Hey (b) (6), (b) (7)(C),

Here was the summary of the meeting from this AM.

We think it is went very well and wanted to keep you in the loop.

I am still waiting for the Hours/vacancy report but I was told we had 13/15 CDL posts filled and the other 2 are in PSU. Will confirm and get back to you.

Thanks,

(b) (6), (b) (7)(C)

**Subject:** [EXTERNAL] Transportation Runs/Issues

Good Afternoon Mr. (b) (6), (b) (7)(C)

It was a pleasure to meet you. I do believe that we are getting things hashed out.

We spoke with the AOIC for JCPC, the DOCC Supervisor, and the AOIC in charge of HCDF.

Moving forward, We are to utilize JCPC transportation on the longer runs such as PIDC, Laredo, etc. We asked about PIDC/Laredo meeting us, and we were immediately told no. The border is so covered up they are looking for additional drivers there. We will use other local transportation from other facilities for the shorter runs such as Dallas, San Antonio, removal flights out of IAH, etc. This keeps our concentration at the border.

If the need arises, we will still use JCPC for the shorter runs (Dallas / San Antonio / Alexandria) as well, but we will try to ensure that we make the notification as far in advance as possible. (b) (6), (b) (7)(C) and Myself will notify you as soon as possible once we hear of any potential short run to Dallas, Alexandria, etc. Hopefully we will get the information out in time enough for you to prep a team to go. I know that many times we get notification from the DOCC in late afternoon for a movement the following day, but they are going to do their best to notify us as early as possible and make sure we and the supervisors here are on the email as well.

We should be getting help from HCDF for movements on shorter runs. Hopefully this will mitigate the Driver's problems here and DOT issues.

Again, it was a pleasure to meet you. If have an issue that arises, please do not hesitate to call. I will be glad to help in any way that I can.

Thank you,

(b) (6), (b) (7)(C)

**CAUTION:** This email originated from outside of DHS. DO NOT click links or open attachments unless you recognize and/or trust the sender. Contact [ICE SOC SPAM](#) with questions or concerns.

Good Morning (b) (6), (b) (7)(C)

We are in need a new Wage Determination effective 12-16-2020 for Folkston.

Also we still need to finalize the Medical proposal including FF&E.

We will need a modification to update the staffing plan and fixed monthly rate for the positions that will now be covered by IHSC.

Thanks,

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

## ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month\*

\*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 3 weeks after 10 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

## THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* HAZARDOUS PAY DIFFERENTIAL \*\***

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS \*\***

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

**\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\***

#### Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage

determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

Good Morning,

The TDY staff and associated lodging and per-diem were not included in CLIN 0005 because we did not want to make any profit from these "pass through" costs. Attached is the final modification which identifies the TDY staff lodging and per-diems would be invoiced separately as a pass through using 0005A.

Thank you,

Good morning sir!

My apologies for the confusion. The TDY lodging / per diem was not included in the fixed fee. CLIN 0005A was incorporated into the contract to account for these above and beyond expenses. Hope this helps.

Thanks,

Good Morning (b) (6), (b) (7)(C)

Can you take a look at the attached mod to the IGSA to make sure that I captured all the pertinent info, please? As there seemed to be several different PoP dates for the rates, I just want to make sure I didn't miss something that will cause you issues.

Be Well!

I honestly don't know why they were issued bilaterally before which is why I wanted to ask you just in case there was something I didn't know. Since there isn't and these rate changes are required by law, there's no need to make it more complicated than necessary.

We are in agreement with the modification so have no objection to it being issued unilaterally. I think in the past these have been issued bilaterally since there is a rate change.

Great.

I was actually going to issue this unilaterally since it's essentially an admin mod increasing the rates which no one ever objects to. Would that be an issue?

Good Morning (b) (6), (b) (7)(C)

Can you take a look at the attached mod to the IGSA to make sure that I captured all the pertinent info, please? As there seemed to be several different PoP dates for the rates, I just want to make sure I didn't miss something that will cause you issues.

Be Well!

We need to know how you wish for us proceed.

If we are going to purchase on behalf of ICE we must order this week to ensure all items are delivered by April 23 to meet ICE's timeline.  
As discussed, GEO cannot order on behalf of ICE without paying Taxes as this is Georgia Law.  
If ICE chooses to order and pay for their own purchases you are correct that ICE would then be tax exempt.

Please let me know ASAP how you would like GEO to proceed.

