\*\*\*\*\* 07/04/2020 at 0349 hours PDT: The group of 30 protesters broke the two front doors of the courthouse and were attempting to enter the building. Due to the violent actions of the protesters and safety concerns, USBP SOG team deployed less lethal ((b) (7)(E)) munitions to regain control of the building and protect all law enforcement personnel.

\*\*\*\*\* 07/04/2020 at 0419 hours PDT: The SOG team and other law enforcement partners have pushed the group of protesters away from the courthouse front doors, past the closed off street and off the federal park property.

\*\*\*\*\* 07/04/2020 at 0427 hours PDT: The protesters returned and came back on to federal park property. Federal law enforcement personnel, to include USB SOG, were able to deter the protesters from advancing further. Protesters are now off federal park property. **RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E).
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
  4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
1. USCG can transport the ICE team(s) as noted above.

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E).
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
  4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. **ICE:**
1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. **USCG**
1. USCG can transport the ICE team(s) as noted above.

**BLUF:** OPSDEPs unanimously concurred on launching the strategic RDT from (b) (7)(E) TX to Portland, OR. USBP team with AMO air transport actively preparing to launch to have reinforcements in Portland (b) (7)(E)

**Goal:** Allow Federal LEOs to take a more aggressive, proactive posture to protect the federal courthouse from further acts of aggression and hold perpetrators accountable by making federal arrests.

**Specifics:**

Given the violence and stalemate over the last several nights, the FPS Regional Director requested additional reinforcements for tonight.

Reps from the following components were on the call: FPS, CBP, ICE, TSA, USSS, USCG, I&A, OGC and OPS.

DHS still has (b) (7)(E) remain strategic RDTs: an ICE team in GA and another ICE team in CA.

The OPSDEPs reviewed current national intelligence and nothing else is currently on the horizon as a possible mission for this team.

- Non-violent first amendment protests in DC
- Protests in Aurora, CO associated with Aurora PD
- Ongoing protests in Portland, OR (subject of our call)
- Protests in Richmond, VA
- Protests with the possibility of escalating violence at Gettysburg
  - Opposing groups are at the cemetery in a shouting match
  - Armed milita groups
  - Rumored Antifa
  - Rumored religious group en route to kick the other groups out of the cemetery
  - On scene LE presence feels they have enough resources to deal with the present situation

All reps polled and concurred with launching the strategic RDT

There are actually some options out there at different protection levels. A lot of them block your peripheral though. I will get with the ATC to see if they're looking into it or if they have anything.

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E)
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
  1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
  1. USCG can transport the ICE team(s) as noted above.

- o Protests in Aurora, CO associated with Aurora PD
- o Ongoing protests in Portland, OR (subject of our call)
- o Protests in Richmond, VA
- o Protests with the possibility of escalating violence at Gettysburg

  - o Armed milita groups

He further directed that (b) (7)(E) QRF CDUs be established and placed on standby to be used as a strategic reserve that can be deployed within (b) (7)(E) of notification by the Department. QRFs are to be established by 2 July.

CBP is also supporting additional law enforcement assistance requests over the holiday weekend.

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**  
**From DHS OPS**

**BLUF:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E)
    2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
  4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. **ICE:**
1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. **USCG**
1. USCG can transport the ICE team(s) as noted above.

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E) It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E)
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
  1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
  1. USCG can transport the ICE team(s) as noted above.

- o Protests in Aurora, CO associated with Aurora PD
- o Ongoing protests in Portland, OR (subject of our call)
- o Protests in Richmond, VA
- o Protests with the possibility of escalating violence at Gettysburg

Opposing groups are at the cemetery in a shouting match

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E).
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
  1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
  1. USCG can transport the ICE team(s) as noted above.

Good Morning:

Please see the attached 4th of July weekend CBP Law Enforcement Support 1000 report for 07/13/2020. Changes since the last update have been highlighted below in RED.

FPS Director and USM instructed all law enforcement personnel to reduce the proactive posture for minor offenses. Agents were instructed to still respond to major felonies, attempted breaches, setting fires, or attempts to barricade. Violent protestors attempted to barricade the front of courthouse, an attempt at arson of the courthouse, and at least twenty individual instances of vandalism to the building. Agents effected the arrests of subjects for shining powerful dangerous lasers into the eyes of law enforcement and an attempted arsonist. No less lethal was deployed this evening and agents have cleared the scene for the night. No injuries reported to any employees. Agents will report to Portland, Oregon for the 12th night of law enforcement support tonight.

