REASON FOR VOTING

On the question of the passage of H. 1049 Messrs. NICHOLSON and MAY asked that the following reason for their votes be printed in the Journal:

I believe that the terms of all officials should be limited wisely by the electorate, but I am afraid of a constitutional bar to the service of a President after two terms under any circumstances. This position is not taken with any feeling of enthusiasm for the present executive and, objectively, without regard to personality. It strikes me that this country might be in difficulty if denied, because of a constitutional bar, the service of an executive as peculiarly fitted, for instance, as the Honorable Winston Churchill, was to direct the government of Great Britain during World War II.
