Civil Action No.: 22-CV-149
FOIPA Request No.: 1505050-000
Subject: Body Worn Camera Policy
(Implementation, Communications, Assessment)

Dear [REDACTED]

The FBI has completed its twenty-third interim review of records subject to the Freedom of Information/Privacy Acts (FOIPA) that are responsive to your request. The enclosed documents were reviewed under the FOIPA, Title 5, United States Code, Section 552/552a. Below, you will find checked boxes next to applicable statutes for the exemptions asserted to protect information exempt from disclosure. The appropriate exemptions are noted on the processed pages next to redacted information. In addition, a deleted page information sheet was inserted to indicate where pages were withheld entirely pursuant to applicable exemptions. An Explanation of Exemptions is enclosed to further explain justification for withheld information.

504 pages were reviewed and 97 pages are being released in full or in part.

Please see the paragraphs below for relevant information specific to your request, and see the enclosed FBI FOIPA Addendum for standard responses applicable to all requests.

In response to your FOIPA request and subsequent civil action case pending in the United States District Court for the District of Columbia, the enclosed documents represent the twenty-third interim release of documents consisting of Bates stamps FBI(22-cv-149)-11212 – FBI(22-cv-149)-11715.

You were previously advised that documents had been consulted to other government agencies [OGAs]. Some of those documents have been returned and have been included with this release. Redactions were made by the Drug Enforcement Administration (DEA), United States Department of Justice (DOJ), and the United States Marshal Service (USMS). The documents returned contain records Bates stamped FBI(22-cv-149)-5102 – FBI(22-cv-149)-5105, FBI(22-cv-149)-5160 – FBI(22-cv-149)-5161, FBI(22-cv-149)-5218 – FBI(22-cv-149)-5231, FBI(22-cv-149)-5321 – FBI(22-cv-149)-5323, FBI(22-cv-149)-5535 – FBI(22-cv-149)-5538.

This material is being provided to you at no charge.

Duplicate copies of the same document were not processed.

Documents were again located which originated with, or contained information concerning, another Government Agency (OGA). We are consulting with the other agency and are awaiting its response. The FBI will correspond with you regarding those documents when the consultation is completed.

Please refer to the enclosed FBI FOIPA Addendum for additional standard responses applicable to your request. **"Part 1"** of the Addendum includes standard responses that apply to all requests. **"Part 2"** includes additional standard responses that apply to all requests for records about yourself or any third party individuals. **"Part 3"** includes general information about FBI records that you may find useful. Also enclosed is our Explanation of Exemptions.

Although your request is in litigation, we are required by law to provide you the following information:

If you are not satisfied with the Federal Bureau of Investigation's determination in response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within ninety (90) days of the date of this response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." If possible, please provide a copy of your original request and this response letter with your appeal.

You may seek dispute resolution services by emailing the FBI's FOIA Public Liaison at foipaquestions@fbi.gov. The subject heading should clearly state "Dispute Resolution Services." Please also cite the FOIPA Request Number assigned to your request so it may be easily identified. You may also contact the Office of Government Information Services (OGIS). The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Please direct any further inquiries about this case to the attorney representing the Government in this matter. Please use the FOIPA Request Number and/or Civil Action Number in all correspondence or inquiries concerning your request.

Sincerely,

Michael G. Seidel

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. §§ 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records or administrative records of previous FOIPA requests.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records* – created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

EXPLANATION OF EXEMPTIONS

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552

- (b)(1) (A) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) are in fact properly classified to such Executive order;
- (b)(2) related solely to the internal personnel rules and practices of an agency;
- (b)(3) specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;
- (b)(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;
- (b)(5) inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
- (b)(7) records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings, (B) would deprive a person of a right to a fair trial or an impartial adjudication, (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy, (D) could reasonably be expected to disclose the identity of confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source, (E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual;
- (b)(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or
- (b)(9) geological and geophysical information and data, including maps, concerning wells.

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552a

- (d)(5) information compiled in reasonable anticipation of a civil action proceeding;
- (j)(2) material reporting investigative efforts pertaining to the enforcement of criminal law including efforts to prevent, control, or reduce crime or apprehend criminals;
- (k)(1) information which is currently and properly classified pursuant to an Executive order in the interest of the national defense or foreign policy, for example, information involving intelligence sources or methods;
- (k)(2) investigatory material compiled for law enforcement purposes, other than criminal, which did not result in loss of a right, benefit or privilege under Federal programs, or which would identify a source who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(3) material maintained in connection with providing protective services to the President of the United States or any other individual pursuant to the authority of Title 18, United States Code, Section 3056;
- (k)(4) required by statute to be maintained and used solely as statistical records;
- (k)(5) investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment or for access to classified information, the disclosure of which would reveal the identity of the person who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(6) testing or examination material used to determine individual qualifications for appointment or promotion in Federal Government service the release of which would compromise the testing or examination process;
- (k)(7) material used to determine potential for promotion in the armed services, the disclosure of which would reveal the identity of the person who furnished the material pursuant to a promise that his/her identity would be held in confidence.