CBP Portland Team Sit Rep 7/12/20 to 7/13/20: 1700-0300 hours PST

On July 12, 2020 at 1700 hours PDT (2000 EDT), USBP SOG, SOG US Marshals, ERO SRT, and FPS Team leaders were briefed by FPS Region 10 Director that the decision had been made, collectively, by the United States Marshal for the District of Oregon, (b) (6), (b) (7)(C) and the FPS Regional Director to reduce the proactive posture by teams at the (b) (7)(E). The Director briefed that the operational posture to be taken would be to seal the courthouse and hold a non-reactive posture to all minor violations without a Law Enforcement response or resolution. The Director advised that Federal enforcement action from the Federal Courthouse would only occur in response to major felonies occurring, including attempts to breach the courthouse, setting fire to the structure, or attempts to barricade the egress points.

After the brief, all (b) (7)(E) forward deployed SOG personnel reported to the (b) (7)(E). (b) (7)(E) The USBP SOG team conducted an operations brief and were deployed in mobile units, to the (b) (7)(E) and to the (b) (7)(E) (b) (7)(E). Federal Protective Service (FPS) Officers are deployed between the three Federal buildings. 28 U.S.

Marshal's Special Operations Group (MSOG) personnel are pre-staged at the (b) (7)(E) (b) (7)(E) and (b) (7)(E) Enforcement and Removal (ERO) Special Response Team (SRT) personnel are pre-staged at the (b) (7)(E) SOG will conduct quick reaction force (QRF) duties in support of FPS operations providing security and safety to Federal property and personnel.

07/13/2020 at 0015 PDT (0315 EDT): Protesters attempted to barricade the front doors of the Hatfield Federal Courthouse with sheets of plywood. They also set-up plywood barriers at the edge of the sidewalk and tied fishing line across the steps of the front of the courthouse. From live stream video, mallets, wrist rockets and tasers have been observed in the crowd. One individual was observed shooting the courthouse and the Justice Center with the wrist rocket. Law Enforcement witnessed over 20 individual instances of vandalism to the courthouse throughout the night.

07/13/2020 at 0125 hours PDT (0425 EDT): Violent protesters attempted arson of the courthouse by building a fire with wood from a bonfire they had built in the middle of the street. The protesters were unable to get the plywood protecting the building to light.

07/13/2020 at 0300 PDT (0600 EDT): USBP SOG agents arrested a subject that was identified as having assaulted law enforcement personnel with a laser on a previous evening.

07/13/2020 at 0400 PDT (0700 EDT): USBP SOG mobile units arrested the subject that attempted arson of the Hatfield Federal Courthouse after most of the protesters had left the area.

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) hour radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E)
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E) (b) (7)(E). If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
  1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
  1. USCG can transport the ICE team(s) as noted above.

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E). It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) hour radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E)
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
  4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
1. USCG can transport the ICE team(s) as noted above.

Gents,

AS1 – I know you've reached out to local and state-wide leadership and have been met with resistance to take any meaningful action to stop this on-going criminal conduct. As you can see – the violence and assault on our personnel continues.

I know we've had a call and there is a set of actions in place, but I'm recommending ramping-up our presence there and being even more proactive in making arrests. I know I'm stating what has been discussed - we cannot set back in a defensive posture night after night while our personnel are assaulted. Now the criminals are bringing "canned food products" with the willful criminal intent to assault our personnel. "A subject placed a plywood board with nails pointing up in front of the Hatfield Courthouse Front door in an attempt to prevent law enforcement from exiting the building." (b) (7)(E) ICE ERO SRT agents were assaulted with a green laser to the eyes at the Edith Green Federal Building." If the local police will not take meaningful actions nor will the Governor call in the National Guard, then it's up to us.

Again, want to ask for enhanced FBI engagement from an investigative standpoint to identify the organizers and modes of communication to proactively disrupt the actions of these criminals – we must move more aggressively beyond reactive enforcement. From what was briefed, it is my position they can/need to do more. I'm more than willing to reach out to the Director but as a supporting element, I want to coordinate any such outreach. Clearly what we're doing isn't altering the criminal behavior enough. Eventually we will have one of our personnel seriously injured. For actions these criminals have referred to as a "game."

