CBP for the response efforts over the 4th of July Holiday weekend. EAC Ferrara is the primary CBP rep for the PACT but asks USBP for all the info and COAs and does often defer to me for briefing on the SNAP OPSDEPS calls. We had already established the working relationship with the EOC, IICC, and SITROOM tie ins based on the NCR response efforts during early June for the D.C. protests. This was only intended to be short term but has now turned out to be a long term effort in Portland with no end in sight.

The DHS PACT is led by Christopher Tomney. He is retired USCG. The main person I deal with at DHS is Shawn Phillips. He is the Deputy Chief of Staff (Operations) and understands real world tactics from his military days.

FPS is the lead agency that the PACT is allocating resources to. POCs for FPS that I deal with are below. For OCC, I have been working with (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C). They are ties in with AUSA and USA office in Seattle and are tracking the prosecution piece and working to get outcomes on all cases. There is a constant ask for who all has been arrested, what charges are the facing, and the outcome. FPS case agents are getting the affidavits done as quick as the can but they are behind. FPS is adding 4 more case agents to help handle the work load.

For OPR, we have been working with (b)(6), (b)(7)(C). He calls often based on news reports and mis-information that is received for who did what. OPR thought it was BORTAC that deployed the LL munition that struck the subject in the head. We were able to clarify that and (b)(6), (b)(7)(C) has been doing a good job keeping OPR informed and current on the situation.

Reporting is somewhat stable for reporting times, but the DHS NOC is constantly changing what they want and when. Right now, I send an initial Sit Rep to the Commissioner's SITROOM at 0600 EST and then the one page wrap up at 1000 hours. The NOC wants reports at 0300-0500 for the AS1 0800 briefing and I have pushed back on that since information is incomplete at that time on the West Coast. As long as you get the correct info to the SITROOM, they will handle the distribution of it. The SITROOM does call several times a day to get clarifying info.

That is the main POC and work flow at HQ for coordination. Below is from (b)(6), (b)(7)(C) and what his daily rhythm is. The connection between the ground piece and the HQ piece has been good and having that direct call link is essential.

Chief,

I think Monday we can go over all the requirements with our team and establish who will handle reporting.

We can then talk to Caudle to ensure we have everything covered and start taking this over.

Below is the outline and current battle rhythm for how this has been going at HQ as well as some notes from (b)(6), (b)(7)(C) in Portland. The last stand by roster that was done for USBP and OFO is attached along with the AS1 Action memo and FPS POCs.

This began on June 26th following the President's Executive Order: Protecting American Monuments, Memorials, Statues, and Combating Recent Criminal Activity. AS1 then formalized the DHS Protecting American Communities Task Force (PACT) to provide an ongoing assessment and internal resourcing to protect federal property and personnel. Operational Support, led by EAC William Ferrara and DEAC Linda Jacksta, asked me to be the lead for CBP for the response efforts over the 4th of July Holiday weekend. EAC Ferrara is the primary CBP rep for the PACT but asks USBP for all the info and COAs and does often defer to me for briefing on the SNAP OPSDEPS calls. We had already established the working relationship with the EOC, IICC, and SITROOM tie ins based on the NCR response efforts during early June for the D.C. protests. This was only intended to be short term but has now turned out to be a long term effort in Portland with no end in sight.

The DHS PACT is led by Christopher Tomney. He is retired USCG. The main person I deal with at DHS is Shawn Phillips. He is the Deputy Chief of Staff (Operations) and understands real world tactics from his military days.

FPS is the lead agency that the PACT is allocating resources to. POCs for FPS that I deal with are below. (b)(6), (b)(7)(C) is who I talk to daily and make sure all our sit reps line up with what they are reporting to ensure we do not send DHS any conflicting reports. FPS is very likely to ask for an increase in the next day or two with the new fencing going in.

For OCC, I have been working with (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C). They are ties in with AUSA and USA office in Seattle and are tracking the prosecution piece and working to get outcomes on all cases. There is a constant ask for who all has been arrested, what charges are the facing, and the outcome. FPS case agents are getting the affidavits done as quick as the can but they are behind. FPS is adding 4 more case agents to help handle the work load.

