Hi Fletcher,

Just wanted to reach out and give you an update on the press situation for the Assistant Secretary's visit with Rep. Grothman.

Our office will be putting out a press release and posting to social media following the visit. Staff from our district office will be in attendance and will photograph the Assistant Secretary with Rep. Grothman during their visits to the work centers. Those photos will be used for the Congressman's social media.

As for a media presence, one of the work centers, RCS Empowers, asked if local media could be in attendance. Please feel free to let me know if that's acceptable or not and I can pass along the message. Let me know if you have any further questions or concerns!

Thanks,

Patrick Konrath

I would prefer Kim be on the call if possible. I don't think it's urgent that this occur any more immediately than we can get schedules to align.

I just scheduled this, and then realized that maybe you wanted Kim on the call. If that is the case, this call will have to be scheduled for much later, as your schedule and Kim's do not line up much anymore. Please let me know.
