Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material. Our request includes without limitation all correspondence, letters, emails, text messages, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions. Our request also includes any attachments to emails and other records, as well as those who were cc'ed or bcc'ed on any emails.

If it is your position any portion of the requested records is exempt from disclosure, please cite each specific exemption you feel justifies the refusal to release the information and notify CREW of the appeal procedures available under the law. CREW requests that you state in writing and with particularity the reasons for any conclusion that a record is exempt or confidential. If some portions of the requested records are properly exempt from disclosure, please redact those portions and produce the remainder of the requested records, as required by N.R.S. § 239.010(3).

Fee Waiver Request

Pursuant to N.R.S. § 239.052(2), CREW requests a waiver of fees associated with this request for records, except for the items enumerated in the policy, to the extent applicable to this request. Please consult with CREW on any fees the agency expects it may assess.

Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding by the general public of the views of policymakers and of operations and activities of the government. The public has a significant interest in the administration and certification of elections in Nevada, including the activities of those tasked with overseeing elections who may be involved in efforts to undermine public confidence in elections in Nevada. The requested records would contribute to public understanding of operations of the government, including whether Nevada public officials have communicated with external entities and individuals engaged in efforts to cast doubt on election results. Furthermore, the request is primarily and fundamentally for non-commercial purposes.

CREW is a non-profit corporation, organized under section 501(c)(3) of the Internal Revenue Code. CREW is committed to protecting the public's right to be aware of the

activities of government officials, to ensuring the integrity of those officials, and to highlighting and working to reduce the influence of money on politics, and the public's understanding of the government's activities would be enhanced through CREW's analysis and publication of these records. CREW uses a combination of research, litigation, and advocacy to advance its mission. CREW intends to analyze the information responsive to this request and to share its analysis with the public through reports, press releases, or other means. In addition, CREW will disseminate any documents it acquires from this request to the public through its website, www.citizensforethics.org. The release of information obtained through this request is not in CREW's financial interest.

CREW routinely disseminates information obtained through records requests to the public in several ways. For example, CREW's website receives hundreds of thousands of page views every month. The website includes blogposts that report on and analyze newsworthy developments regarding government ethics, corruption, and money in politics, as well as numerous reports CREW has published to educate the public about these issues. These reports frequently rely on government records obtained through records requests. CREW also posts the documents it obtains through records requests on its website.