Thank you,

U.S. Government, Departments, Agencies are exempt from taxes, irrespective of state where the transaction is consummated. It will be a gross violation for me to allow tax payment on this transaction.

In addition to the exemption certificate you have, if you prefer, I can issue a memo with ICE letter head to support the fact that states/local governments can't charge U.S. Government, Departments, Agencies taxes.

Good morning (b) (6), (b) (7)(C)

ICE is in the process of determining the resources and activities necessary to convert the Karnes County Residential Center from a Family Residential facility (under FRS) to a facility housing single adult ICE detainees (under PBNDS - 2016 revision).

At this time, we are requesting that you please provide a Rough Order of Magnitude (ROM) which provides an outline/brief description of the activities necessary to convert the aforementioned facility. In this ROM, please provide the timeline and costs associated with each activity (including any construction activities related to the conversion) that will be incurred because of this conversion. Please note that this ROM is only for the costs of converting the facilities to PBNDS not for operations after the conversion is complete.

If you have any questions regarding this request, please feel free to reach out to myself and (b) (6), (b) (7)(C) Contracting Officer at (b) (6), (b) (7)(C) @ice.dhs.gov and we can provide you with further guidance and/or information as applicable.

Good Morning (b) (6)

We are in need a new Wage Determination effective 12-16-2020 for Folkston.

Also we still need to finalize the Medical proposal including FF&E.

We will need a modification to update the staffing plan and fixed monthly rate for the positions that will now be covered by IHSC.

Thanks,

I just realized R13 you referenced is from 2020.

We are in need of a new WD for 2021, we are now on Revision 15 dated Dec 21, 2020.

Have you incorporated this yet into the IGSA?

GEO cannot submit an REA without a contract mod from ICE incorporating this new WD.

Please call me if you have any questions.

Thanks,

Good morning (b) (6), (b) (7)(C)

I wanted to follow up from our conversation yesterday. During our biennial review the team found the following information provided in GEO's reps and certs. Here is the following from your information:

52.204-26 Covered Telecommunications Equipment or Services-Representation:

Covered Telecommunications Equipment or Services-Representation (Oct 2020)

(a) Definitions. As used in this provision, "covered telecommunications equipment or services" and "reasonable inquiry" have the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) ( <https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(c) (1) Representation. The Offeror represents that it ☐ does, ☐ does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(2) After conducting a reasonable inquiry for purposes of this representation, the offeror represents that it ☐ does, ☐ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

52.204-26 GEO checked in the reps & certs provisions that they use prohibited items (telecommunication services or equipment and/or video surveillance equipment or services) from one of the prohibited Chinese corporations Huawei Technologies Company or ZTE Corporation. Was this a mistake or oversight in your reps and certs. Please work with (b) (6), (b) (7)(C) to provide a response or if you have any additional questions. Thanks

(b) (6), (b) (7)(C)

Would GEO be available to discuss the circumstances at Joe Corley with DFOD Baker (and others I am sure) on Thursday at 3? We need to figure out the expectations from an ICE standpoint and limitations from a detention standpoint and figure out how to move forward with the facility so we stop the staffing issues, negative audit findings, detainee removals, etc and have a path forward that works for everyone.

thanks

Thank you for your email. We have reviewed your request and attached please find our updated proposal reducing transportation escalation from (b) (3) (A), (b) (4) Transportation has more risk than facility operations as insurance and fuel costs have been hit hard by inflation. That being said, we feel comfortable at (b) (3) (A), (b) (4) Please let us know if you have any further questions. Looking forward to wrapping this up.  
Thanks.

(b) (6), (b) (7)(C)

We received an email from (b) (6), (b) (7)(C) on Monday September 27, requesting a quote for staffing at Folkston to add (b) (3) (A), (b) (4) FTEs. The original staffing plan developed at the local level considered an additional (b) (3) (A), (b) (4) FTE to be added to current staffing. After discussions with the on-site ICE and IHSC representatives, there were some additional concerns and (b) (3) (A), (b) (4) FTE's were added to the original document.

1. It was requested that the Annex front entry should be covered (b) (3) (A), (b) (4) (b) (3) (A), (b) (4) due to IHSC activity at all hours, medical runs, etc. This requires an additional (b) (3) (A), (b) (4) FTE.
2. It was requested that the Annex Medical Unit be assigned (b) (3) (A), (b) (4) (b) (3) (A), (b) (4) to aid in movement of medical detainees. This requires an additional (b) (3) (A), (b) (4) FTE.
3. It was requested that the Main Facility Medical Unit also be assigned (b) (3) (A), (b) (4) (b) (3) (A), (b) (4) for the same reasons as above. This requires an additional (b) (3) (A), (b) (4) FTE.
4. It was decided that (b) (3) (A), (b) (4) post could be eliminated at the Annex, as having (b) (3) (A), (b) (4) will alleviate the necessity of the (b) (3) (A), (b) (4) bringing detainees to medical. This eliminates (b) (3) (A), (b) (4) FTE.

