Crowd estimates are the only thing I am aware of that are sensitive because of the lawsuits.

[REDACTED] to inform the conversation about this tomorrow, please lmk if any of the partners share any of their info with us for these FBI internal sitreps under the condition we don't share it further. And if so, do they specify what aspects of the info can't be further shared, other than crowd size estimates?

Morning Jen and Matt,

[REDACTED] and I were talking this morning and hoping you can give us some direction for the sit reps. As you are both aware during the last event we were inundated with requests from both external partners and internal FBI entities asking to be included on the sit rep distro, seeing as this event is gaining alot of attention from the USIC, what is our posture for including outside WFO entities in the sit rep distro?

Also FYI on [REDACTED] - hopefully everyone is aware [REDACTED]

[REDACTED] So far we've been able to get accounts and currently working with the PMs at HQ [REDACTED]

[REDACTED] All this to say [REDACTED]

[REDACTED] but we're gonna make it work 😊

Thanks.

To: [redacted]

(U//FOUO) The following list of events is being maintained per request of WFO Executive Management. The items on this list are compiled by FBI partner agencies. FBI WFO does not have any information to suggest these events will involve anything other than first amendment protected activity and is being distributed for situational awareness. Their inclusion here is not intended to associate the protected activity with criminality or a threat to national security, or to infer that such protected activity itself violates federal law. However, based on known intelligence and/or specific, historical observations, it is possible the protected activity could invite a violent reaction towards the subject individual or others in retaliation or with the goal of stopping the protected activity from occurring in the first instance. In the event no violent reaction occurs, FBI policy and federal law dictates that no further record be made of the protected activity. The following information is current as of 29 December 2020. This is for FBI internal use only.  
Note: Apologies if the formatting is off; I am on Office365.

Relevant Intelligence:

- Per open source, Hotel Harrington will be closed 4-6 January 2021 and Harry's Pub (located at the hotel) will be closed on the 6<sup>th</sup>. (<https://www.washingtonpost.com/news/energy-environment/wp/2020/12/29/hotel-harrington-will-be-closed-for-the-jan-6-rally/>)
- Note: This hotel and pub were previously central locations where violence and clashing occurred during the 12 December rallies.

Hello,  
I saw the following in the Washington Post and was hoping you could confirm these estimates:  
?"The FBI estimates that the protesters who assemble at the Ellipse and other march sites Wednesday will total 10,000 to 20,000 — well below the 50,000 to 100,000 touted on some pro-Trump websites."  
I am on deadline, so a quick response would be greatly appreciated. Thank you!

[REDACTED] Happy New Year! I hope you've had a chance to relax a bit. While I'm attempting the relaxation, I'm hopeful more is on the horizon, come Jan 22...

Sorry for the 11th hour request for some work this evening or first thing in the morning. You'll note below that the ADIC is looking to empower the DD in a Principals' Committee meeting tomorrow afternoon related to Jan 6. Please put your team and [REDACTED] team together to answer the due-outs bulleted below NLT mid-morning tomorrow. Also, please LMK if my memory is correct [REDACTED]

I suggested to Jenn that she and I should let you and [REDACTED] collaborate directly on these due-outs; however, she hasn't yet responded to the ADIC's or my messages just yet. In light of the short deadline, I think you should feel free to go direct with her.

Thanks much--

Hey Jenn and Matt,  
Sorry to bother you both on a Saturday night. Hope you both had a nice New Years. I spoke to the Deputy this evening and told him what we had for intel and our plans regarding the 6th. He said that the acting SecDef has called for a Principals Meeting at 1 pm tomorrow. He requested that I get him any updated/additional intel prior to his afternoon meeting tomorrow.

I'm thinking additional intel would be:

[REDACTED]

b6 -1  
b7C -1  
b7E -1,2,3,5,8,13

6. anything I haven't asked for in the first 5 bullets that you think would be good to send over to him for his reference.

He also threw at me a 'suggestion' [REDACTED] He stated he was thinking [REDACTED]  
[REDACTED] Matt, let's put something together [REDACTED]

If I could have something by mid-morning so I can send over to him before his 1 pm meeting I would greatly appreciate it ??

Thanks,

Good afternoon,

The following information is sent on behalf of FBI Assistant Director George P. Beach in advance of a SITREP expected later this evening:

On January 6, 2021 Washington, DC became the scene of a number of individual protest gatherings. United States Park Police reported a total of four permitted First Amendment events attracting an unknown number of participants.

At approximately 11:30 AM a large number of persons gathered in the Ellipse area and listened to a speech by POTUS.

At the conclusion of the speech, a huge number of persons moved on foot down Constitution and Pennsylvania Avenues to the area of the United States Capitol.

At approximately 2:30 PM a large group of protestors moved onto the grounds of the Capitol, some of whom eventually breached several doors and windows and gained entry to, and throughout, the building. Several hundred protestors remain in the Capitol.

Members of Congress and Staff have been removed to positions of safety.

At the present time, a coordinated police response consisting of members of the United States Capitol Police, United States Park Police, Metropolitan DC Police, Metro North Police, HSI, Federal Protective Service, US Marshals Service, FBI, and Virginia State Troopers are beginning to clear the Capitol.

The DC National Guard was earlier deployed in a limited capacity to assist with traffic control, and a request was made by the city to deploy National Guard Members to the United States Capitol.

Open source reporting indicates a woman was shot and seriously injured in the downtown area prior to the action at the Capitol.

*(U//FOUO) The following list of is being maintained per request of WFO Executive Management. The items on this list are compiled by FBI partner agencies. FBI WFO does not have any information to suggest these events will involve anything other than first amendment protected activity and is being distributed for situational awareness. Their inclusion here is not intended to associate the protected activity with criminality or a threat to national security, or to infer that such protected activity itself violates federal law. However, based on known intelligence and/or specific, historical observations, it is possible the protected activity could invite a violent reaction towards the subject individual or others in retaliation or with the goal of stopping the protected activity from occurring in the first instance. In the event no violent reaction occurs, FBI policy and federal law dictates that no further record be made of the protected activity.*
