FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. §§ 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records or administrative records of previous FOIPA requests.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records*- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

See below re: the latest on BWCs, which you're probably tracking. Of note: POCs [redacted] and SC Matt Feinberg are "getting questions directly from the SACs and ASACs about what exactly is happening" and are "seeing that as a sign that we need to get some comms out to the field." SC Feinberg has suggested featuring this on a Director's SVTC and following that with an all-SAC/AD email, which I think makes sense. Judging from the below, this would need to happen in the next few weeks.

Let me know what the DO's sense is on this.

Thanks

Thanks for the update, [redacted]

Re: workforce comms -- the Deputy spoke on this topic at the FBI Agents Association meeting in July, but that's all that's happened internally. I like SC Feinberg's idea of featuring this in a SVTC and then following it up with an email to all SACs/ADs that they can then use to communicate to their own workforces in turn. (But [redacted] let me know if you disagree or think we should recommend a different approach.)

Hello again!

Here's the latest plan. DOJ has continued to pressure us to do something in the field, and the Deputy agreed [redacted] b7E -4, 30

[redacted] As such, this first phase is going to be very limited.

From what I'm hearing, DOJ is moving forward with a press release on September 1, citing our implementation alongside USMS, ATF, and DEA. I'll leave it to your discretion as to whether we should issue a press release of our own to clarify how our plan is different, but DOJ and the DD would like to be able to say that we are training agents on BWCs and will have them deployed on a live operation by Sept 30.

We have also been getting questions directly from the SACs and ASACs about what exactly is happening. I'm seeing that as a sign that we need to get some comms out to the field. SC Feinberg would like to get this featured at a Director's SVTC and follow that with an all-SAC email.

I'd appreciate the help in putting all of this in motion. What would you all recommend for next steps? I'm happy to set up a call or meeting to discuss if that'd be helpful. Thanks!

Hello again!

I wanted to bring this back to your attention, as we're hearing that DOJ wants to do a press release highlighting that the 4 agencies are beginning BWC implementation. I just heard a minute ago that they are aiming for a Sept 1 release date, and DOJ OPA is going to contact each agency for a quote.

Yes! BWC = Body Worn Cameras.

Part of the problem is that no one has been owning this. I've taken on a Project Manager role that crosses over a lot of divisions. You can consider me the POC, as well as SC Matt Feinberg.

Thank you for sharing this. There are two BWC things happening at the same time. The first is the TFO BWC policy, which this PAG seems to be addressing. That has been underway for a while.

The second is the deployment of BWC for FBI Agents, which is what the DOJ press conference will be about, if and when it happens. That is the effort I'm leading alongside CID, OTD, FFD, and ITADD (to name a few!). This whole project has been rolled out and comm'd terribly, so I'm sure no one has thought to loop NPO in yet. I'm happy to do so if you'd like.

It looks like a new, or updated, PAG might be in order. Let me know!

Hi Jay - thanks for the note. Regarding the briefing, I just followed up with my DOJ JMD lead on BWCs to extend the meeting invite to Adam Braverman as well. I offered a meeting sometime next week. I will let you know when I hear back.

Thanks again

I'm adding [REDACTED] to loop her in - she just spoke to CCRSB; they say the email (which is coming from the DD's office, apparently) would actually go out from EAD Brian Turner to the all SESers and all agents distros. Mar is working to find out more. Let us know if that matches what you hear.

Thanks again!

Our action plan was as previously discussed – first the SVTC, then an SAC email. We have drafted an SAC email (presumably to be sent by the Deputy) based on a previous draft that [REDACTED] had written for us. My impression was that this would happen in the next couple of weeks. I will see if I can track down whether anything is imminent, or what the timing is going to be.

Hi [REDACTED]

I'm hearing rumblings we might have an all-employee email forthcoming from the DD on this topic (which I assume is motivated by the DOJ press release today). Do you know anything about this?

Thank you all for the input! We really appreciate your partnership with this, as it is just me and SC Feinberg carrying the torch. We will try to get on the SVTC, and will be in touch about an SAC email.

[REDACTED] please let me know if you need more context from us as you work with DOJ.

Thanks!

We won't issue a separate FBI press release.

Re: workforce comms – the Deputy spoke on this topic at the FBI Agents Association meeting in July, but that's all that's happened internally. I like SC Feinberg's idea of featuring this in a SVTC and then following it up with an email to all SACs/ADs that they can then use to communicate to their own workforces in turn. (But [REDACTED] let me know if you disagree or think we should recommend a different approach.)

[REDACTED] SC Feinberg would like to get this featured at a Director's SVTC and follow that with an all-SAC email.

I'd appreciate the help in putting all of this in motion. What would you all recommend for next steps? I'm happy to set up a call or meeting to discuss if that'd be helpful. Thanks!

I wanted to bring this back to your attention, as we're hearing that DOJ wants to do a press release highlighting that the 4 agencies are beginning BWC implementation. I just heard a minute ago that they are aiming for a Sept 1 release date, and DOJ OPA is going to contact each agency for a quote.

Yes! BWC = Body Worn Cameras.

Part of the problem is that no one has been owning this. I've taken on a Project Manager role that crosses over a lot of divisions. You can consider me the POC, as well as SC Matt Feinberg.

Thank you for sharing this. There are two BWC things happening at the same time. The first is the TFO BWC policy, which this PAG seems to be addressing. That has been underway for a while.

The second is the deployment of BWC for FBI Agents, which is what the DOJ press conference will be about, if and when it happens. That is the effort I'm leading alongside CID, OTD, FFD, and ITADD (to name a few!). This whole project has been rolled out and comm'd terribly, so I'm sure no one has thought to loop NPO in yet. I'm happy to do so if you'd like. It looks like a new, or updated, PAG might be in order. Let me know!

Good afternoon everyone,

Yesterday, the Office of Public Affairs at Main Justice reached out to us, the Marshals, regarding an inquiry from and NBC reporter. On of the lines of inquiry was related to some changes we made in our Addendum to our Task Force Memorandum of Understanding for Task Force Officer (TFO) Body Worn Camera (BWC) use. It is our understanding that she obtained information on this from a state FOIA in Florida. Our change was made at the direction of the Deputy Attorney General in conversations with our Director. It allows for the release of BWC footage predicated on providing notification to the Marshals Service but not explicitly requiring authorization. What I have pointed out to the Office of the Deputy Attorney General on several occasions is that the policy has not been changed and thus there is an existing document that supersedes our Addendum. That said, we have offered the below statement to the Department to provide to the reporter in lieu of providing direct background to her.

I recognize that this may generate inquiries to some of your Agencies as well so please feel free to call myself or Jennifer if you want to flush this out.

Thanks everyone and please be well and stay safe,
Rich

Attached is DOJ's latest proposal for expedited release language. Adam is requesting that any comments from the components be submitted to him no later than 4:00 pm today. Given the short time frame, I suggest each component submit its own comments directly to Adam with a "cc" to the rest of the group.

Thank you.
