Specifically, CREW requests:

All communications from May 25, 2020 to the present concerning the City of Portland’s response to public gatherings and protests related to the death of George Floyd, the Black Lives Matter movement, or the killing of black individuals by police officers. This request includes without limitation the following records as they relate to the City of Portland’s protest response efforts:

1. All communications that describe policy, tactics, procedures, and equipment to be used by law enforcement officers.
2. All records of disciplining law enforcement officers for misconduct.
3. All records related to the total budget and cost for law enforcement officer response, including the cost of riot gear.
4. All communications related to the consideration of deploying the national guard.
5. All records of consideration or implementation of new policies for procedures when responding to incidents and arrests of civilians and when engaging with public gatherings and protests.

Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material. Our request includes without limitation all correspondence, letters, emails, text messages, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions. Our request also includes any attachments to emails and other records, as well as those who were cc'ed or bcc'ed on any emails.

If it is your position any portion of the requested records is exempt from disclosure, please cite each specific exemption you feel justifies the refusal to release the information and notify CREW of the appeal procedures available under the law. CREW requests that you state in writing and with particularity the reasons for any conclusion that a record is exempt or confidential. If some portions of the requested records are properly exempt from disclosure, you are required to redact those portions and produce the remainder of the requested records.

The murder of George Floyd on May 25, 2020 by a Minnesota police officer sparked nationwide protests that have been met with heavy-handed law enforcement responses against peaceful protestors. Multiple reports have surfaced of excessive violence and civil rights violations in Portland specifically. Unwarranted detainments and arrests¹ as well as impact rounds and noxious gases² have reportedly been deployed by local and federal law enforcement against peaceful protestors. These uses of force resulted in multiple injuries and hospitalizations.³ The requested records would provide a clearer picture of the internal and external instruction and communication the City of Portland provided in how to respond to protestors, and, specifically, if violent tactics were encouraged or authorized.

CREW is a non-profit corporation, organized under section 501(c)(3) of the Internal Revenue Code. CREW is committed to protecting the public's right to be aware of the activities of government officials, to ensuring the integrity of those officials, and to highlighting and reducing the influence of money on politics. CREW intends to analyze the information responsive to this request and to share its analysis with the public. The release of information obtained through this request is not in CREW's financial interest.

If there are any fees for searching or copying these records, please inform CREW if the cost will exceed \$100. However, CREW also requests a waiver of all fees because the disclosure of the requested information is in the public interest. The public is entitled to information concerning the City of Portland's response to public gatherings and protests related to the Black Lives Matter movement and surrounding the death of black individuals by police officers.
