**Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A) and DHS regulations, CREW requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures likely will contribute to a better understanding of relevant government procedures by CREW and the general public in a significant way. See 5 U.S.C. § 552(a)(4)(A)(iii). Moreover, the request primarily and fundamentally is for non-commercial purposes. See, e.g., *McClellan Ecological v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987).

In April 2018, the Trump Administration announced a new “Zero Tolerance” immigration enforcement policy, requiring that all improper entry offenses be referred for criminal prosecution to the extent possible. As the DHS Office of Inspector General (“OIG”) has noted, this policy “fundamentally changed DHS’ approach to immigration enforcement.”¹ Specifically, “[b]ecause minor children cannot be held in criminal custody with an adult, alien adults who entered the United States illegally would have to be separated from any accompanying minor children when the adults were referred for criminal prosecution.”² The children were then held in “DHS custody until they could be transferred to the [HHS] Office of Refugee Resettlement.”³

The fallout from the Zero Tolerance Policy was catastrophic, resulting in thousands of children being ripped from their parents. Following massive public outcry, President Trump halted the family separations by Executive Order issued June 20, 2018. On June 26, 2018, a federal court ordered the Government to reunify separated children and parents within 30 days—an order it has still not fulfilled.

On September 27, 2018, the DHS OIG issued a report titled *Special Review – Initial Observations Regarding Family Separation Issues Under the Zero Tolerance Policy*. The OIG found that “DHS was not fully prepared to implement the Administration’s Zero Tolerance Policy or to deal with some of its after-effects,” and that “DHS . . . struggled to identify, track, and reunify families separated under Zero Tolerance due to limitations with its information technology system.”⁴ The OIG further noted that contrary to DHS’s public statements in June 2018 that it had a “central database” with location information for separated parents and

minors, “OIG found no evidence that such a database exists.” The OIG also observed problems with DHS’s record management practices, noting that the agency took “many weeks” to provide OIG with data relating to alien family separations and unification, that the data DHS eventually supplied did not appear to be maintained “in a readily accessible format,” and that the data was “incomplete and inconsistent, raising questions about its reliability.”

Concerns have also been raised about DHS’s possible destruction of records that could have been used to reunite hundreds of families. Such conduct would plainly violate the Federal Records Act, if not other laws.

The requested records will shed light on serious deficiencies in DHS’s record management policies and practices—deficiencies which have had catastrophic consequences in connection with the agency’s implementation of the Zero Tolerance policy. As indicated by the widespread media coverage it has received, these are issues of intense public interest.

CREW is a non-profit corporation, organized under section 501(c)(3) of the Internal Revenue Code. CREW is committed to protecting the public’s right to be aware of the activities of government officials, to ensuring the integrity of those officials, and to highlighting and working to reduce the influence of money on politics. CREW uses a combination of research, litigation, and advocacy to advance its mission. CREW intends to analyze the information responsive to this request and to share its analysis with the public through reports, press releases, or other means. In addition, CREW will disseminate any documents it acquires from this request to the public through its website, www.citizensforethics.org. The release of information obtained through this request is not in CREW’s financial interest.

CREW further requests that it not be charged search or review fees for this request pursuant to 5 U.S.C. § 552(a)(4)(A)(ii)(II) because CREW qualifies as a member of the news media. See Nat’l Sec. Archive v. U.S. Dep’t of Defense, 880 F.2d 1381, 1386 (D.C. Cir. 1989) (holding non-profit a “representative of the news media” and broadly interpreting the term to include “any person or organization which regularly publishes or disseminates information to the public”).

CREW routinely and systematically disseminates information to the public in several ways. CREW’s website receives tens of thousands of page views every month. The website

includes a blog that reports on and analyzes newsworthy developments regarding government ethics, corruption, and money in politics, as well as numerous reports CREW has published to educate the public about these issues. In addition, CREW posts the documents it receives under the FOIA on its website, and that site has been visited hundreds of thousands of times.

Under these circumstances, CREW satisfies fully the criteria for a fee waiver.
