Subject: Possible Additional Protest

Twitter user claiming there is a protest at the ICE facility on Macadam "this evening".

Could have been a mistake and referring to this afternoons protest, I have not seen any other mentions about an additional protest on any other TW feeds.

But this person has been seen before spotting and TWing about PPB locations during protests.

Thought it was just barely worth mentioning as we already know there is a good possibility that the "direct action" types may be back tonight.

Yes, that was an operational issue noted and an investigative priority. I have not heard a report from last night yet to determine if they experienced the issues again, or if the radio issue/interference they experienced was an anomaly.

CBP was deploying assets to assist in determining/locating jammers.

Thanks

From looking at the photos, it appears more of a stain. From my understanding the fire was put out quickly?

(b)(6);
(b)(7)(C) et al, if you tap the surface with hammer (firm but not hard) and the concrete appears to be sound, you should be fine. I would anticipate that unless there was prolonged exposure, the risk of damage is low. To get to damage, there would probably need to be a fire burning adjacent to the wall for a significant period. For instance, if they piled pallets adjacent to the wall and set those on fire and let them burn, I would be worried. If it was just the gasoline from the Molotov cocktail burning off, it should be fine.

Subject: Portland City Council Resolution

All,

Today the Portland City Council passed a resolution that, in part, state that the members of the Portland Police Bureau is prohibited from doing the following:

- All members of the Portland Police Bureau **shall not provide, request, or willingly receive operational support** (which includes but is not limited to embedding in a federal incident command center, sharing or receiving information from above defined federal forces, engaging in policing or crowd control measures with above federal forces) from any agent or employee representing or constituting part of deployment under executive order from the president, be they from Department of Homeland Security, the U.S. Marshals Service, the Federal Protective Service, U.S. Customs and Border Protection or any other service;

At this time, based on advice from our City Attorney's Office, we can no longer share any information or intelligence (including any active threats to life) with any federal agency as it relates to the current protests; and, we may not solicit any information or intelligence. As you can imagine, I have many questions about what that all means and will be discussing with our attorney but for now, we have to abide by the City Council directive.

For our non-federal law enforcement partners, this resolution does not apply.

My personal and professional apologies to you all who have worked and are continuing to work so hard to keep everyone safe.

Respectfully,

After the crazy weekend of rioting and looting in the major cities, I am following up to see if there was any damage done to your facility. I haven't seen any message traffic regarding facilities. Additionally, if there are any concerns about the current security systems please let me know.

I hope that everybody is safe. I am here to assist.

Thanks all. Just so everyone is aware, the request for 24x7 A/C is part of a larger effort which is endorsed at the highest levels of the agency and has their regular attention. Hoping we can get this done ASAP through standard channels.

Hi (b)(6);

We need an overtime utility estimate from GSA in order for the ICE OTU RWA team to process the request.

Lets loop (b)(6); into the conversation, she will probably need a little more information such as which areas/floors/whole building & hours etc.. I'm not 100% sure but I think the programs have to pay for short term request or the first FY of the request before it rolls into the service wide.

Good morning, (b)(6); (b)(7)(C)

In follow-up to my message this morning, I'm providing more info/comms from Portland. We need to ensure an RWA is in place for payment of the HVAC OT&U invoices. The office will be running 24/7 for a while due to these protests, etc. and the temperature will be exceedingly hot outside which will make the office exceeding hot if the AC is off after normal office hours. What do we need to do, if anything, to coordinate with GSA (b)(6); (b)(7)(C) to ensure 24/7 AC to the building, and ensure invoices are sent / directed to an RWA and not funded out of our budget.

Thank you,

(b)(6);

According to FPS this was one of the more action-packed nights they've seen of the 54 straight days of protests. Protesters successfully breached Hatfield Courthouse after prying open the plywood and attempting to enter. Federal officers (none from HSI) deployed CS gas and pepper munitions to prevent people from gaining entry through the point of the building breach.

