

## FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

### Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the [www.fbi.gov/foia](http://www.fbi.gov/foia) website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

### Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. §§ 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

### Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records, administrative records of previous FOIPA requests, or civil litigation files.
  - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
  - b. *Reference Entity Records*- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at [www.fbi.gov/about-us/cjis/identity-history-summary-checks](http://www.fbi.gov/about-us/cjis/identity-history-summary-checks). Additionally, requests can be submitted electronically at [www.edo.cjis.gov](http://www.edo.cjis.gov). For additional information, please contact CJIS directly at (304) 625-5590.

What I could gather from the Deputy is that the focus is no one knows what is going to happen and that scares them so they want to know what the intel is and plan accordingly but that is tough because there really is no centralized role in this for Defense or the Federal government components. This sits squarely in MPD's realm. I'm trying to tamp this down with the Deputy like I have the last couple of protests but this one may be different. I think we should at least [REDACTED]

*(U//~~FOUO~~) The following list of events is being maintained per request of WFO Executive Management. The items on this list are compiled by FBI partner agencies. FBI WFO does not have any information to suggest these events will involve anything other than first amendment protected activity and is being distributed for situational awareness. Their inclusion here is not intended to associate the protected activity with criminality or a threat to national security, or to infer that such protected activity itself violates federal law. However, based on known intelligence and/or specific, historical observations, it is possible the protected activity could invite a violent reaction towards the subject individual or others in retaliation or with the goal of stopping the protected activity from occurring in the first instance. In the event no violent reaction occurs, FBI policy and federal law dictates that no further record be made of the protected activity.*

Good morning [redacted]

I just left a message on your mobile but, also wanted to follow up with an email –

My AD (Office of Partner Engagement) is looking to obtain a copy of a document that was recently completed by WFO on the potential protest that will occur in DC this week. I was looking to reach out to the special assistant for the SAC but could not find the POC on the branch's page. Are you able to put me in contact with him? Or are you able to provide me a copy of the document?

My AD needs to meet with the Deputy Director as soon as possible on this topic.

George,

Below is what was previously provided to the Deputy Director. I believe this is the document you were looking for. After reviewing the information, if you believe this is not what you are looking for, please let me know and we can work through figuring out what it was. Again, it was not a formal product and is simply our roll up of information leading up to January 6<sup>th</sup>, and is for internal use only.

**Subject:** Wednesday - Ellipse Event

FYSA,

For tomorrow's event on the Ellipse, Access Control is tracking the following MOC as speakers:

FBI(21-cv-572)-12570

Rep. Devin Nunes  
Rep. Jim Jordan  
Rep. Mo Brooks

Sen. Josh Hawley  
Sen. Marsha Blackburn  
Sen. Ted Cruz

The Members listed above have not requested transport or protection from USCP for this event. This means the Members listed above will coordinate with WH/ Event Staff for independent arrivals.

As of this writing, USCP has informed Liaison Capitol Hill that no MOC with a protective details are scheduled to attend the event. As of now, USCP has **ZERO** participation or presence scheduled for this event.

Due to heavy Capitol visits on Wednesday for election certification votes, Liaison Capitol Agents will be assigned to the Capitol. If USCP presence at the WH changes, Liaison will adjust accordingly to pair up with USCP.

V/r,  
GT
