Further to my email below, I am adding to this email chai[(b)(6); (b)(7)(C)]   , who heads the USMS Special
Deputation Branch. Her team is standing by to process the deputation requests promptly. DHS
components can interface with her directly, but please include [(b)(6); (b)(7)(C)] (email added) on those
exchanges too for ODAG visibility. She is coordinating with OLC on the leadership memo.

Admiral [(b)(6); (b)(7)(C)]

About an hour ago, I met with the Attorney General and he stated that Secretary Wolf had appointed you as the POC for DHS/DOJ LE coordination.

Counselor to the Attorney General [(b)(6); (b)(7)(C)] and Counselor to the Deputy Attorney General [(b)(6); (b)(7)(C)] (cc'd) are going to help me run point on this. Per the Attorney General, can this group jump on a conference call at 4:45 to discuss?

If that is not convenient, can you let me know of your availability?

United States Senate
WASHINGTON, DC 20510-3203

June 5, 2020

Attorney General Barr
Department of Justice

Secretary Esper
Department of Defense

Secretary David Bernhardt
Department of Interior

Acting Secretary Chad F. Wolf
Department of Homeland Security

On June 2, 2020, Buzzfeed reported that Timothy Shea, Acting Director of the Drug Enforcement Agency, requested and was granted expanded authority to conduct covert surveillance, share intelligence, intervene at protests as federal law enforcement, and engage in other enforcement and investigative activity. ("The DEA Has Been Given Permission To Investigate People Protesting George Floyd's Death," Buzzfeed News, 6/2/2020). This reporting came just one day after a hybrid force consisting of the U.S. Secret Service, the U.S. Park Police, the D.C. National Guard, and possibly others forcibly removed peaceful protestors from Lafayette Park directly across from the White House using tear gas and rubber bullets.

These are troubling indicators that federal law enforcement and security agencies are being inappropriately mobilized in response to protests over the death of George Floyd – an unarmed black man who was killed by a Minneapolis police officer who knelt on his neck for eight minutes and 46 seconds as he lay handcuffed.

We request you provide, from each of your agencies: what forces you have deployed against these protests; where you have deployed them; what additional or extraordinary authorities these forces are exercising or have been provided (similar to the DEA); and what, if any, steps have been taken to ensure they are respecting the Constitutional rights of the protestors they are now policing in exercising their authorities. Please provide this information by the close of business on June 8, 2020. We would further expect that each agency will offer appropriate officials for follow-on briefings on these subjects in the following week.

The First Amendment protects the rights of all Americans to protest and seek equal justice under the law. While there has been some unacceptable looting, it is unclear what justifies the extraordinary actions of your agencies in the past week, whether by granting DEA the authority and responsibility to conduct "covert surveillance" on Americans exercising their constitutional rights or directing law enforcement or military personnel to engage in a use of force against peaceful protestors. We are deeply concerned that, in the wake of the horrific killing in Minnesota, there is a lack of transparency regarding the forces you have deployed and

under what authorities you have deployed them. These actions only further undermine the American people's faith in their law enforcement.
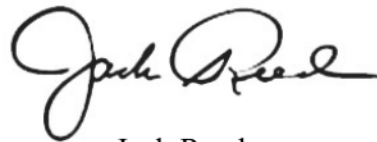

These are incredibly difficult times. Americans across the nation are understandably shaken by all they have experienced and witnessed in recent weeks and months. We expect that each of you will, in addition to providing the information we have requested above, immediately and publicly order your forces to exercise maximum restraint when dealing with peaceful protestors and respect the Constitutional rights of those protestors. We will be closely monitoring how you handle this situation—these protestors are our fellow citizens, not terrorists. You should act accordingly.

We look forward to your reply.

Charles E. Schumer

3. For any official deployed, specify the agency, agent-type, where the official was deployed from, and the purpose of such deployment.
4. What direction, both written and oral, have the federal agents received about their deployment to Seattle? Specify any guidance as to where they will be deployed within the area, any guidance as to the wearing of official insignia, or actions they will take within the area.
5. Was there any communication between the White House and DHS about the deployment of federal officials to Washington?

In closing, we must stress that the Department of Homeland Security act in accordance with the Constitution of the United States, and that where the law and discretionary authority meet, you use your judgement in the best interests of the American people. This moment calls for de-escalation and prudent coordination with local and state law enforcement to ensure an effective and safe response that maintains the American people's right to protest and be free from unlawful searches and seizures.