Tactical units (none from HSI) deploying from the building to push back the violent opportunists were met with resistance, resulting in the arrest 5 individuals. The HSI Duty Agent assisted FPS by moving those arrested by the tactical teams inside the courthouse; assisted in searching those arrested; and assisted in escorting arrestees to holding cells on the 4th floor of the Hatfield Courthouse.

Once the building was secured, the HSI Duty Agent assisted with identifying those arrested by conducting various database queries and further assisted by being a secondary agent to interview individuals arrested.

Below are the individuals arrested early morning of 7/21/20.

Subject: Question regarding ICE accountability at Federal Courthouse in Portland, Oregon

Good Evening Dom Ops,

The JIOC had received information that the Federal Courthouse, located at 1220 SW 3rd Ave Portland, OR 97204, which also houses the Portland Immigration Court and is 0.2 miles from the ICE Executive Office of Immigration Review Office, had been broken into and that a small fire had been set inside the courthouse.

This occurred just after protestors had broken into the Multnomah County Circuit Courthouse-Justice Center, located at 1120 SW 3rd Avenue, Ste 358, Portland, OR 97204, late Thursday and early Friday morning.

Subject: Question regarding ICE accountability at Federal Courthouse in Portland, Oregon

Good Evening Dom Ops,

The JIOC had received information that the Federal Courthouse, located at 1220 SW 3rd Ave Portland, OR 97204, which also houses the Portland Immigration Court and is 0.2 miles from the ICE Executive Office of Immigration Review Office, had been broken into and that a small fire had been set inside the courthouse.

This occurred just after protestors had broken into the Multnomah County Circuit Courthouse-Justice Center, located at 1120 SW 3rd Avenue, Ste 358, Portland, OR 97204, late Thursday and early Friday morning.

Link: <https://www.opb.org/news/article/portland-police-less-lethal-munitions-protest-courthouse/>

The JIOC would like to know if ICE personnel or ICE offices/equipment in this area were impacted? The JIOC did not get any reports of ICE personnel, offices, or equipment being impacted; but we wanted to reach out since ICE assets are within the immediate area. Thanks in advance.

*****Updated to correct a typo in the first sentence.*****

Charges include assaulting federal officers, failing to obey lawful orders, and operating a drone in restricted airspace

PORTLAND, Ore.—U.S. Attorney Billy J. Williams announced today that 22 people have been arrested and are facing federal charges for their roles in weekend protests at the Mark O. Hatfield U.S. Courthouse in Portland.

According to court documents, since May 26, 2020, protests in downtown Portland have been followed by nightly criminal activity including assaults on law enforcement officers, destruction of property, looting, arson, and vandalism. The Hatfield Federal Courthouse has been a nightly target of vandalism during evening protests and riots, sustaining extensive damage.

U.S. Marshals Service deputies and officers from the Federal Protective Service, Homeland Security Investigations, and U.S. Customs and Border Protection working to protect the courthouse have been subjected to nightly threats and assaults from demonstrators while performing their duties.

Six people have been charged for alleged criminal conduct during a protest beginning July 23, 2020 and continuing into the early morning hours of July 24, 2020. Carly Anne Ballard, 34, and David Michael Bouchard, 36, are charged with assaulting federal officers; and Josslynn Kreutz, 28, Dakota Eastman, 30, Ezra Meyers, 18, and Mark Rolycanov, 28, are charged with failing to obey lawful orders.

On July 24, 2020, agents from Homeland Security Investigations and U.S. Customs and Border Protection arrested Ronald Bernard Hickey, 44, a Canadian National, for harassing and stalking federal employees assigned to assist the Federal Protective Service with ongoing civil unrest in Portland. Hickey

used his Twitter account, @TawasiSoce, to knowingly release personal information of these employees in an attempt to threaten, intimidate, or incite violence against them.

