Detainee Work Program	Yes – see PBNDS 2011 revised 2016

The facility shall have 100% auxiliary power

Transportation Requirements

In FY18, the vendor for this requirement drove approximately 180,000 miles and used 20,000 guard hours to support ground transportation activities. The vendor also provided 2,182 missions in FY18. This historical data does not constitute a guaranteed minimum number of miles and should be used only for planning purposes. The Offeror may be required to perform additional movements as directed by the COR.

This “Transportation Requirements” information in this section is provided only for reference for Offerors. This information shall not constitute a guaranteed minimum number of beds, detainees nor miles, nor shall it constitute a maximum number of miles required under any forthcoming contract.

Table 1 below represents the historical movements that occurred in connection with this requirement accompanied with monthly and annual totals for FY18. The chart includes movement types, average number of stops, average number of monthly trips, average number of hours and miles, average number of detainees, average number of miles per month, and total numbers of miles per year. If the indicated start and stop location are the same, then the provider made a stop at a location and returned to the historic facility for Requirement A. For medical movements, the vendor stopped at local doctors’ offices, hospitals, or appointments. Stationary duty movements occurred to provide guard duties for local appointments.

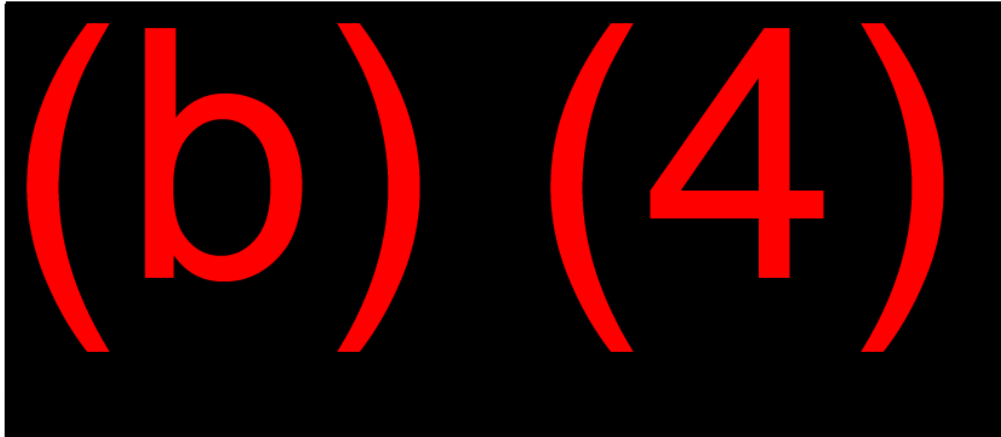

Table 1: Frequent Historical Movements

Table 2 lists movement types that occur on an infrequent, or an as-needed basis for legal appointments, air removals, and pick-ups. The chart includes the movement type, average number of hours, average number of stops, average number of detainees, and average number of miles per trip. If the indicated start and stop location are the same, then the provider made stops at local courts, airports, or jails. Each of the following trips occurred two or less times in FY18.
