

Dear sir or madam,

I submit the following data request pursuant to Section 28 (1) of Act CXII of 2011 on the Right to Informational Self-Determination and Freedom of Information (hereinafter referred to as the Information Act).

I am contacting you on behalf of Citizens for Responsibility and Ethics in Washington (CREW), a United States based civil society organization committed to building an ethical, transparent, and accountable government. CREW uses cutting-edge research, groundbreaking litigation, and innovative policy proposals to advance our mission. As part of this effort, CREW frequently files freedom of information act requests in the United States and uses that information to inform our litigation and produce in-depth research analyses, all of which can be found on our website (www.citizensforethics.org).

Specifically, CREW requests:

1. Any and all documents, payments, planning materials, communications or other materials related to the development of a Trump property in Budapest or any reference including but not limited to the following companies;
 - a. The Trump Organization,
 - b. DT Marks Budapest LLC,
 - c. DT Marks Budapest Member Corp.
2. Any and all materials related to or referencing Jared Kushner and the development of the "Grand Budapest" project

According to Section 30 (2) of the Information Act, I request that you send me the copies and other requested data electronically to the sender's e-mail address. If the requested data cannot be sent by e-mail for any reason, I request that you upload them to the website kimittud.atlatszo.hu. Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material.

If the data controller for the contents of this request is not the Ministry of Transportation and Investment, I request the appropriate data controller to be identified. Our request includes without limitation all correspondence, letters, emails, text messages, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions. Our request also includes any attachments to emails and other records, and anyone who was cc'ed or bcc'ed on any emails.

Pursuant to Section 29 (3) and (5) of the Information Act, compensation for the fulfillment of my data request may only be determined if the fulfillment of the data request involves a disproportionate use of the workforce resources necessary for the performance

of the basic activities of the body performing public tasks. In such a case, the data controller is entitled to determine the cost of the workforce expenditure related to the fulfillment of the data request as compensation. Please inform me in advance electronically if you would determine compensation for the requested copies of documents. In this case, I ask that you attach a list of documents to the information, indicating the page number for each document, the amount of the workforce expenditure related to the fulfillment of the data request and its hourly rate.

Please, if you consider only part of the requested data to be accessible, send it to me together with the partial refusal of the data request, pursuant to Section 30 (1) of the Privacy Act. Please note that, according to the position of the National Authority for Data Protection and Freedom of Information NAIH/2015/4710/2/V., this data request cannot be refused under Section 29 (1b) of the Privacy Act, as it contains the name and contact details of the data requester. According to the NAIH position, the data controller cannot request the provision of any further data, nor is it entitled to verify the identity.
