Adam,
We're actually briefing our Deputy Director on status tomorrow at 1 pm, so it would be good to talk prior to that. I've got a window from about 11:00 am EST to noon EST where I should be available via cell phone. Does that work?

Also, depending on what the specific topic is, I can ask Matt Feinberg to join. [REDACTED]

Adam,
We're actually briefing our Deputy Director on status tomorrow at 1 pm, so it would be good to talk prior to that. I've got a window from about 11:00 am EST to noon EST where I should be available via cell phone. Does that work?

Also, depending on what the specific topic is, I can ask Matt Feinberg to join. [REDACTED]
[REDACTED] Leave it to you to determine if that would be helpful.

Hello to all.

Adam reached out and advised that he met with the DAG yesterday, and as a result of that meeting, DOJ has come up with the attached updated draft for expedited release language for our respective BWC policies.

Adam is asking that each component review the new draft and provide him any comments or input ASAP (preferably today). Given the short time frame, I am asking each component to respond directly to Adam with a cc to the other components.

I know some of you are tied up this afternoon with the EOUSA BWC training, but if anyone wants to discuss please let me know and I will try to set up a quick call this afternoon.

Thanks.

Good morning,

DOJ sent us a copy of the latest draft of the release which is set to publish around 10:00 a.m. this morning. Should we get inquiries because of the announcement, we will refer reporters to the press release. Anything about BWCs generally, or the evolution of the program over the past couple of years we will refer to DOJ.

Thanks!

Good evening, AD Milhoan,

I'm reaching out to request your help in getting a quote approved by the Director's office for an upcoming DOJ press release. DOJ is working to push out a release announcing the first phase of its body-worn camera program. To my knowledge, the release is scheduled for Wednesday (I'm double-checking that now), so they would ideally like to have our quote at the soonest.

We originally intended the quote to come from the Deputy, but given the draft below, it appears the quote should come from the Director. I've copied the FBI's quote below as well as the release. The release may change, but the quote will not as CID EM has already approved.

Hi

If your agency expects to permit agents/DUSMs to view BWC recordings prior to writing a report, can you please include this in your policy. I am including the DEA language below:

Subject to the restrictions in this interim policy, DEA personnel may access and view DEA BWC recordings only for official DEA business, including assisting in accurate report writing and preparing for testimony.

NOTE: The purpose of using BWC recordings in preparing DEA-6 forms and preparing for testimony is to maximize the accuracy of the report or testimony—not to replace independent recollection and perception of an event.

My apologies. DEA's response was lost due to a system crash and just got restored. Rather than retyping the entire email, in the interest of time [redacted] We concur with the change proposed by USMS. I'm happy to discuss further if anyone would like to.

Thanks.

Hello to all.

Adam reached out and advised that he met with the DAG yesterday, and as a result of that meeting, DOJ has come up with the attached updated draft for expedited release language for our respective BWC policies.

Adam is asking that each component review the new draft and provide him any comments or input ASAP (preferably today). Given the short time frame, I am asking each component to respond directly to Adam with a cc to the other components.

I know some of you are tied up this afternoon with the EOUSA BWC training, but if anyone wants to discuss please let me know and I will try to set up a quick call this afternoon.

Thanks.