Steve, Bill,

Please see the email below and see if you get help me with movement on this from your end. I would like to send it as requested early tomorrow as a "draft" which should still buy us more time for back and forth. We have only received concurrence from ITADD so far. [REDACTED]

Hello [REDACTED]

Due to the Front Office's high level of interest in BWC procurement, I thought I might set aside a time for us to meet weekly on Fridays to prepare a status update for FFD's Monday leadership meetings.

We can absolutely cancel these meetings as required, move them to biweekly meetings, or have them last from 5-15 minutes. Perhaps we can discuss the frequency and method of these tag-ups on Friday 7/30.

Thank you,
[REDACTED]

Hi there,

The Director's Special Assistant reached out a few min ago and asked if we have talking points for the Director regarding BWC. We do not have TP for this in the ESU archives that I can locate. I am hoping maybe one or all of you have a copy of these that were previously sent to the DO?

He wants to know the current state of play at other DOJ components regarding their implementation of BWC programs. Which components are testing BWCs and which have deployed them? Which components have actually procured cameras? (How many from where?)

Hope this is clear enough to action. Please let me know if you have questions or concerns.

Good afternoon,

Last month, we had a good initial discussion on evaluating the roll out of Body-Worn Cameras across DOJ law enforcement components. At that time, it was agreed that it would be best to see the Department's policy prior to developing the evaluation questions and determining evaluation metrics and collection. Earlier this week, DAG Monaco issued the Department's Body-Worn Camera Policy. This policy articulates areas that component policies shall address, and it also requires components to, "Design evaluation metrics that can be used to measure the impact of its BWC policy."

Now that the policy is out, we need to be proactive to ensure that the evaluation metrics developed enable us to learn as much as possible. Our goal is to systematically collect data across the 4 law enforcement components to ensure that the data can be combined to create a coherent picture for policy makers at the Department level and the component level, and allow the components to learn from each other, about:

- what works best,
- potential tradeoffs for future decisions on how best to roll out the program nationwide, and
- ultimately to ensure that the program provides the transparency to maximize the evidentiary value, the accountability that is being sought, and trust with the communities we serve.

We want to protect against collecting data in a fragmented way that becomes anecdotal or "suggestive data" and to ensure that we have a systematic approach that allows us to detect trends and patterns and draw conclusions of lessons learned that will strengthen the program and the support of the program across DOJ and its stakeholders.

To that effect, we ask each component to think about what metrics to collect around each of the areas outlined in the Department's policy (see below) and how they plan on collecting that data. We plan on having a meeting the week of June 21 to discuss potential metrics and data collection methods.

We look forward to working with all of you on the evaluation of this important program.

Robin

DOJ Body-Worn Policy Camera Policy

Each component's BWC policy shall include:

- *the responsibilities for Department agents to carry, operate, maintain, and secure the equipment, including when to activate and deactivate BWCs;*
- *the type(s) of BWC equipment authorized for use;*
- *the duration of time and scope of the BWC footage preserved prior to its activation (i.e., buffering period);*
- *specialized or sensitive investigative techniques or equipment that may require different treatment under the BWC policy;*
- *procedures governing the collection, storage, access, retention, use, and dissemination of BWC recordings, consistent with applicable federal laws;*
- *procedures governing the use of BWCs by all members of Department-sponsored task forces; and*
- *procedures for the expedited public release of recordings in cases involving serious bodily injury or death.*

Bradley Weinsheimer
Associate Deputy Attorney General

Washington, D.C. 20530

MEMORANDUM

TO: Jason R. Malmstrom
Assistant Inspector General for Audit
Audit Division
Office of the Inspector General

FROM: Bradley Weinsheimer *Bradley Weinsheimer*
Associate Deputy Attorney General
Office of the Deputy Attorney General

DATE: June 18, 2021

SUBJECT: Response to OIG's Draft Report: "Audit of the Department of Justice Policy on Body Worn Cameras"

The Office of the Deputy Attorney General (ODAG) appreciates the review undertaken by the Office of the Inspector General (OIG) and the opportunity to comment on OIG's draft report, "Audit of the Department of Justice Policy on Body Worn Cameras" (the "Report"). As you know, the Department began examining the use of body-worn cameras by federally deputized task force officers (TFOs) two years ago and has been assessing their use by Department of Justice (DOJ or Department) agents since July 2020. This work has entailed extensive coordination with Department law enforcement components to identify cross-cutting policy issues, as well as work with the Justice Management Division (JMD) to assess and forecast costs associated with body-worn camera usage. This work culminated in a memorandum issued by the Deputy Attorney General on June 7, 2021, announcing the Department's commitment to DOJ agents wearing body-worn cameras in law enforcement operations.

