Hello,

I saw the following in the Washington Post and was hoping you could confirm these estimates:

"The FBI estimates that the protesters who assemble at the Ellipse and other march sites Wednesday will total 10,000 to 20,000 — well below the 50,000 to 100,000 touted on some pro-Trump websites."

I am on deadline, so a quick response would be greatly appreciated. Thank you!

Since you are acting for [REDACTED] I was just informed that Intel would like us to request this. Can you help me with the information we need to provide to activate the request?

Make sure the case agent and public affairs officer is aware and approves • Get approval from your chain of command (e.g., SAC) • Email [REDACTED] and [REDACTED] NTOC will also ask if you need a menu prompt established at 1-800-CALL-FBI for your case [REDACTED]

It sounds like we also need the case number.

Good afternoon,

The Metropolitan Police Department's Joint Operations Command Center (JOCC) will be operational for two (2) upcoming events:

1. Thursday, December 31, 2020 at 1800 hours for New Year's Eve activities throughout the District. It will remain activated until all events clear.
2. Wednesday, January 6, 2021 at 0700 hours for First Amendment demonstrations throughout the District. It will remain activated until all events clear.

b6 -1,5,6
b7C -1,5,6
b7E -3,5,8,13

If you would like to have a representative for either (or both) of these JOCC activations, please reply directly to me providing the name and contact information for the representative, as well as the hours we should expect the representative to be in the JOCC. I will try my best to ensure that he or she has seating during the event. Please keep in mind that we are extremely limited in spacing due to the current health pandemic and the need to practice social distancing. Therefore, we are only allowing for one representative from an agency in the JOCC at a time. If you are no longer the point of contact for your agency, please reply and let me know who the point of contact should be.

[REDACTED] Unfortunately, we cannot provide garage parking during this event. [REDACTED]
[REDACTED] however, there are designated areas that you can park in the street or in public parking facilities nearby. [REDACTED]
[REDACTED]

Health/temperature screenings will be required upon entry into the JOCC. Additionally, face masks are required while inside of MPD facilities. While MPD will have some spare personal protective equipment (PPE) and cleaning materials on site, it is highly recommended that representatives bring their own.

There will not be meals provided during the activation, so please ensure you bring all the personal food and beverage you require for your tour of duty. There are some vending machines in the building as well. Unfortunately, there will be no available refrigerators, so if needed please bring a small cooler if needed. There are some local restaurants that deliver to [REDACTED] as well.

There is wireless connectivity in the JOCC and it is an UNCLASSIFIED//~~FOUO~~ operating environment, so laptops, cell phones, and agency radios are authorized. If you do not have a laptop with a wireless connection, there are a limited number of DC government computers at some of the work stations that we can facilitate access through. Please let us know if this is the case ahead of time.

As always, thank you for your continued support.

Respectfully,

Bosses,

For your awareness, we are beginning to receive inquiries about the tweet by the USA Today reporter below and whether Proud Boys leader Enrique Tarrio has been arrested. We have reached out to MPD's PIO and plan to refer inquiries to MPD.

"#BREAKING I was just interviewing Proud Boys chairman Enrique Tarrio by phone. While we were on the call, sirens started blaring in the background. He told his driver to pull over. Said 'They're for me,' then 'Here's something to write about.' He 'may have been arrested.'"

Good Morning All,

I'm sure most of you are aware of this by now but it looks like we are going to have another big First Amendment demo on January 6th similar to the November 14th and December 12th event. This popped up over the weekend after being promoted by POTUS early Saturday morning on Twitter. Assembly/parade permit applications have already been submitted to MPD and USCP by the same organizer as the November and December events.

Morning Jen and Matt,
[REDACTED] and I were talking this morning and hoping you can give us some direction for the sit reps. As you are both aware during the last event we were inundated with requests from both external partners and internal FBI entities asking to be included on the sit rep distro, seeing as this event is gaining alot of attention from the USC, what is our posture for including outside WFO entities in the sit rep distro?
Also FYI or [REDACTED] hopefully everyone is aware that [REDACTED] So far we've been able to get accounts and currently working with the PMs at HC [REDACTED] All this to say [REDACTED] but we're gonna make it work ??