Acting Director
U.S. Immigration and Customs Enforcement

Washington, D.C. 20526

Dear Acting Commissioner Morgan and Acting Director Albence:

We are writing to you today regarding recent reports that U.S. Customs and Border Protection (CBP) and U.S. Immigration and Customs Enforcement (ICE) are deploying resources in connection with demonstrations nationwide. As both CBP and ICE have acknowledged, the right to peaceful protest is a bedrock principle of our democracy. We write to you today to request information regarding ICE and CBP operations in connection with demonstrations, particularly in light of public reports that law enforcement have used force—(b)(5); (b)(7)(E)
(b)(5); (b)(7)(E)

It is critical to understand how ICE and CBP are using their resources, particularly during the ongoing public health crisis that has sickened over 1.8 million people in the United States and claimed over 100,000 American lives. On May 31, CBP informed Congress that CBP "is currently deploying officers, agents and aviation assets across the country at the request of our federal, state and local partners."[1] The notification referenced routine CBP operations "to augment law enforcement and humanitarian relief efforts." On June 1, ICE issued a statement indicating that "ICE personnel and Special Response Teams have been deployed . . . " for similar purposes.[2] Your agencies' public statements and responses to congressional staff to date have provided extremely limited details regarding the nature and purpose of these deployments.

It is also vital to ensure that ICE and CBP are acting responsibly, reasonably, and within their respective authorities. CBP has stated that "CBP's deployment of manpower and aerial assets is about supporting the efforts of our federal, state and local partners, not about carrying out CBP's immigration enforcement mission."[3] An ICE spokesperson similarly stated that "[t]here's not going to be any immigration enforcement element whatsoever."[4] We need answers regarding what, precisely, your agencies will be doing and what policies and procedures are in place to protect the rights of individuals with whom you come into contact.

We therefore ask that you respond to the following questions by June 12, 2020:

1. How do your agencies track requests for assistance or resources, including both requests for personnel and equipment?
   a. What is the approval process for such requests?

The assistance requested and provided by ICE HSI varied from location to location. This support included ICE HSI assisting efforts of its federal, state, and local partners to:

- Secure, protect, and monitor federal, state, and local law enforcement and government facilities.
- Coordinate inter-departmental response efforts.
- Conduct physical (non-technical) surveillance for situational law enforcement awareness.
- Serve as quick reaction forces on standby to respond to active shooter or other emergent situations.
- Conduct other investigative activities, such as records checks, interviews, and surveillance of organized criminal elements who sought to use the protests as cover to commit violent and other crimes.

From June 1 through June 9, 2020, Enforcement and Removal Operations (ERO) deployed 77 officers to the NCR at the request of the Department of Justice to protect federal property. ERO subsequently changed the deployment to 72 ERO Special Response Team (SRT) officers who were deployed to downtown Washington, DC, to cover the hours of curfew. From May 31 through June 14, 2020, outside the NCR, 165 ICE ERO Officers performed various assignments. ERO Officers assisted DHS Federal Protective Services to secure ICE ERO-leased federal buildings in Portland, Oregon and San Diego, California. ICE ERO also deployed deputized uniformed officers in civil disturbance support near federal buildings in Buffalo, New York, at the request of the U.S. Marshals Service. ICE ERO also provided a uniformed officer presence at ICE Intergovernmental Service Agreement (IGSA) facilities in Aurora, Colorado; Los Angeles, California; and Prairieland, Texas. Finally, ICE ERO deployed uniformed officers to the ICE Processing Center in Krome, Florida. When responding to its own IGSA facilities, ERO is not providing assistance to other federal agencies.
ICE HSI is prepared to provide further details relating to its deployments in a briefing to congressional staff.

3.4. As of the date of your response, have any of your agencies' "aviation assets" been deployed in connection with demonstrations? For each deployment, please describe:
   a. What individuals or entity requested the deployment, including whether it was state or local law enforcement
   b. The location, duration, and nature of the deployment
   c. What, if any, surveillance capabilities were utilized
   d. Whether any footage obtained by the aviation assets are being shared with local, state, or federal agencies for law enforcement purposes

   Response: ICE does not have its own "aviation assets".

Commented [PJH38]: HSI, please correct.

Commented [ICE-OPLA39]: (07 07 20 RETASK): This response is incomplete. The question asks:

For each deployment, please describe:
a. What individuals or entity requested the deployment, including whether it was state or local law enforcement
b. The location, duration, and nature of the deployment

c. The number of personnel deployed

ERO responded to c (number of personnel deployed) and part of b (location & nature of the deployment), but has not responded to a (what individual or entity requested the deployment, including whether it was state or local law enforcement), or b (the duration of deployment). ERO Enforcement – please fill in the missing pieces of information. Thank you.

Commented [TKW(40R40]: ERO concurs and clarified D.C. Protest was a request from DOJ and added dates.

Commented [ICE-OPLA41]: 07 07 20 RETASK): This response is incomplete. The question asks:

For each deployment, please describe:
a. What individuals or entity requested the deployment, including whether it was state or local law enforcement
b. The location, duration, and nature of the deployment

c. The number of personnel deployed

ERO responded to c (number of personnel deployed) with a total number of ERO officers deployed outside NCR and part of b (location & nature of the deployment), but has not responded to a (what individual or entity requested the deployment, including whether it was state or local law enforcement), or b (the duration of each deployment). ERO Enforcement – please fill in the missing pieces of information. Thank you.

