This material is being provided to you at no charge.

Duplicate copies of the same document were not processed.

Documents were located which originated with, or contained information concerning, another government agency [OGA]. We are consulting with the other agency and are awaiting their response. The FBI will correspond with you regarding the documents when the consultation is completed.

Please refer to the enclosed FBI FOIPA Addendum for additional standard responses applicable to your request. **"Part 1"** of the Addendum includes standard responses that apply to all requests. **"Part 2"** includes additional standard responses that apply to all requests for records about yourself or any third party individuals. **"Part 3"** includes general information about FBI records that you may find useful. FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. §§ 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records or administrative records of previous FOIPA requests.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records* – created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

Call for Information on Component Planned BWC Evaluation Activities

On behalf of the Department's Evaluation Officer, the Strategic Planning and Performance Staff (SPPS) is requesting information about the evaluation and evidence-building activities that ATF, DEA, FBI, and USMS are planning during Phase 1 deployment of body-worn cameras (BWCs). SPPS will use this information to:

- identify opportunities for greater coordination among the components around evaluation and evidence building;
- identify opportunities to standardize metrics and methods across the components and thus build a stronger Department-wide evidence base regarding BWCs; and
- incorporate BWC-related evidence needs and evaluation activities into the Department's first-ever Learning Agenda and Annual Evaluation Plan, required by the Foundations for Evidence-Based Policymaking Act of 2018.

Please send one response per component for the questions below by 09/03/2021 to Russell Burnett

[redacted] and Robin Funston [redacted] If you have any questions or would like clarification on any of the items, please contact Russell Burnett or Robin Funston.

Thank you

Hi Adam.

I spoke with the head of procurement Friday, and they are working to expedite the release and bid process. I asked them to schedule a meeting with our ops team, you, and our contract counterparts at DOJ so we can talk through the strategy and get the contracting experts together on the plan.

I am on leave this week, but I will follow up with them to see if we have anything established which I simply haven't seen come through yet.

As always, Matt is here and is working every day to advance our efforts, if you would like to discuss this week.

Thanks for the update [REDACTED]

Re: workforce comms – the Deputy spoke on this topic at the FBI Agents Association meeting in July, but that's all that's happened internally. I like SC Feinberg's idea of featuring this in a SVTC and then following it up with an email to all SACs/ADs that they can then use to communicate to their own workforces in turn. (But [REDACTED] let me know if you disagree or think we should recommend a different approach.)

Good Morning,

Attached are the pre-solicitation documents for the BWC procurement. They were sent to OGC last night to begin their legal review. The competition advocate received the market research report yesterday as well. The RFP is still being worked on, but at this point OTD has completed their portion of this phase. Once the competition advocate and OGC complete their reviews there will probably be some changes we have to make to the documents. I will let you know as soon as hear anything.

As of right now, the Technical Evaluation Team will be:

Hello again,

Thank you for your help with creating this. It is very much appreciated! I just wanted to follow up and attach our implementation plan. SC Feinberg's concept is essentially to have the implementation plan in visual/graphical format. Hopefully this gives you just a tiny bit more to work from.

Good morning,

DOJ sent us a copy of the latest draft of the release which is set to publish around 10:00 a.m. this morning. Should we get inquiries because of the announcement, we will refer reporters to the press release. Anything about BWCs generally, or the evolution of the program over the past couple of years we will refer to DOJ.

Thanks!

As Adam discussed at our last meeting, the DAG intends to update the DOJ TFO BWC Policy by September 1. Per Adam, DOJ wants the TFO policy reduced to only those core points where consistency is needed among the components, with as much flexibility for each component to issues its own internal policies, SOPs, etc.

Adam and I worked on the attached draft update, and he also received input from a DOJ Attorney. Adam is requesting that we review the draft and provide any comments to him by cob Thursday. I am happy to collect the comments and consolidate them into one consensus response to Adam. Please provide me any comments by noon on Thursday, and I will get a consolidated response to Adam by COB Thursday.

Please let me know if you have any questions.

Thanks.

Adam Braverman provided this updated draft of the TFO BWC Policy for component review and comment. Adam is requesting a response from the components no later than noon on Tuesday (tomorrow, 8/31/21). Given the short time frame for response, each component should forward its own comments directly to Adam, with a cc to the other components.