For OPR, we have been working with (b)(6), (b)(7)(C). He calls often based on news reports and mis-information that is received for who did what. OPR thought it was BORTAC that deployed the LL munition that struck the subject in the head. We were able to clarify that and (b)(6), (b)(7)(C) has been doing a good job keeping OPR informed and current on the situation.

Reporting is somewhat stable for reporting times, but the DHS NOC is constantly changing what they want and when. Right now, I send an initial Sit Rep to the Commissioner's SITROOM at 0600 EST and then the one page wrap up at 1000 hours. The NOC wants reports at 0300-0500 for the AS1 0800 briefing and I have pushed back on that since information is incomplete at that time on the West Coast. Looks like no request for a RDT tonight as the team will see how events unfold tonight.

Let's plan for a quick huddle call after lunch tomorrow to discuss this past weekend, force posture for the coming week, whether or not a need exists for more forces in Portland and if they can be resourced and any current updates on AS1's trip planning.

OPS can get off the call details. Please reply if there are times you wish to avoid.

As an opening bid, can individuals do a 1300 call Monday?

Hey Chris, please see below. The incident involving the protestor that was injured last night is gaining a lot of attention.

FPS Region 10 is requesting (b)(7)(E). I'll see if (b)(6), (b)(7)(C) can give them a call to get additional details before we make an official request.

Given how things are shaping up with DOJ and the changes to the narrative over time, those aren't huge, I'd like to ask all of the agencies involved to take the narrative from the Portland attentions back farther. All the way to the beginning.

For these purposes, the beginning is when some lawn Forssman officer or officers were assaulted with lasers. I think my latest submission answer AS2.

For Chief (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) benefit, this was the latest submission.

On July 15, 2020 at approximately 01:25 hours (PST), two ICE ERO SRT Agents were assaulted with a green laser to the eyes at the Edith Green Federal Building. Officers were able to get a description of the subject, the Private Security Officer recorded the assaulter on CCV camera. A photo and description of the subject was disseminated for awareness. SDC IU UC's relocated to the area to attempt to locate the subject.

\*\*\*\*\* 02:24 hours: UCs made Positive Identification (PID) of the assailant. Subject was located walking south on 3rd, toward Madison in a small group. SDC IU UCs continued to maintain visual until the subject entered an area away from the protestors. SDC SOD mobile units maneuvered to make the arrest once clear.

\*\*\*\*\* Approximately 0225-0230: FPS Incident Command, District Commander Michael Nielsen, immediately notified one of the US Marshalls Service (USMS) Investigators of the situation. USMS Investigator, unknown name, returned a few moments later and advised Commander Nielsen that the AUSA was good with the positive ID for the PC arrest and gave the go ahead to arrest the subject.

\*\*\*\*\* ~02:30 hours: Commander Nielsen relayed the approval for BORTAC to make the arrest of the subject to the BORTAC Team Leader, who relayed the information to the mobile units.

\*\*\*\*\* ~02:30 hours: SDC SOD PMOs gained visual of the subject, walking in a group.

\*\*\*\*\* ~0230 hours: SDC SOD detained one individual that was identified as matching the description of the assailant. After a brief interview, the subject was determined not to be the assailant and was released.

\*\*\*\*\* ~02:40 hours: SDC SOD Mobile Units approached the location of the subject and the group he

All,

Given how things are shaping up with DOJ and the changes to the narrative over time, those aren't huge, I'd like to ask all of the agencies involved to take the narrative from the Portland attentions back farther. All the way to the beginning.

For these purposes, the beginning is when some lawn Forssman officer or officers were assaulted with lasers. I would like to know the names of the officers who were assaulted, where they were located when they were assaulted, roughly what time it was when they were assaulted and any other details you have.

Bob,

This is going to have to be a joint effort. I suggest CBP getting w FPS and ICE to get this I for.

I'd like to use call signs rather than names.

Can you please get with Tony and coord with our folks as well as others. I think we should be submitting a joint product rather than each agency. Just my thoughts.

All,

Given how things are shaping up with DOJ and the changes to the narrative over time, those aren't huge, I'd like to ask all of the agencies involved to take the narrative from the Portland attentions back farther. All the way to the beginning.

For these purposes, the beginning is when some lawn Forssman officer or officers were assaulted with lasers. I would like to know the names of the officers who were assaulted, where they were located when they were assaulted, roughly what time it was when they were assaulted and any other details

you have.