Commented [TKW(42R42]: ERO concurs and notes that FPS was already documented and clarified, no request for assistance happens at our IGSA facilities, and added dates.

Commented [RJC43]: This is fine but ICE did participate in a DHS-led briefing on this topic for our Committees of Jurisdiction on June 9, 2020 for House Committees of Jurisdiction; and, on June 15, 2020, for Senate Committees of Jurisdiction (which Senator Harris is a member). And, ICE SME answered many of the questions outlined in the letter.

Congress of the United States
Washington, DC 20515

July 14, 2020

The Honorable William Barr
Attorney General
U.S. Department of Justice
Washington, D.C. 20530

The Honorable Chad Wolf
Acting Secretary
Department of Homeland Security
Washington, D.C. 20528

Dear Attorney General Barr and Acting Secretary Wolf:

We write concerning the role of, and recent actions by, Department of Justice (DOJ) and Department of Homeland Security (DHS) officers in Oregon responding to local demonstrators. We are deeply concerned by these officers' presence and actions and the seeming lack of on-the-ground coordination between agencies and departments.

In recent weeks, the federal government has deployed to Portland a number of DOJ and DHS officers. This politically driven federal response is intolerable. The apparent lack of operational coordination between agencies, departments, and offices, and the violence perpetrated by federal personnel is particularly concerning. Their presence and lack of coordination raises urgent concerns about how those engaging in illegal use of force against demonstrators will be held accountable.

On Saturday, July 11, 2020, a federal agent, whom we understand to be a member of the DOJ U.S. Marshal Service Special Operations Group (SOG), (b)(5); (b)(7)(E)

(b)(5); (b)(7)(E)

(b)(5); (b)(7)(E) An Oregonian suffered a resulting critical head injury and since undergoing surgery is now hospitalized. This use of force appeared, from recorded accounts, to be an unnecessary escalation on the part of federal agents.

We are further concerned that this SOG may be taking direction from leaders outside of Oregon. The U.S. Marshal Service website describes SOG as "…a self-supporting response team capable of responding to emergencies anywhere in the United States or its territories. … The SOG also maintains a small, full-time operational cadre stationed at the Marshals Service Tactical Operations Center at Camp Beauregard, LA."

We unequivocally condemn such acts of violence and any effort to target, attack, or silence those peacefully exercising their First Amendment rights. To help us understand how such an incident

could occur and how federal agencies are communicating with each other and local authorities, please respond to the following questions no later than July 21, 2020:

- Which federal agencies, departments, or units under DOJ and DHS have been deployed or authorized to conduct law enforcement activity in response to protests in Oregon? Please include the number of personnel from each. Please include any Border Patrol Tactical Units (BORTAC), Homeland Security Investigations Special Response Teams (HSI SRT), U.S. Marshal Special Operations Group (SOG), and any other federal units deployed to Oregon to address protest operations. Please include each entity's mission of operation as it relates to protest response.

- Are officers identifiable by badges with names and personnel numbers? What uniforms, identification, and equipment do personnel participating in these deployments wear and carry? Please provide any relevant policies and procedures with your response.

- Who is in charge of the DOJ and DHS federal response on the ground in Portland, Oregon? What is the chain of command at the relevant agencies and/or departments? Specifically, to whom does the SOG report? Are there federal law enforcement officers in Oregon under the purview of DOJ or DHS who do not report to leadership on the ground in Oregon or Region X staff in Seattle? If so, to whom do they report?

- In which Oregon cities are these DOJ and DHS entities conducting protest operations?

- How do DOJ and DHS entities involved with the Portland protest operations communicate with each other and with Oregon-based law enforcement?

- What guidance have DOJ and DHS personnel received on standing operating procedures for engagement with protestors, members of the press, and other civilians? Please include federal guidance on the use of gas and other munitions, use of force and use of lethal force. Does every DOJ and DHS agency and unit follow the same engagement protocols for use of force, gas, and other munitions?

- What are the protocols that undercover officers embedded with protestors must follow and when/how do they decide to make arrests? Which agencies employ these undercover officers and how many are doing this work in Oregon? Please describe their mission and relevant training. Is this a common practice across the country?

- What training and guidance have federal officers, agents, and marshals received on how to interact and respond to protestors? Does this training include nonviolent means of de-escalation? Please provide copies of rules of engagement with protesters, including policies and emails. In particular, please identify policies that authorize violence against peaceful protestors.