I have attached a summary of the positions and a staffing plan for the additional FTEs. When you have time, I would to discuss the change with you and request that (b) (6), (b) (7)(C) resubmit a request for the additional positions.

Thank you!

***Re: Folkston ICE Processing Center, Contract # EROIGSA-17-0002***

Dear Mr. (b) (6), (b) (7)(C):

On behalf of Charlton County, Georgia, and GEO, and as you are aware, the agreement (IGSA) between Charlton County, Georgia (County) and Immigration and Customs Enforcement (ICE) at the Folkston ICE Processing Center is due to expire on December 15, 2021.

Per Article 8. Period of Performance, the IGSA will remain in effect for a period not to exceed (b) (6), (b) (7)(C) months unless extended by bi-lateral modification in writing by either party. Please be advised that the County and GEO are prepared to continue services and extend the IGSA. Please let us know if ICE intends to extend the Period of Performance in order to continue services beyond December 15, 2021.

If you need any assistance, please feel free to contact me directly at (561) 999 (b) (6), (b) (7)(C) or via email at (b) (6), (b) (7)(C)@geogroup.com

Sincerely,

**Summary :** The U.S. Department of Homeland Security (DHS), Immigration and Customs Enforcement (ICE), Enforcement and Removal Operations Division (ERO) has an urgent need to procure emergency flights to remove approximately 15,000 Haitian migrants who have converged near a bridge in Del Rio, Texas along the Southwestern border of the United States and Mexico. President Biden's administration prioritized the deportation via air transport back to Haiti for all Haitian migrants gathered at the location, including single adults and families. The migrant surge was unforeseen and presents numerous substantial risks to human, health, life, and safety. This contract is to provide charter flights in support of DHS' urgent need to return these thousands of migrants safely and quickly to Haiti. All available ICE and DHS-wide resources are currently devoted to this effort, but additional support is required. The contract is expected to provide 56 flights between Texas and Haiti in a two-week period, with an option for an additional 56 flights for a second two-week period. The contract shall provide all aircraft and labor required to complete the missions in accordance with ICE requirements and applicable Federal Aviation Regulations.

***RE: Folkston ICE Processing Center  
Client Discrepancy Report – FAT-CDR-21-0001***

Dear Contracting Officer (b) (6), (b) (7)(C):

I write to clarify the current posture of the Contract Discrepancy Report – FAT-CDR-21-0001. In your July 23, 2021, Memorandum, you indicated that U.S. Immigration and Customs Enforcement (ICE) would delay imposing a 20% penalty deduction while the GEO Group, Inc. (GEO) provides an “updated fixed staffing plan.” While we appreciate the spirit of partnership in both your memorandum and during the discussion on July 16, 2021, we are uncertain about the conclusions in your July 23<sup>rd</sup> memorandum.

In our response, dated July 12, 2021, we believe we demonstrated compliance with the existing staffing requirements at the Folkston ICE Processing Center (FIPC). We note that while your July 23<sup>rd</sup> response requested an updated staffing plan and improved communications, it found that staffing requirements were being met, and there were no deficient findings. Accordingly, we do not believe a penalty or withholding should be contemplated regarding this matter. Next, we understand your direction to improve communication between GEO and ICE, and we can faithfully represent that we will make every effort to ensure that the ICE staff at the FIPC will receive timely and transparent communication from the FIPC staff.

Finally, from your July 23<sup>rd</sup> Memorandum and the ICE personnel who participated in the July 16<sup>th</sup> meeting, we understand that ICE would like GEO to add positions at the FIPC. We look forward to proposing solutions to meet these new operational requirements; we believe it is important to clarify that GEO’s proposal is in response

to ICE's request to meet an updated operational need and not in response to a deficiency found in CDR-21-0001. Would you kindly clarify this issue for us? Pursuant to the discussions at the local level between GEO facility management and ICE, we are working on the updated and proposed staffing plan and can share it very soon.

Thank you in advance for your attention to this matter. Please feel free to contact me directly at (561) 999-(b) (6), (b) (7)(C) or by email at (b) (6), (b) (7)(C)@geogroup.com if you have any questions or require additional information.

