Re: Freedom of Information Law Request

To Whom It May Concern:

Citizens for Responsibility and Ethics in Washington (“CREW”) makes this request for records, regardless of format, medium, or physical characteristics, pursuant to the New York Freedom of Information Law, N.Y. Pub. Off. Law § 84, *et seq.*

CREW seeks records related to the Office of the Attorney General’s 2016 inquiry into the Donald J. Trump Foundation (“Trump Foundation”). Specifically, CREW requests records disclosed to news organizations on or about September 13, 2016 regarding the inquiry. Many of those documents were publicly disclosed in the Twitter feeds of *Washington Post* and NBC News reporters, and were widely described in news reports.<sup>1</sup>

Several news reports further noted that the documents were made available as a result of public records requests by news organizations.<sup>2</sup> CREW only seeks documents that have already been disclosed to the news organizations, and thus this request should not require any further searching or processing.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$20.00. However, CREW also requests a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public’s understanding of the Office of Attorney General’s investigation of the Trump Foundation and of the foundation’s conduct. This information is not being sought for commercial purposes.

The New York Freedom of Information Law requires a response time of five business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records. Please send the requested records to me at [arappaport@citizensforethics.org](mailto:arappaport@citizensforethics.org).