Subject: FBI WFO Update for January 6th Events
(U//~~FOUO~~) The following list of events is being maintained per request of WFO Executive Management. The items on this list are compiled by FBI partner agencies. FBI WFO does not have any information to suggest these events will involve anything other than first amendment protected activity and is being distributed for situational awareness. Their inclusion here is not intended to associate the protected activity with criminality or a threat to national security, or to infer that such protected activity itself violates federal law. However, based on known intelligence and/or specific, historical observations, it is possible the protected activity could invite a violent reaction towards the subject individual or others in retaliation or with the goal of stopping the protected activity from occurring in the first instance. In the event no violent reaction occurs, FBI policy and federal law dictates that no further record be made of the protected activity.

Below are some highlights regarding the 6 January events. As with the events previously [redacted] sit reps will be produced every 2 hours and we'll have [redacted]

> Overall Highlights:

> There is anticipation for large numbers at the 6th January event, especially as POTUS has discussed and promoted it.

> POTUS is expected to arrive in DC on 1 January and then a trip to Atlanta on 4 Jan; it does not appear at this time that he or the family was invited to these events or will attend.

> Anticipated WMATA stations to see increase in ridership are Metro Center, Gallery Place, and Union Station; this is based on similar events from 12 December.

We have a collection emphasis message (CEM) going out next week for Inauguration. I'll have the collection team prepare something for the 6th. This would canvass all intel components in the field for the information.

Good morning Bosses,
Just wanted to give you a heads up that we and HQ OPA have received several inquiries about whether the FBI has information about planned violence at the January 6 protest, or ahead of next week's electoral college certification by Congress. We and HQ have so far declined to comment, but I wanted to put it on your radars [REDACTED] when media inquiries will likely increase.
So far, we have received inquiries from national CBS and ABC News, and from The Washington Post.
Thanks and Happy New Year!

Good afternoon,

We received an inquiry from CBS National about Wednesday's events. We provided the below approved statement and will follow up with the outlets who asked last week and provide the same.

"The FBI's Washington Field Office respects the rights of individuals to peacefully exercise their First Amendment rights. We are committed to working closely with our local, state, and federal law enforcement partners to apprehend individuals who commit violence and criminal activity that constitutes a federal crime or poses a threat to national security. The FBI does not initiate investigations based solely on an individual's race, ethnicity, national origin, religion, or the exercise of First Amendment rights. We remind members of public to be aware of their surroundings and to report any suspicious activity to law enforcement."

Good afternoon,

The Metropolitan Police Department's Joint Operations Command Center (JOCC) will be operational for two (2) upcoming events:

1. Thursday, December 31, 2020 at 1800 hours for New Year's Eve activities throughout the District. It will remain activated until all events clear.
2. Wednesday, January 6, 2021 at 0700 hours for First Amendment demonstrations throughout the District. It will remain activated until all events clear.

b6 -1,5,6
b7C -1,5,6
b7E -8,13

If you would like to have a representative for either (or both) of these JOCC activations, please reply directly to me providing the name and contact information for the representative, as well as the hours we should expect the representative to be in the JOCC. I will try my best to ensure that he or she has seating during the event. Please keep in mind that we are extremely limited in spacing due to the current health pandemic and the need to practice social distancing. Therefore, we are only allowing for one representative from an agency in the JOCC at a time. If you are no longer the point of contact for your agency, please reply and let me know who the point of contact should be.

[REDACTED] Unfortunately, we cannot provide garage parking during this event [REDACTED]
[REDACTED] however, there are designated areas that you can park in the street or in public parking facilities nearby. [REDACTED]

Health/temperature screenings will be required upon entry into the JOCC. Additionally, face masks are required while inside of MPD facilities. While MPD will have some spare personal protective equipment (PPE) and cleaning materials on site, it is highly recommended that representatives bring their own.
There will not be meals provided during the activation, so please ensure you bring all the personal food and beverage you require for your tour of duty. There are some vending machines in the building as well. Unfortunately, there will be no available refrigerators, so if needed please bring a small cooler if needed. There are some local restaurants that deliver to [REDACTED] as well.
There is wireless connectivity in the JOCC and it is an UNCLASSIFIED//FOUO/LES operating environment, so laptops, cell phones, and agency radios are authorized. If you do not have a laptop with a wireless connection, there are a limited number of DC government computers at some of the work stations that we can facilitate access through. Please let us know if this is the case ahead of time.

As always, thank you for your continued support.

Respectfully,

Cell [REDACTED]

Thanks [REDACTED] per my call this evening with SIOC SC Jeff Downey. ASC [REDACTED] should welcome your call sometime tomorrow to coordinate the overflow of receive-only partners to SIOC and to coordinate a comms check for the live broadcast of the routine verbal satreps emanating from WFO.

