Thanks for setting these up. Let's do a video call.

And apologies, unfortunately have an unexpected 2 pm conflict. We can postpone the 2 pm FEMA meeting or I could have somebody else on the landing team attend and take notes...up to you.

Still good for 1 and 130 meetings, thanks again!

Hi Steve,

Thanks for the conversation today. As per your request for a follow-up discussion to talk project opportunities at agencies- we can pull together a meeting with USDS technical leads/experts at IRS, SSA, and FEMA on Thursday. Our engagement with GSA is limited in scope to the Technology Modernization Fund, so would recommend connecting with that team separately. VA is best to schedule next week. Let us know if that works?

Steve,

Welcome to OMB. I lead the OMB ethics team within the Office of the General Counsel. I look forward to meeting you in person early next week.

In the meantime, I would like to conduct a very brief ethics pre-clearance discussion. During that preliminary discussion I'll ask about your financial interests so that we can highlight for you any recusal obligations or other ethics items that you should know before you begin your service with OMB.

If you have a few minutes, I'd like to find time for a quick call. Please let me know what works with your schedule.