(b) (6), (b) (7)(C) as per (b) (6), (b) (7)(C)'s email, we are awaiting to receive the NTP to proceed. We have secured an (b) (3) (A), (b) (4) seater aircraft for Thursday. Our aircraft provider will confirm within the next two hours that we will have an additional (b) (3) (A) aircraft for Thursday bringing the total to (b) (3) (A).

The provider requests missions to PAP originating out of either Laredo or Harlingen or both. We need departure times and which airports as soon as possible.

Additionally, please confirm that we will need (b) (3) flights per day through the weekend and through next week. We need to secure the aircraft for two weeks as expressed to us previously.

We appreciate your patience as we've scrambled to secure security staff and aircraft.

**We have been advised that other than children all male adults will be restrained and females at the discretion of the COR.**

Question: will the male detainees for deportation to PAP be transported to the aircraft fully restrained? Are there procedures at PAP to remove the restraints for return to airport?

Ok, lets try to do one thing at a time, and start with the Joe Corley, but we can figure out the MPC staffing as well and codify the staffing changes due to the expansion.

We got a question from ERO HOU asking the following about the staffing plan at Joe Corley.

Do the tiers; (b) (3) (A), (b) (4) account for staffing only for ICE detainees only or total facility population to include USMS prisoners?

The staffing plan at award was for the full (b) (3), (A), (b) (4) and GEO anticipated only staffing the GM until which time we exceeded the GM of (b) (3), (A), (b) (4).

Now that there is a question as to what the staffing levels should be we feel it is important to spell out the GM staffing plan at (b) (3), (A), (b) (4).

We had a modification to the contract to increase the maximum capacity up to (b) (3), (A), (b) (4) (which has additional staff at this level).

We should have (b) (3), (A), (b) (4) tiers of staffing now so it is clear in the contract, GM at (b) (3), (A), (b) (4) original capacity, and (b) (3), (A), (b) (4) expansion.

Feel free to call me if we need to discuss further.

Thanks,

No, only that the staffing plan that makes up the current (b) (6), (b) (7)(C) GM be incorporated into the IGSA.

My apologies but the original request did inadvertently leave off Joe Corley.

Now attached are the proposed Tiers for Joe Corley (b) (3) (A), (b) (4)

As far as the MPC staffing plan.

Our current contract call for a (b) (3) (A), (b) (6) Minimum Guarantee which is what ICE pays for regardless of population and this staffing plan was also inadvertently left out of the contract.

We are requesting the (b) (3) (A), (b) (6) MG be incorporated as well as the tier to the (b) (3) (A), (b) (6) contracted beds and the last tier which was the expansion up to (b) (3) (A), (b) (6).

Any questions please let me know.

Thanks again,

Yes just Coastal...

Attached is the Modification from USMS and the effective date is 8-1-2020. (b) (3) (A), (b) (4)

Please note the Guard Rate also should be updated to reflect (b) (6) (A), (b) (4) same effective date.

Thank you sir!

Here are the updates based on our conversation

I updated the mileage rate to reflect the first (b) (6), (b) (7)(C) at no additional cost

I also created CLIN 0005A for the "Stationary TDY" costs just because we have to use a different accounting line (Detention versus Transportation) due to the funding available. Its cleaner for our financial system to just create another CLIN.

Attached is modification P00013 to the Rio Grande BPA. This mod creates a new CLIN (0005) for the transportation services in the Rio Grande Valley. Can you review, sign and return the mod? I am still waiting on the funding but that will be issued unilaterally on task order 70CDCR21FC0000008 once this mod is signed and fully executed.

If you have any issues please just give me a call and we can discuss and update as necessary

(b) (6), (b) (7)(C)

Here are the updates based on our conversation.

I updated the mileage rate to reflect the first (b) (3) (A), (b) (4) at no additional cost

I also created CLIN 0005A for the "Stationary TDY" costs just because we have to use a different accounting line (Detention versus Transportation) due to the funding available. Its cleaner for our financial system to just create another CLIN.

Please review and sign

thanks

(b) (6), (b) (7)(C)

Here are the updates based on our conversation.

I updated the mileage rate to reflect the first (b) (3) (A), (b) (4) at no additional cost

I also created CLIN 0005A for the "Stationary TDY" costs just because we have to use a different accounting line (Detention versus Transportation) due to the funding available. Its cleaner for our financial system to just create another CLIN.

Please review and sign

thanks
