[Report Suspicious](#)

Hello,

I recently asked Rebekah Hibbs, DPS Drivers License Division - HQ Operations Director, if DPS provides to the SoS copies of proof of citizenship that are presented to them when one registers to vote with DPS. She replied that not only do they not, but copies "...are protected by the Transportation Code, Chapter 730 and only released for investigation, subpoena or to the individual."

[Transportation Code Sec. 730.005\(9\) reads:](#)

REQUIRED DISCLOSURE. Personal information obtained by an agency in connection with a motor vehicle record shall be disclosed for use in connection with any matter of:
(9) voter registration or the administration of elections by the secretary of state.

Does this subsection allow DPS to share copies of citizenship proof with county registrars? Or only the Secretary of State?

Thanks.

Best,

Chris Davis

Yes, we retain a copy of the documents, but these are protected by the Transportation Code, Chapter 730 and only released for investigation, subpoena or to the individual. Thanks!

Thanks for that clarification, Rebekah.

One last question: does DPS record (or even save a copy of) the type of citizenship proof provided by the applicant during the registration process at DPS?

Chris,

We do not provide any documents to SOS for citizenship or lawful presence as it can change, and we only have the status as of the date of the person's transaction with us. However, I understand SOS has implemented a process for verifying citizenship and lawful presence, so they will be able to advise next steps for their process. Thanks for understanding.

Thanks for your reply, Rebekah. I understand what you wrote.

Do you provide the form of citizenship proof presented (by voters who register at DPS) to the SoS?

Mr. Davis,

I was out Friday and just got your voicemail and email. The Department does not verify citizenship for county registrars. I've included Lillian Eder at SOS, so she can provide you with the procedure to follow for this type of scenario. Thank you for contacting us and I know that Lillian will provide the assistance you need.

Hi, Rebekah,

I left you a voicemail a minute ago and wanted to follow up via email.

Recently, the Secretary of State's Elections Division sent our office a list of registered voters that were potential non-citizen matches in their USCIS SAVE database comparison effort. A subset of these records show as having registered to vote at DPS at some point, as indicated by a source code of 64 – DEPARTMENT OF PUBLIC SAFETY.

Is there a way that our office could provide your office with identifying information (DL#, VUID, NAME and DoB, etc.) on these voters and have some kind of independent confirmation (outside of their existing DPS registration application) that each voter did indeed provide proof of citizenship when they registered to vote (and even the form of that proof, if possible)?

We're just trying to research each case of registration to the best of our ability before sending out notices and are hoping your agency could provide information to aid that effort.

Please don't hesitate to call me at the number below, if that's easier. Thanks in advance for any help you & your office could provide.

Best,

Chris Davis