- Please confirm if the officer who fired the munition that struck the protester on Saturday, July 11 has been identified, and if so whether this officer will face professional
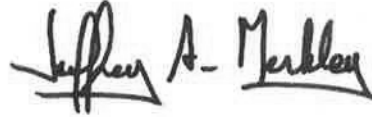

investigation, sanction, or other action. If an investigation is underway, which agency is conducting it and when do you expect it to be completed?

We look forward to your prompt response.

DECLARATION OF DEREK N. BENNER

I, Derek N. Benner, pursuant to 28 U.S.C. § 1746, hereby declare as follows:

1. This declaration is based on my personal knowledge and information made available to me in the course of my official duties.

2. I am the Executive Associate Director (EAD) for Homeland Security Investigations (HSI) and U.S. Immigration and Customs Enforcement's (ICE) Senior Official Performing the Duties of Deputy Director. In the latter role, I perform the duties of the senior career position at ICE. The Office of the Deputy Director supports the Office of the Director by managing ICE's day-to-day operations, including some 20,000 personnel assigned to more than 400 domestic and international offices.

3. In my role as EAD, I am responsible for the leadership of HSI—the investigative component of ICE. HSI's investigative and enforcement initiatives and operations target cross-border criminal organizations that exploit America's legitimate trade, travel, financial, and immigration systems for their illicit purposes.

4. My previous positions with ICE included Deputy EAD for HSI, Assistant Director for HSI Domestic Operations, and Special Agent in Charge for HSI San Diego. Prior to this, I served in several leadership positions at ICE Headquarters, including Deputy Assistant Director of HSI's Financial, Narcotics, and Special Operations Division, as well as Chief of Staff to the Executive Associate Director of HSI.

5. On July 23, 2020, a Temporary Restraining Order (TRO) was issued against the Department of Homeland Security in this matter. As part of the TRO, the Court ordered that:

> Because the Court considers any willful violation of this Order, or any express direction by a supervisor or commander to disregard or violate this Order, to be a violation of a clearly established constitutional right and thus not subject to qualified immunity in any action brought against any individual employee, officer, or agent of the

1

Federal Defendants under *Bivens v. Six Unknown Narcotics Agents,* 403 U.S. 388 (1971), notice of this Order must be widely disseminated. Accordingly, the Federal Defendants are ordered to provide copies of this Order, in either electronic or paper form, within 24 hours, to: (a) all employees, officers, and agents of the Federal Defendants currently deployed in Portland, Oregon (or who later become deployed in Portland, Oregon while this Order is in force), including but not limited to all personnel in Portland, Oregon who are part of Operation Diligent Valor, Operation Legend, or any equivalent; (b) all employees, officers, and agents of the Federal Defendants with any supervisory or command authority over any person in group (a) above; and (c) the U.S. Attorney General and the Secretary (or Acting Secretary) of the U.S. Department of Homeland Security.

6. As such, ICE ensured that, within 24 hours of its issuance, the appropriate employees had been given a copy of the TRO in either electronic or hard copy.

7. To that end, on July 24, 2020, my office issued an agency-wide email broadcast to all ICE employees summarizing the TRO and attaching a copy of the order itself.

8. I can confirm that the Deputy Director and Senior Official Performing the Duties of the Director of ICE, Mr. Matthew Albence, received a copy of that broadcast message.

9. In addition to transmission of the aforementioned agency-wide broadcast via email, I instructed my subordinates to have the team leader overseeing ICE's involvement in protecting the Mark O. Hatfield United States Courthouse use that broadcast message to brief the team during the evening muster set for July 24, 2020.

10. On July 28, 2020, my office issued a follow-up agency-wide email broadcast to all ICE employees containing legal guidance on implementation of the TRO.

11. All ICE employees are expected to comply with applicable laws, policies, and court orders. Were an alleged instance of non-compliance to arise, it would be addressed by the agency in accordance with existing management and disciplinary procedures.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Training Document Contentious Questions

1. You spoke about 4th amendment training, but what about First Amendment training? At issue in Portland is the use of DHS federal police trampling US citizens' first amendment rights. What specialized training have ICE employees received in balancing their law enforcement mission with the protections guaranteed by our Bill of Rights?

2. Have ERO or HSI requested any legal advice and/or guidance from OPLA in Portland regarding their role in subverting the constitutional rights of US citizens to protest their government? Without any requests, did OPLA provide any legal guidance proactively?

3. Why does ICE have training in chemical and specialty impact munitions to begin with? What are the routine uses of these weapons/tactics in the normal course of their duties?

```
(b)(5); (b)(7)(E)
```

4. What did the cross-designation training consist of? Is it a situation where they take a 20 minute online course and/or have someone just tell them what not to do while the put on their riot gear? Or is it actual significant training on balancing the protection of federal facilities against the right of citizens to protest under the 1st amendment?

I have a conflict at 11am and am unable to be on this call. We should be in listening mode only, so it's really just a matter of taking notes. If anything does arise that needs my attention, please just let me know.

Thanks,