Eight people have been charged for alleged criminal conduct during a protest beginning July 25, 2020 and continuing into the early morning hours of July 26, 2020. Rebecca Gonzales-Mota, 37; Stephen O'Donnell, 65; Thomas Johnson, 33; Nathan Oderdonk-Snow, 21; Joshua Webb, 22; Pablo Avvacato, 26; and Doug Dean, 34, are charged with assaulting federal officers. Richard Lindstet, 33, is charged with operating a drone in restricted airspace.

Seven people have been charged for alleged criminal conduct during a protest beginning July 26, 2020 and continuing into the early morning hours of July 27, 2020. Michael Stephenson, 23; Caleb Willis, 29; Noelle Mandolfo, 30; Travis Williams, 27; Patrick Stanford, age unknown; Coree Jefree, age unknown; and Tyler Gabriel, 22, are charged with assaulting federal officers.

All defendants, unless noted, are presumed to be local residents.

These cases are being jointly investigated the U.S. Marshals Service, Homeland Security Investigations, and the Federal Protective Service. They are being prosecuted by the U.S. Attorney's Office for the District of Oregon.

Criminal complaints and informations are only accusations of a crime, and defendants are presumed innocent unless and until proven guilty.

Hi (b)(6); (b)(7)(C)

I'm recommending we defer to DHS for questions on agents involved in Portland events and federal protection.

However, I'm getting word that we may be rotating officers and agents into Portland for the protection of the federal building. I know (b)(6); (b)(7)(C) you stated LA SRT is involved.

Before deferring to DHS, I'd like to fully understand ERO and/or HSI involvement in Portland as our press team may want to provide information on background to media or in support of DHS response.

(b)(6);

BORTAC is "Border Patrol Tactical Unit" and of course they're Border Patrol under CBP. So to answer the question below, there is no "ICE BORTAC"

Security operations protecting federal buildings in Portland are being conducted by officers and agents of the various agencies of both the DOJ and DHS (though DHS is more visible).

Seattle ICE ERO officers are currently not participating but Los Angeles ERO's SRT team is. If there are reports of officers in tactical gear with ICE patches, this is likely LOS.

I don't know about Seattle ICE HSI (I included SAC (b)(6); (b)(7)(C) for visibility)

Not to pass work on to someone else but IMO, these queries should be answered at a national level and probably not by ICE.

The agency with general oversight of these operations is the Federal Protective Service. Protecting Federal Property is their job and all the federal agents/officers from DOJ and DHS are working in support of FPS.

The FPS POA is the best single source info for questions about what is going on in Portland.

Hello,

I'm a reporter following up on reports yesterday of Federal agents making arrests in Portland.

Can you confirm that ICE BORTAC teams made arrests in the past 72 hours in Portland?

How many people were detained by ICE? How many were arrested?

What jurisdiction does ICE have to detain suspects who are not near federal buildings or on federal property?

Where are detainees in the Portland area taken after they are detained by ICE agents?

Can you confirm that BORTAC units are using unmarked, civilian vehicles to make arrests in the Portland area?

Does ICE have any comment on its operations in relation to protests in the Portland area?

Thank you,

Hello,

I'm a reporter following up on reports yesterday of Federal agents making arrests in Portland.

Can you confirm that ICE BORTAC teams made arrests in the past 72 hours in Portland?

How many people were detained by ICE? How many were arrested?

What jurisdiction does ICE have to detain suspects who are not near federal buildings or on federal property?

Where are detainees in the Portland area taken after they are detained by ICE agents?

Can you confirm that BORTAC units are using unmarked, civilian vehicles to make arrests in the Portland area?

Does ICE have any comment on its operations in relation to protests in the Portland area?

Thank you,

(b)(6); (b)(7)(C)

Currently from HSI we are supporting FPS with investigations involving assaults on Federal Officers and destruction of federal property. HSI SRT provided tactical support in securing federal property from July 2-10. As far as arrests go, I would defer those questions to FPS, since they are the lead agency.

Hi (b)(6); (b)(7)(C)

I'm recommending we defer to DHS for questions on agents involved in Portland events and federal protection.

However, I'm getting word that we may be rotating officers and agents into Portland for the protection of the federal building. I know (b)(6); (b)(7)(C) you stated LA SRT is involved.