The Report sets forth three recommendations to the Department. As set forth below, the Department concurs with each of the recommendations.

1. **Carefully reassess the lack of BWC usage by DOJ Components and pursue actions that would prepare DOJ for program implementation. This assessment should begin by determining the type of operations for which BWCs should be required for DOJ LEOs on DOJ operations, and using that determination, developing a forecast of**

costs associated with equipment purchases, video storage, and other resources, such as staffing.

The Department concurs with this recommendation. The Department has been committed to enacting a Body-Worn Camera (BWC) policy that provides transparency to our law enforcement operations and has been examining this issue for over two years. In May 2019, ODAG began working with DOJ law enforcement components to address the use of BWCs on Department-sponsored task forces. ODAG formed an internal working group comprised of senior leadership of each of the law enforcement components to determine whether DOJ should have a Department-wide policy on the use of BWCs. Throughout the summer of 2019, the DOJ working group met numerous times and incorporated input from stakeholders. The working group also met with Major Cities Chiefs Association, International Association of Chiefs of Police, Major County Sheriffs of America, National Sheriffs' Association, and the National Organization of Black Law Enforcement Executives to solicit their input. The working group also met with various internal components to discuss the cross-cutting policy implications of the Privacy Act, the Federal Records Act, and the Freedom of Information Act (and has continued to do so throughout this process).

After considering all of these views, on October 28, 2019, the Department announced a pilot program in Houston, Texas; Detroit, Michigan; Wichita, Kansas; Salt Lake City, Utah and Park City, Utah. The pilot program was extended due to the effect of COVID-19 on task force operations and successfully concluded on September 1, 2020. Upon evaluating the results of the pilot program and considering input from various stakeholders, the Department announced a new policy on October 29, 2020, that permits TFOs to use BWCs. On December 7, 2020, the Department held a nationwide web-based training program for United States Attorneys' Offices on the discovery and logistical implications of the new TFO body-worn camera policy.

As we explained to the OIG during the audit, the Department intended to address the use of BWCs by TFOs first and then turn to their use by DOJ agents. To that end, in late July 2020, as the TFO pilot was nearing completion, ODAG asked the components to begin examining the application of BWCs to DOJ agents. Beginning in August 2020, the working group met to discuss component input on the application of BWCs to DOJ agents as well as cost estimates to equip their agents with BWCs.

In early February 2021, the Department discussed the next steps to include formulating recommendations on the specifics of a BWC policy, a phased implementation, and a plan to purchase cameras and store footage. Since February, the working group has been meeting regularly to consider issues surrounding a BWC Policy and has met with JMD to discuss detailed cost estimates to implement this program including a single contract involving multiple components and to begin designing evaluation metrics that can be used to measure the impact of the DOJ agent BWC policy.

On June 7, 2021, Deputy Attorney General Monaco announced, based on the recommendations of the DOJ law enforcement components, the Department's commitment to DOJ agents wearing body-worn cameras in law enforcement operations. Within the next 30 days, the Bureau of Alcohol, Tobacco, Firearms & Explosives; Drug Enforcement Administration; the Federal Bureau of Investigation, and the United States Marshals Service will submit policies and implementation plans to phase in the use of these cameras. The Deputy Attorney General's memorandum explained that agents will be required to wear and activate BWC recording equipment for purposes of recording their actions during: (1) a pre-planned attempt to serve an arrest warrant or other pre-planned arrest, including the apprehension of fugitives sought on state and local warrants; or (2) the execution of a search or seizure warrant or order. The Department will also seek funding from Congress to implement this plan nationwide.

2. Coordinate with the Components to identify other cross-cutting policy issues and promulgate policy that would allow the Components to develop and implement their own BWC programs.

As described above, the Department has been, and will continue to pursuant to the Deputy Attorney General's June 7, 2021 memorandum, coordinate with the law enforcement components to identify other cross-cutting policy issues and promulgate policy that would allow the components to develop and implement their own BWC programs.

3. Coordinate with the Components, and any other DOJ agencies to whom a BWC program may apply, to assess the suitability of a single contract involving either multiple DOJ components or multiple federal agencies so as to leverage the purchasing power of the federal government to ensure maximum cost savings.

As described above, the Department has been and will continue to coordinate with the law enforcement components, and any other DOJ agencies to whom a BWC program may apply, to assess the suitability of a single contract involving either multiple DOJ components or multiple federal agencies so as to leverage the purchasing power of the federal government to ensure maximum cost savings.