I am willing to send more personnel there to continue to move from a reactive posture to a more enhanced proactive posture. The fact no arrests were made is a significant factor. Without meaningful consequences there will not be the deterrence needed.

Mark

**RFA REQUEST FOR CONTINGENCY PLANNING IN ST. LOUIS, MISSOURI**

**From DHS OPS:**

**BLUE:** At this time for St. Louis, the FBI continues to plan on having adequate resources in the city and do not have plans on utilizing DHS contingency forces at this time. Therefore, DHS will only execute our contingency if something totally unexpected were to occur. At this point, there is a low probability that any DHS forces will be needed in St. Louis.

FBI and DOJ forces along with other State/local agencies have the situation well in hand. That said, DHS OPS is offering contingencies.

1. **Air surveillance:** CBP/AMO can offer up (b) (7)(E) and (b) (7)(E) with (b) (7)(E) (b) (7)(E) It will take these aircraft approximately (b) (7)(E) to get on scene from initial request (about (b) (7)(E) for pre-flight preps and about (b) (7)(E) flight time to St. Louis).

2. **Ground Forces:** In addition to funding limitations noted last evening and authorities issues

1. **FPS:**

1. Inside St. Louis, FPS will have (b) (7)(E) District Commander, (b) (7)(E) Area Commanders and (b) (7)(E) officers (total (b) (7)(E)). Within a (b) (7)(E) radius of St. Louis, FPS could call in an additional (b) (7)(E) officers for a maximum of (b) (7)(E)
2. FPS will also provide LNOs to the various command posts and EOC inside St. Louis for coordination.

3. FPS was going to inquire with SAC on how to get local authorities/powers cross-designated to DHS LEOs if DHS LEOs were requested for support off of Federal property. If used for security around federal facilities, we are all set with our own organic authorities to include other DHS components who could be brought in to augment FPS. Currently though, (b) (7)(E)  
(b) (7)(E) If your SAC ever sought about using DHS LEOs in that role, we would seek assistance in coordinating with the locals to get the appropriate legal authorities cross-designated to DHS.
4. Funding for DHS support on non-federal property is the other issue requiring a funding solution to avoid an Anti-Deficiency Act (ADA) violation. Funding is a non-issue if DHS is kept to securing federal property.
2. ICE:
  1. ICE has a standby Rapid Deployment Team of (b) (7)(E) on a (b) (7)(E) at Benning, GA. If additional DHS ground forces were requested, we would launch this team first. USCG would be the transport provider. Once this team arrived in St. Louis, the aircraft could gas up and relaunch to Detroit to pick up the ICE team and return to St. Louis.
  2. Both teams in GA and MI are proactively working to get USMS deputization completed today. If this ICE contingency were utilized and the team(s) were employed off federal property, they would both need local authorities transferred as well. And there's the funding piece noted above for off federal property support.
3. USCG
  1. USCG can transport the ICE team(s) as noted above.

**BLUF:** OPSDEPs unanimously concurred on launching the strategic RDT from (b) (7)(E) TX to Portland, OR. USBP team with AMO air transport actively preparing to launch to have reinforcements in Portland (b) (7)(E)

**Goal:** Allow Federal LEOs to take a more aggressive, proactive posture to protect the federal courthouse from further acts of aggression and hold perpetrators accountable by making federal arrests.

**Specifics:**

Given the violence and stalemate over the last several nights, the FPS Regional Director requested additional reinforcements for tonight.

Reps from the following components were on the call: FPS, CBP, ICE, TSA, USSS, USCG, I&A, OGC and OPS.

DHS still has (b) (7)(E) remain strategic RDTs: an ICE team in GA and another ICE team in CA.

The OPSDEPs reviewed current national intelligence and nothing else is currently on the horizon as a possible mission for this team.

- o Non-violent first amendment protests in DC
- o Protests in Aurora, CO associated with Aurora PD
- o Ongoing protests in Portland, OR (subject of our call)
- o Protests in Richmond, VA
- o Protests with the possibility of escalating violence at Gettysburg