Before deferring to DHS, I'd like to fully understand ERO and/or HSI involvement in Portland as our press team may want to provide information on background to media or in support of DHS response.

And looping in HSI Portland ASAC (b)(6); (b)(7)(C) for confirmation. I'm quite sure though that no HSI personnel are currently out making arrests. HSI Portland continues to staff the ICE office, but unless I'm corrected, their presence is limited to that site only.

(b)(6);

BORTAC is "Border Patrol Tactical Unit" and of course they're Border Patrol under CBP. So to answer the question below, there is no "ICE BORTAC"

Security operations protecting federal buildings in Portland are being conducted by officers and agents of the various agencies of both the DOJ and DHS (though DHS is more visible).

Seattle ICE ERO officers are currently not participating but Los Angeles ERO's SRT team is. If there are reports of officers in tactical gear with ICE patches, this is likely LOS.

I don't know about Seattle ICE HSI (I included SA (b)(6); (b)(7)(C) for visibility)

Not to pass work on to someone else but IMO, these queries should be answered at a national level and probably not by ICE.

The agency with general oversight of these operations is the Federal Protective Service. Protecting Federal Property is their job and all the federal agents/officers from DOJ and DHS are working in support of FPS.

The FPS POA is the best single source info for questions about what is going on in Portland.

Call to discuss,

Hope everyone is doing well.....just want to reach out and make contact. First let me extend my appreciation and say thank you to (b)(6); he made the transition very easy and I hope to carry on some of his ideas and will look to him before he sets off into his new life.

Second, I know you hear it a lot from HQ that we are here to help. I want to make sure we do help but I will also look to you as the field leaders to be a part of the solutions. We have fantastic folks in Ops but our resources are fairly limited and as we move HSI forward, I want input from all of you. If it is something we can do better, please let us know. My top question would be:

What is HSI's position going to be moving forward with assisting FPS in guarding ICE and Federal Facilities? If we are expected to assist, what roles will we assist in and what roles will we not assist in. Criminal Investigators, and even SRT's, have NOT been trained to deal with mass demonstrations/riots and all are ill-equipped to provide FPS assistance in crowd control and riot situations.

And in fact, for the recent SFLR round only 3 candidates put in for the region; none of whom we are prepared to select. Bottom line, the SFLR program is not working for this region.

FYSA only (b)(6); now in place as Acting AD Dom Ops. Good news is there should be increased calls with HQ. I plan to participate in all of them. Please continue to feed me with issues that need addressing. Additionally, keep in mind the Top 3 Issues request so that we can get those on his radar when the time comes. May be hard to wiggle down to just three - I know!!

See you guys in a couple days...

All-

Hope everyone is doing well.....just want to reach out and make contact. First let me extend my appreciation and say thank you to (b)(6); ..he made the transition very easy and I hope to carry on some of his ideas and will look to him before he sets off into his new life.

Second, I know you hear it a lot from HQ that we are here to help. I want to make sure we do help but I will also look to you as the field leaders to be a part of the solutions. We have fantastic folks in Ops but our resources are fairly limited and as we move HSI forward, I want input from all of you. If it is something we can do better, please let us know. (b)(6); (b)(7)(C) and myself will form a three headed monster.....if you cannot get one of us, try the next. We will work to be responsive. My cell is (b)(6); (b)(7)(C) if I do not answer, send a text or email-may be in a meeting or on the line).

There are a few things I am looking to implement in the near future:

Thank you for the reminder! Tomorrow I shall ask her to start working on that... We had talked about it already.

Just a reminder, you were going to ask (b)(6); to send an email to all individuals on the 2 GS 14 cert lists to find out if they would be interested in interviewing for a GS 14 vacancy in Portland. (b)(6);s retiring May 31, 2020, so I would like to have an idea of who is actually interested so I can start reviewing resumes when I have time. I know a lot can happen between now and May, but it will go pretty fast and at least I have an idea of who is interested.

Thanks,