As we discussed earlier, and as of the time of this writing, WFO's written SITREPs are still intended to be [REDACTED] internal only (hence, the reason for the live connection to SIOC and the [REDACTED] for the verbal updates).

Happy New Year! I hope you've had a chance to relax a bit. While I'm interrupting the relaxation, I'm hopeful more is on the horizon, come Jan 22...

Sorry for the 11th hour request for some work this evening or first thing in the morning. You'll note below that the ADIC is looking to empower the DD in a Principals' Committee meeting tomorrow afternoon related to Jan 6. Please put your team and [REDACTED] team together to answer the due-outs bulleted below NLT mid-morning tomorrow. Also, please LMK if my memory is correct [REDACTED]

I suggested to Jenn that she and I should let you and [REDACTED] collaborate directly on these due-outs; however, she hasn't yet responded to the ADIC's or my messages just yet. In light of the short deadline, I think you should feel free to go direct with her.

If you mean [REDACTED] the ADIC wanted to keep [REDACTED] hence, the reason I asked [REDACTED] to address it only to HQC says.

The other SACs pushed it to their affected folks via ASACs or SSAs.

Or did you mean the street closures? That aspect specifically could go to all WFO via [REDACTED]

Thanks

There is a local warrant for him due to destruction of a black lives matter poster. We were hoping the locals would simply issue him a citation without the arrest.

All,

I wanted to provide all with a few updates USPP has received this afternoon.

-The PIC has verbally relinquished Freedom Plaza and the area of Sylvan Theater for Jan 6. They are still discussing whether they want to relinquish the Mall, but are hesitant to do so as they want to start setting up their event on January 7th for Inauguration. The PIC will have further conversations and get back to NPS regarding the Mall. Also, NPS does require that the PIC put all of this in writing, which they have not done yet. Until it is in writing, it is not technically relinquished.

-NPS has a meeting with [REDACTED] at 0900 tomorrow regarding the use of Sylvan Theater for her permit. Hopefully we will have a better understanding of her plans.

-Women for America First [REDACTED] filed another application this afternoon for Jan 6th thru NPS. The application is for 5,000 people on the Ellipse. I have attached that application. As the application was just received no meeting has been scheduled yet. So, as of now, NPS is tracking possible groups at Freedom Plaza, the Washington Monument Grounds, the Ellipse, the National Mall, John Marshall Park, and Columbus Circle.

Quick question for USSS for the good of the all. With the possibility of a large group being on the Ellipse, will USSS be

Subject: OPE DC Update

Good afternoon,

The following information is sent on behalf of FBI Assistant Director George P. Beach in advance of a SITREP expected later this evening:

On January 6, 2021 Washington, DC became the scene of a number of individual protest gatherings. United States Park Police reported a total of four permitted First Amendment events attracting an unknown number of participants.

At approximately 11:30 AM a large number of persons gathered in the Ellipse area and listened to a speech by POTUS.

At the conclusion of the speech, a huge number of persons moved on foot down Constitution and Pennsylvania Avenues to the area of the United States Capitol.

At approximately 2:30 PM a large group of protestors moved onto the grounds of the Capitol, some of whom eventually breached several doors and windows and gained entry to, and throughout, the building. Several hundred protestors remain in the Capitol.

Members of Congress and Staff have been removed to positions of safety.

At the present time, a coordinated police response consisting of members of the United States Capitol Police, United States Park Police, Metropolitan DC Police, Metro North Police, HSI, Federal Protective Service, US Marshals Service, FBI, and Virginia State Troopers are beginning to clear the Capitol.

The DC National Guard was earlier deployed in a limited capacity to assist with traffic control, and a request was made by the city to deploy National Guard Members to the United States Capitol.

Open source reporting indicates a woman was shot and seriously injured in the downtown area prior to the action at the Capitol.

Thus far we know of three reports of potential IED devices in the downtown area - [REDACTED]
[REDACTED] All have been rendered safe or disrupted by FBI SABT and Metro PD Bomb technicians.

As you know from public media reporting, during the counting of electoral votes in the Senate chamber today, individuals broke into the Capitol, causing a halt to the proceedings. E.g., <https://www.nytimes.com/live/2021/01/06/us/electoral-vote/facebook-bans-a-page-used-to-coordinate-pro-trump-protests-after-calls-for-violence>. Individuals penetrated the Capitol, including reaching the Senate chamber, entering and occupying the office of the House speaker, and destroying property in the Capitol. In the course of the siege on the Capitol, there was apparently shooting in the building by a law enforcement officer; there also apparently have been assaults on members of the media. This is obviously a rapidly evolving
